WORK OF THE WOMEN'S CLUBS

Woman Suffrage Considered by New York State Federation.

JEWISH WOMEN IN CONVENTION

National Council in Session This Week at Jamestown—Local Business Women's Club Meets and Adopts Constitution.

For the first time in its history the New York State Federation of Women's Clubs held a hearing on woman suffrage at its annual convention last week and the discussion proved one of the most profitable as well as the most spirited that has engaged the convention in many a year.

Jewish Women in Council

The National Council of Jewish Women held its annual convention at Jamestown in one of the important women's meetings of the autumn. The council in various cities, and especially in New York, have been especially active in the interest and protection of immigrant girls and women and have done much to curb the white slave traffic in many of the larger cities.

Methodist Women Raise Money

Mrs. Frances C. Baker of Omaha was a delegate to the annual convention of the Methodist Women's Foreign Missionary society held at Springfield recently, the same body that met in Omaha last year.

TO PRETENDERS A Wholesome Word for Guidance.

Just a word to you "Collars" and other glazing exemplars of Modern Yellow Journalism and Cigarettes.

Environment gives you a view-point from which it is difficult to understand that some people even nowadays act from motives of old fashioned honesty.

There are honest makers of food and healthful eaters and there are honest people who use them.

Perhaps you are trained to believe there is no honesty in this world. There is, although you may not be of a kind to understand it.

Some of you pretend to be trained in a sorry class of pretenses, but your training does not faint the old fashioned precepts, trained without knowledge of pretense and deceit.

These letters came to us absolutely without solicitation. We have a great many thousand from people who have been helped or entirely healed by following the suggestions of the food or drink which may be causing the physical complaints and change to Postum Coffee or Grape-Nuts food.

You are not intelligent enough to know the technical reasons why the change makes a change in the cells of the body. From knowledge, or lack of knowledge, makes not the slightest difference in the facts.

You can print from old and worn plates all the cheap books your presses will produce and sell them as best you can, but such acts and your "learned" editorials are but commercial trick only "dollars" and much by pretense.

When you branch out into food values you become only ridiculous.

Stick to what you know. The field may be small but it is safe.

This first letter is from the President of the "Christian Nation", a worthy Christian paper New York.

Postum Cereal Co., Ltd., Battle Creek, Mich.

Dear Sirs: I am, this morning, in receipt of the enclosed mighty good letter from one of my subscribers. It is forward to you, and which I am sure you will be glad to use. I am personally acquainted with this lady, and know that she has no object in writing other than to do good.

Cordially, John W. Pritchard, Pres. Brooklyn, N. Y., Oct. 1, 1907.

Nothing Postum Food Coffee advertised each week in your reliable paper, I concluded to try it, and feeling it a duty towards those who may have suffered as I have from indigestion, desire to state what wonderful benefit I have received from Postum although using only a short time, and not so. I alone realize and appreciate its good effects, but friends remark, "How much I have improved and how well I look," and I tell the facts about Postum every time, for since using it I have not had one attack of indigestion. It is invigorating, healthy, does not affect the nerves and ordinary coffee, and if properly made, a most delicious drink. Although I have not had much faith in general advertising, yet finding Postum has done so much better for me than I expected I am more inclined to "prove all things, hold fast that which is good." I am so thankful for good health that I want it known what a blessing Postum has been to me. You may use these few lines as an ad, if you desire, and my name also.

Very truly yours, Anna S. Reeva. 215 Madison St., Brooklyn, N. Y.

Coffee hurt her but quit and use Postum. She didn't attempt to analyze, but she enjoyed the results. Underneath it all "There's a reason."

CHANGE IN THE ASSESSMENT

Consolidation of Burlington Lines Renders it Necessary.

SOME COUNTIES LOSE, SOME GAIN

State Railway Commission Comes to Omaha Today to Hear Petition for Increase in Switching Charges.

(From a Staff Correspondent.)

LINCOLN, Nov. 7.—(Special.)—The consolidation of the separate corporations comprising the Burlington railroad lines into one corporation owned and controlled by the Burlington railway may cause a change in the plan of assessment by the State Board of Assessment in Nebraska. In the past the sixteen separate corporations comprising the lines here have been assessed separately, some as high as \$17,500 a mile assessed valuation, some as low as \$4,000 a mile, the average assessed valuation being \$8,000 a mile. The unit system of assessment will make no difference in the total revenue derived from taxes, but many counties will gain thereby and some will lose. All counties where the valuation of Burlington lines is now less than \$8,000 a mile will gain in revenue. If the unit system is adopted the following counties will lose: Burlington and Missouri River main line, 19.5 miles, now assessed at \$17,500 a mile; Adams, Buffalo, Cass, Clay, Fillmore, Kearney, Lancaster, Lincoln, Nemaha, Phelps, Platte, Polk, Saunders, Scotts Bluff, Sherman, Thayer, York, and York.

THIRTY CHICKENS STOLEN

Plymouth Rocks Are Taken and Poultry Association Hangs Up a Reward.

Thirty Plymouth Rock chickens were stolen from R. F. Burgen's hen coop at 325 Franklin street, Wednesday night. Their heads were found lying near the hen house, where the thief had wrung their necks. This leads the police to think they were stolen for immediate consumption or cold storage purposes, rather than for breeding and raising of thoroughbred Plymouth Rocks.

This is by far the biggest haul made by chicken thieves in this city for over a year and coming so close upon the heels of the theft of a case of eggs from a local restaurant gives rise to the suspicion that there is something more than local talent at work in the egg and poultry business. Owners of such chattels are warned by the police to keep a close watch. The Omaha Poultry association offers a reward of \$50 for the capture of a chicken thief and that association promises to make a "horrible" example of any captive.

HURD HAS A FINE EXCUSE

Interurban Railway Man Says No More Work Because of Laws and Agitation.

"We do not expect to do any more construction work on our road for at least a year," said E. C. Hurd of Lincoln, manager of the Omaha, Lincoln & Beatrice interurban railroad. "Adverse railroad legislation and the agitation on railroad subjects has put a stop to all rail laying and for the last six months it has been impossible to interest investors in railroad propositions. Men with money are afraid to put it in railroad investments until the agitation dies down. We are operating our road from Lincoln to Bethany and are doing a good business. We expect eventually to reach Omaha, but will not do any more construction work for some time."

Mr. Hurd is attending the trial of the case of Peter Roth and others against the railroad. Mr. Roth owns some property in South Omaha which was condemned by the road and appealed to the district court from the finding of the appraisers in county court.

Horsethieves at Fort Calhoun.

FT. CALHOUN, Neb., Nov. 7.—(Special.)—Monday night of early Tuesday morning residents south of Calhoun and at Coffman were disturbed by unknown persons who had a strong desire for stealing. At Coffman, a small station south of here, underclothing was stolen from the clothes lines of Mr. Compton and Mr. Laughlin. At the farm of Dr. Allison one Sheldahl pony and some other horses were stolen. When the thieves first went to the Allison farm, the residents succeeded in scaring them away. After a while they returned. The residents hearing them the second time went out to drive them away again, but one of the thieves threatened his life if he did not get into the house and remain there. The thieves escaped with the horse and pony and it is not known which way they went. At Calhoun some minor articles were taken at the home of Mr. Ort. It was also reported that one of the saloons was broken into the same night.

Early in the evening Monday two negroes called at the home of Tom Hogan, section foreman at Coffman, and asked for something to eat. Mrs. Hogan, being alone, was afraid of the fellows, and she gave them what they asked for. These men are suspected of the thefts.

Interurban Prefers Bus.

FREMONT, Neb., Nov. 7.—(Special.)—Two different electrical power companies have been looking over the situation here this week in regard to an electric railroad. President G. W. Baker of the American Electric company of Des Moines was here the early part of the week looking into the feasibility of a railway connecting with adjoining towns and Omaha and extending into the country. He left yesterday afternoon. Two representatives of a Minneapolis light and power company are here today on the same errand and looked over the ground thoroughly inspecting the power canal reservoir site.

Poisoned by Sardines.

ASHLAND, Neb., Nov. 7.—(Special.)—Pituitous poisoning, the result of eating canned sardines for supper last night, came near ending the lives of Mrs. Arthur H. Clarke and her mother, Mrs. Ellen Bouten. The effects of the poison were not noticed until 9 o'clock, when Mrs. John A. Reese, who happened to be at the Clarke home, summoned medical attendance, the victims being helpless. Doctors worked until 11 o'clock in the morning with the patients and believe they are now out of danger, but will be confined to their beds yet for a few days. Mr. Clarke was in Lincoln at the time.

Burlington Brakeman Killed.

HECLA, Neb., Nov. 7.—(Special Telegram.)—N. R. May's Burlington brakeman was instantly killed here this morning by being struck by a tank spot and thrown from the train. The body was taken to Alliance, from where it will be sent to Plattsburg, Mo., for burial.

railroads in that city have applied for permission to make a change for switching cars to elevators. The hearing will be held in the Commercial club rooms.

Mrs. Sheldon Returns. Mrs. Sheldon and children returned this morning from their visit to relatives in Illinois. They accompanied Governor Sheldon when he made the trip down the Mississippi and then stopped off on the return home.

Argument on Murder Case. The case of the State against E. S. Kenison, charged with the murder of Samuel Cox at Minatare, was argued in the supreme court this morning by Hamer & Hamer for the respondent and Deputy Attorney General Grant Martin for the state. Kenison's attorneys argued that he killed Cox in self-defense and that he was convicted because of the public sentiment aroused against him by friends of the dead man in Scott's Bluff county.

Lucea to Be Married Soon. John Lucea, who was a day or two ago acquitted on a murder charge out in the west end of the state, after having been once sentenced to the penitentiary for life, is shortly to be married. A reliable report to this effect reached Lincoln this morning.

Committee to Hear Season Case. Chairman Dessel of the committee appointed by the State Normal board to investigate the charges against Prof. J. W. Searson, a teacher in the normal school at Peru, has called meeting at Auburn election of a captain in January next with having attempted to assault one of his pupils, Katharine Hudson. The trial is on at Auburn and the committee will listen to the evidence and later the normal board will meet there.

National Guard Changes. Major Dyer has been appointed small arms inspector of the national guard, to take the place of Captain Maloney, who resigned from the guard to become a state bank inspector. Major W. R. Behr has been appointed to take charge of the Thurston Rifles at Omaha, pending the election of a captain in January next.

Editors Are Congratulated. A congratulatory letter is being sent out from republican state headquarters to newspaper editors of the state for publication in their columns. In this it is announced that the republican party will remain open without interruption in view of the national campaign next year. Following is the letter:

Dear Editor—The campaign of 1907 has passed into history with a substantial victory for progressive republicans and honest government.

We are glad the state central committee have been delighted each succeeding week with the substantial, forceful and brilliant fight waged by the loyal republican press of Nebraska. In no campaign of recent years has there been so much space devoted to the support of the platform and ticket as in the last thirty days, and no other agency has done so much to help us.

We are glad the state central committee congratulate you, and extend our personal gratitude.

We desire to enter upon the national campaign of 1908, and it is our earnest desire to maintain the most cordial relations with you. We will be glad to have you and your staff in our headquarters and will be glad to have you and your staff in our headquarters and will be glad to have you and your staff in our headquarters.

Respectfully, WILLIAM HAYWARD, Chairman.

SEARSON CASE IS ON AT AUBURN

AUBURN, Neb., Nov. 7.—(Special Telegram.)—A jury was secured and some testimony taken today in the case of Prof. Searson of the State Normal school at Peru, charged with assault on Miss Hudson, one of the pupils. Miss Hudson was on the stand and testified regarding the alleged assault. Her testimony was considerably at variance with that given by her at the investigation held some time ago at Lincoln by the State Normal board. Miss Shepperd also testified, but she brought out nothing material.

Union Pacific Resumes Work.

NORTH PLATTE, Neb., Nov. 7.—(Special.)—The Union Pacific railroad a few days ago withdrew all the men from work on the ice lake being constructed east of this city and also from the construction of the extension of the tracks in the west end of this city. These orders have been rescinded and now the railroad is securing all the teams and men possible to do excavation work on the ice lake, and this work is being crowded as fast as possible and new teams and men are being employed as fast as they can be secured to work on this lake. It is intended to have it completed, so that water can be turned into it this winter, that the ice may be secured from it for filling the large ice houses located here on the Union Pacific.

A large number of men are also kept at work on the extension of tracks in this city, which will, no doubt, be soon completed, and when this track is completed this force of men will be sent up the North River branch of the Union Pacific to complete that road as far as Oshkosh. All the track is laid within several miles of that city and it is understood that the Union Pacific will put in a regular train service when that place is reached.

Starving on Peanut Diet.

FREMONT, Neb., Nov. 7.—(Special.)—Archie Venuto, an Italian who has been rooming at the Baltimore for the past month, was taken into custody by the sheriff yesterday as an insane person. For three weeks Venuto has been living on a diet of peanuts which has reduced him to a very weak physical condition. Nothing is known about the man. He said he was living on peanuts because he was out of work and almost out of money. Another insane case will come before the board this afternoon. Frank Richards of Pleasant Valley, who is charged with being an habitual drunkard.

Organizing Against Horsethiefs.

FREMONT, Neb., Nov. 7.—(Special.)—Sheriff Bauman is arranging with other sheriffs and constables and peace officers to hold a meeting here in the near future to consider the adoption of some scheme to prevent horse stealing which is greatly on the increase in this part of the state. There appears to be a regularly organized gang with "stations" in every county for the purpose of running off horses. The date has not been fixed.

Nebraska News Notes.

BEATRICE—The high school and Northwestern Business college football teams will play here Friday afternoon.

PLATTSBURGH—Charles D. Plattsburgh has disposed of the residence property in this city and has given possession to the same to his wife, Mrs. Plattsburgh.

ASHLAND—J. W. Carlson of the Congregational church at 10 o'clock Tuesday morning performed the marriage ceremony for Miss Yeda Lehn of Ashland and Robert S. Martin of Los Angeles, Cal.

ASHLAND—Postmaster Samuel B. Hall's second term will expire in January next. Among the ambitious politicians who would like the job are Jess Moon, James Oliver and Deputy Postmaster N. J. Searson.

FAIRMONT—The wedding of Miss Myrtle Wolford and Mr. Calvin McElwain took place last night at the home of the bride's parents, Mr. and Mrs. Wolford of this city. The bridegroom is a business man of Firth, this state.

PLATTSBURGH—In the home of Mr. and Mrs. Link Huffer last evening occurred the marriage of their daughter, Miss Pearl, and John R. Eason, both of this city. The United Brethren minister performed the wedding ceremony.

BEATRICE—Mrs. James R. Hoagland of this city died in the hospital for the insane at Lincoln yesterday. The body was brought to this city and will be interred at De Witt Friday. Deceased was 29 years of age and leaves a husband and two children.

PLATTSBURGH—Carl N. Humphrey of this city and Miss Mabelle Derr, the elder daughter of Mr. and Mrs. C. M. Derr, who run the Watson hotel in Nebraska City, were united in marriage in the home of the bride's parents by Rev. L. G. Lesget of Auburn.

BEATRICE—John Hicks, a resident of Wynmore, was shot through the hand and arm by a bullet fired last night at a party of a disorderly house located between Fifty Springs and Wynmore. His wounds are not regarded as serious. As yet no arrests have been made.

FREMONT—The police report that there are more traps on the road this fall than there has been for years. Gangs of them are making the railroad yards a regular resort. The officers run out all in sight every day, but the most of them are almost as many there and all offer at men.

BEATRICE—Clark Wells, a farmer living southwest of town, was arrested on charge of threatening to kill Charles Caldwell, a neighbor. The trouble occurred on election day. Wells was arraigned before Judge Spaford and pleaded not guilty. The case was set for hearing November 11 and the defendant will prepare plans for the reopening of the old entrance to the Paddock opera house on Court street. An architect of this city will prepare plans for the necessary improvement and submit the cost of doing the work to Mr. Whitney as soon as possible.

BEATRICE—It is reported that the Rock Island company will take off passenger trains Nov. 24, and will run through this city between Fairbury and St. Joseph. The Commercial club will make an effort to have the company continue these trains which have given splendid service to Beatrice and other points along the line between Fairbury and St. Joseph.

CENTRAL CITY—H. W. Grieve has sold his implement business at Horville to Martin Larsen, a young man who was formerly employed by Grieve. Grieve's implement house in this city, but whose home is near Horville. Mr. Grieve was one of the first to start a business in Horville, when the railroad branch went through from Central City to St. Joseph.

PLATTSBURGH—The careless handling of a revolver in the boarding house of the stone quarries near Louisville resulted in the death of Solomon Kanis, a money maker. Another Polandier was examining a 32-caliber revolver and Kanis was sitting across the room with his back to the door. He was a newspaper when the gun was accidentally discharged, the ball striking the unfortunate man fairly on the top of the head. Local physicians failed to find the ball and Kanis was taken to a hospital in Omaha, where he died.

NORTH PLATTE—A few days ago the Union Pacific hotel department changed their plan of serving meals in the Pacific hotel. Along the line of the American plan was abolished and the European substituted and in the Pacific hotel as well as elsewhere meals are being served on the same plan and at the same rates as in the dining cars on the line of the Union Pacific. This is such a great increase in the charges that, almost immediately, the Pacific hotel here has been so reduced in its patronage and as a result, during the last few days, the restaurants and other hotels located in this city have been so reduced in their patronage that it has been almost impossible to get meals at these places. This all the more evidence of the fact that North Platte has great need for a modern up-to-date hotel. There are but two hotels here, one of them being the Pacific, which has the great rates in prices referred to, and all the hotels and restaurants have been run down to the limit to take care of the traffic. Many and many a time during the past year, transient in the city have been compelled to sleep all night because unable to get a bed. What North Platte needs right now is the construction of a large, modern, up-to-date hotel.

A SQUARE DEAL IN OMAHA PRINTING SHOPS

For nearly 30 years the Printing Industries of Omaha have been controlled by unions.

Union demands have caused the price of printing to increase, wages and hours is not the point at issue.

The real contention between employer and employe is, that under the Union restrictions the employer has nothing to say about conducting his business. Foremen and heads of departments have been compelled to belong to the Union, and being members of the Union, have had to serve the Union first and the employer second.

It is useless to make an agreement with the Union as they have no standing in court, are not responsible and will violate a contract or agreement without offering the least excuse.

The last contract which was made with the International Pressmen and Assistants' Union on January 8, 1907, has been utterly disregarded and the Pressmen are now out on a strike after having made a contract permitting the open shop and agreeing to nine hours labor a day until January 1, 1909. They now demand a closed shop, which means that every employe in every department must belong to the Union, they also demand that the hours of labor shall be eight hours per day regardless of their contract to work nine hours per day until January 1, 1909.

Under 30 years of Unionism and oppression it has been impossible for apprentices to learn the business on account of Union restrictions which prohibits apprentices except in such numbers as the Union dictates.

Two years ago the compositors in our respective offices demanded that we sign a so-called contract, the terms of which were wholly made by them. We did not sign, and have since run that department of our business successfully without the aid of Union men.

The Binders and Pressmen are now out on a strike and we propose that they shall stay out, and that from this time on our Plants will be conducted on the Open Shop plan, every man having an equal opportunity to earn and receive fair wages.
