PHONE RATE WAR TO STOP

Position of Railroad Commission is Likely to Prevent Them.

CREDIT OF STATE ON WARRANTS

Auditor Caused Trouble Through Fake Tale of Lincoln Correspondent About Suspension.

(From a Staff Correspondence.)

LINCOLN, Nov. 15.—(Special Telegram.)—Their request for shorter hours during which night rates for telephone companies in effect was denied the Nebraska and independent telephone companies by the railroad commission today. The commission, however, was agreeable to a request that where a call is put in during the day and answered at night, a day rate may be charged.

Today the independent companies notified the commission that their rates in Iowa and Kansas have abolished night rates and have changed the maximum time for the ordinary conversation from five to three minutes. They say this will probably disturb interstate rates. No request for abolishing night rates was made but the commission, for that purpose, the present condition proves troublesome, later they will ask for the privilege of doing away with night rates in Nebraska entirely.

State and Its Warrants.
Because of a fake story sent out from Lincoln and given wide distribution, that the state was not paying its warrants during the hurry, emergency men are being sent back warrants which bankers have declined to receive. Today A. T. Thompson & Co., of Boston, optical dealers, who sold the State university some instruments, sent the following letter to the auditor:

There has been returned through our banker warrants No. 3068 for \$12 with the following memorandum written across the back: "Not Paying at Present." Will you be kind enough to advise us when it will be honored?

The auditor has been greatly incensed at some of the stories circulated by correspondents concerning the credit of the state. The fact is the state never stopped issuing warrants and paying them as usual except in one or two funds which are being registered. In such case the warrant is a good investment. The treasurer never keeps a great quantity of cash on hand, the aim being to have it continually invested. The official who is in charge of the judicial district is as follows: A. W. James, (Republican) 620; Dungan, (fusionist) 672. Chairman H. J. Winnett of the railroad commission went to Omaha to adjust several minor complaints about railroad service.

Commissioner H. T. Clarke will go to Muskegon to attend the Mississippi congress. He will deliver an address on November 1.

Better Service to Drycleaners.
The state railway commission this morning outlined an order directing the railway and express companies of Nebraska to give better service to the drycleaning business in Omaha to protect cream shipments from the weather. Each consignment must be billed and handled just like the other business. Creamery men complained of present conditions.

Clarke Asks for Help.
Harrison Clarke who is to hang on December 13, today addressed a letter to Governor Stinson asking permission to appoint among the convicts to employ an attorney for prosecuting his case for commutation to life sentence. Clarke is a negro and was convicted of the murder of a street car conductor of Omaha, whom he robbed.

Expenses of Candidates.
Though today was the last day on which candidates could file their expense accounts and be within the law, many of the candidates failed to get their reports to the office of the secretary of state. If, when received, the reports show they were mailed today, Secretary of State Junkin will count them as filed today. Following are the reports received:

Second District—Democratic committee, Henry Gering; expenses, \$2. Received \$4 from H. D. Davis, candidate for Judge; balance on hand, \$2.

Express Company Stockholders.
The United States Express company filed a list of its stockholders with the State Railway commission this morning. In the list are included the names of T. C. Platt, 100 shares; Angelica S. Platt, 22 shares; E. T. Platt, 100 shares; F. H. Platt, 100 shares; Theodore F. Platt, 100 shares; the Southern Express company, 700 shares; the American Express company, 500 shares; the Standard Trust company of New York, trustee, 5,000 shares.

Officials Overlook Something.
The office force of the secretary of state got a jolt today when the county clerk of Hamilton county answered the letter asking him to send in the total vote cast at the last election. The Hamilton county officer suggested to the secretary of state that if he would look on the back of the returns in the proper place he would find the total vote. Sure enough the total vote was recorded there, as was the total vote from all the other counties save one, Saline, to which letters had been sent for the information. It was a case of oversight.

Soldiers Elect Postmaster.
GRAND ISLAND, Neb., Nov. 15.—(Special.)—Mr. Gillette, a well known member of the Soldiers' Home, has been elected postmaster of Burket, Neb. This is the postoffice in the Soldiers' Home. When Mr. Staley, the recent incumbent, resigned, there were several applicants for the place. The office pays a neat little salary for some officer or member of the home, and the contest immediately became quite a strenuous one. Congressman Norris desired to fill it according to the wishes of the patrons of the Soldiers' Home, and he could ascertain those wishes, and thus he proposed that the members of the institution have a regular election in the matter. At this time there were only two candidates. In the time between the announcement of the plan and its execution several others entered the contest, and the first election, held from 9 to 12 o'clock on Tuesday, resulted in no election, especially since the man having the high vote refused again to become a candidate, having just resigned. The first vote was: Staley, 51; Gillette, 21; Walker, 2; Vannos, 2; Mayne, 2. It was then decided to have another election, and this resulted in the concentration of the vote on two men, Mr. Gillette recording 112 votes and Mr. Walker 110.

Boy Becomes Insane.
TECUMSEH, Neb., Nov. 15.—(Special.)—LeRoy Stanton, the 13-year-old son of Mr. and Mrs. J. B. Stanton, who live near Elk Creek, has been adjudged insane, and the boy's father and Sheriff H. U. Miner took him to the asylum at Lincoln for treatment yesterday. It seems the young man's mind has been affected for some time, and the tragic death of the threehermen, O. A. Gell, Roy Carmine and August Seeman, not far from where he lived, on September 12, 1906, seemed to weigh heavily upon his mind at times. The men went under a threshing machine to escape a rainstorm and lightning struck the machine and killed them. Young Stanton in times of his most pronounced dementia, has insisted on going to the trains in Elk Creek to meet the men, whom he seemed to believe were away and were coming back. The unfortunate lad was taken before the insanity commissioners in Tecumseh Monday.

War with Japan Averted.
GRAND ISLAND, Neb., Nov. 15.—(Special.)—Six men have been discharged at the Union Pacific shops as the result of throwing some iron bolt nuts. As the story goes, they were throwing some old ones across the track. On the other side were some Japanese at work, and one of the pieces of iron accidentally struck a Jap, who was not seen, it is alleged, by the throwers. There was considerable excitement for a time, but as the Japs were not seriously injured international complications were avoided and the several outcome was the discharge of the six men on the ground that they were idling away the time belonging to the company.

Williams Talks at Peru.
PERU, Neb., Nov. 15.—(Special.)—J. A. Williams of Pierce, a member of the State Railroad commission, gave a lecture to the students and citizens of Peru in Normal Chapel last night. Judge Williams had for his subject, "Real Problems for Real People." He enlarged the man who will stand for the right as he sees it, regardless of what his friends demand of him.

Postmasterhip in Vacant.
TECUMSEH, Neb., Nov. 15.—(Special.)—Word comes to Tecumseh that W. W. Sanders, one of the best known men in this section, has been removed from the postmasterhip at Nemaha City, and Frank Titus has been appointed and installed to fill the vacancy. There is absolutely no dishonor connected with Mr. Sanders' dismissal. He simply failed to keep his books exactly in a technical manner the way the government prescribed and an inspector recommended his removal. Mr. Sanders is editor of the Nemaha Advertiser, the oldest paper in the state. He has lived in Nemaha City for fifty years, and is held in the highest esteem and respect.

Mill Dam Goes Out.
BATTLE CREEK, Neb., Nov. 15.—(Special.)—The Battle Creek roller mill's new cement dam, finished yesterday at a cost of about \$5,000, was undermined last night and is a total wreck today. This is the third time within a year that the dam here has been undermined. The owner has a large, new mill and is at a loss to know what to do for power.

Comes from Ireland to Wed.
NORFOLK, Neb., Nov. 15.—(Special Telegram.)—Miss Lizzie Stuart came a quarter the distance around the world to marry Rev. Henry Hindmarsh of Inman, in Norfolk today. She came from Sligo, Ireland, whence her husband preceded her a year ago. He is a Methodist minister at Inman.

GAINED TWENTY POUNDS, PLEURISY CURED

Mr. I. Brown of 614 Douglas Avenue, Pittsburg, Pa., Who Suffered From a Severe Case of Pleurisy, Which Left His Lung in a Weak Condition, Was Completely Cured and Restored to Health By the World's Greatest Medicine.

In a recent interview Mr. Brown said: "I deem it my duty to state what Duffy's Pure Malt Whiskey has done for me. In the fall of 1905 I contracted a severe cold which I neglected until it developed into pleurisy in my right side. I did considerable doctoring for it, and I seemed to get all right. I returned to work, but again immediately contracted another severe cold, which found me in a weakened condition. I tried many different kinds of medicines, which did not seem to help me; I was very weak and run down, and I decided what I needed was a tonic stimulant to build me up, so I made up my mind to try Duffy's Pure Malt Whiskey. I am very thankful that I did. It has put new life in me, it took out the pleurisy and healed my left lung, which was left in a very weak condition, and I feel as strong and hardy as it is possible for any man to feel. I have a good appetite and have gained twenty pounds in weight; and, while I am a temperance advocate and do not believe in drinking intoxicating beverages, when ever I feel the need of a tonic and stimulant I do not hesitate to take Duffy's Pure Malt Whiskey. I can heartily recommend it to any one who is run down and is troubled with colds or pleurisy."

Unsollicited testimonials like the above come from thousands of men and women who have been cured and restored to health by Duffy's Pure Malt Whiskey.

Duffy's Pure Malt Whiskey

Is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture its palatability and freedom from injurious substances renders it so that it can be retained by the most sensitive stomach.

It is absolutely pure, gentle and invigorating stimulant and tonic, builds up the nerve tissues, tones up the heart, gives power to the brain, strength and elasticity to the muscles and richness to the blood. It brings into action all the vital forces, it makes digestion perfect, and enables you to get from the food you eat the nourishment it contains. It is invaluable for overworked men, delicate women and sickly children. It strengthens and sustains the system, is a promoter of health and longevity, makes the old young and keeps the young young.

Caution—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey, be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey, and is sold in sealed bottles only; never in bulk. Price \$1.00. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Illustrated medical booklet and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.

SHUMWAY'S CASE NEXT MONDAY

Some Trouble Anticipated in Selection of Jury at Beatrice.

BEATRICE, Neb., Nov. 15.—(Special.)—Much interest is centered in the trial of Robert Mead Shumway, the alleged murderer of Mrs. Sarah Martin, which is set for hearing in the district court next Monday, November 18. The attorneys in the case are of the opinion that it will take at least two days, and possibly three, to secure a jury. A panel of 175 has been drawn by Judge Kelliger, and it is thought twelve tried and true men can be selected from this number.

The state will present its case with sixty-five witnesses, nearly all of whom are residents of the Adams vicinity, where Shumway is alleged to have committed the crime. The Martins are old residents of that section and for that reason they have many friends who will be present at the trial whether witnesses or not. As Shumway had worked for Jacob Martin but ten days before Mrs. Martin was murdered, his acquaintances in that section of the county are few, and it is understood the defense will not rely on any testimony from that neighborhood in Shumway's behalf.

Several witnesses for the defense have been subpoenaed from Idaho and will attempt to prove that Shumway arrived at the Martin home with \$200 which he had earned while in Idaho, and that he used this money to take him to Missouri, where he purchased a horse and buggy instead of the money claimed to have been taken by him from the Martin home when Mrs. Martin was murdered.

Shumway has been arraigned twice in the district court and each time pleaded not guilty. Whether he is in the penitentiary or in Beatrice is not known, as ever since he was brought here two weeks ago his whereabouts has been kept a secret by Sheriff Trude. No violence is feared when the case goes to trial. The feeling is general that the accused man, though charged with one of the most brutal crimes in the history of the state, should be given a fair and impartial hearing. The state will be represented by County Attorney Terry, Deputy County Attorney McGillivray and Samuel Kinser, and the defense by R. W. Sabitt and Fulton Jack. It will take at least a week, and possibly longer, to dispose of the case.
