WARE TO JAIL NEXT MONTH

Convicted Clergymen Begins Sentence Fifteenth of December.

MANDATE FROM WASHINGTON

Attorneys Still Know Nothing of the Movement to Secure His Pardon by President Roosevelt.

The mandate of the United States supreme court denying the writ of certiorari in the case of Rev. George O. Ware, sentenced to pay a fine of \$1,000 and to be confined in the Douglas county jail for one year, which has been received from the United States circuit court of appeals, shows Ware's term of imprisonment begins December 15. The mandate confirms the sentence as imposed by the United States district court in Omaha, February 27, 1906. Ware was convicted of conspiracy to defraud the United States out of use, possession and title to certain public lands in Hooker and Thomas counties, Nebraska, through means of securing a number of old soldiers to file on the claims with the understanding that upon making final proof they were to transfer the lands to him or to the U. S. Land and Cattle company of which he was president. The trial lasted fourteen days. Ware appealed from the judgment of the lower court to the circuit court of appeals and this court affirmed the judgment of the lower court. From the circuit court of appeals the case was taken to the supreme court on an application for a writ of certiorari and all left for him to do is to serve the sentence imposed.

COLONEL FAILS ON MONEY Mrs. Pratt May Ask Default Decree, as Husband Has Not Yet Paid Fees.

Attorneys for Mrs. Julia Montgomery Pratt may ask for a default decree in her divorce case against Colonel James H. Pratt on the grounds he has defaulted in the payment of the \$25 allowed to her as attorney's fees and alimony by Judge Kennedy. According to her attorneys this money should have been paid October 23, but she has seen none of it yet. Friday was the last day given Colonel Pratt by the court to answer Mrs. Pratt's petition, but no answer was filed.

swer," said General J. C. Cowin, Colonel Pratt's attorney, Friday morning, "and I will ask for a few more days in which to file it. As for the money I have an idea Colonel Pratt will pay it any time. I have not seen him for some time, but will have the answer ready within a few days."

NINE-HOUR DAY FOR THESE

Employing Printers Organize an Association to Fight the Union.

A meeting of employing printers was held at the Commercial club rooms on Thursday afternoon, at which it was decided to oppose the present demands of the unions in the printing business for an eight-hour day for at least one year. The following resolutions passed and signed: OMAHA, Nov. 14.—We, the undersigned employing printers of Omaha, hereby agree that we will not recognize the eight-hour day within one year from date, and will maintain an open shop. REID TRIAL AGAIN PUT OFF

This Time It Awaits Witnesses and Jurors—Bondsmen Get from Under.

Absence of witnesses and jurors prevented the commencement of the trial Friday of Bernard and John Reid of South Omaha charged with offenses against little girls employed in their electric theater. H. C. Murphy, attorney for the defendants, asked for more time because he had not been able to see all of his witnesses and Deputy County Attorney Marney did not object because two of his witnesses had failed to appear. Judge Troup said if a jury was demanded the case would have to be postponed, as all the jurors were in use. The case will be taken up again as soon as the murder charge against Charles Pamphrey is tried. John Bromfield, who went on the bond of Bernard Reid delivered him over to the court Friday morning and asked to be released from the bond. Reid was placed in the custody of the sheriff.

WOMAN KILLED BY TRAIN

Mrs. Katherine Roach Meets Instant Death on Tracks of the Northwestern Railroad.

Mrs. Katherine Roach, a widow, who lived at 240 North Thirteenth street, was struck by an incoming Northwestern passenger train at Fourteenth and Locust streets at 7:30 Friday morning and was instantly killed. Her body was taken charge of the body for an inquest. A grown daughter who lived at home was the only near relative of Mrs. Roach in the city. After the accident the engineer brought the train to a stop as quick as possible. The engineer said that he blew the whistle at the crossing and that the woman deliberately walked on the track in front of the engine.

TRAINS BACK IN THE SPRING

Extra Service in Northwest is Successful and Will Be Restored, Says Walters.

"The trains Nos. 1 and 2, which we put on in the spring between Long Pine and Chadron, have done a fair business during the summer, but when we put them on we did not intend to keep them on during the winter months," said General Manager Walters of the Northwestern. "The traffic on these trains was largely through and now that the home-makers' season is practically over, we have taken them off for the winter. The people at the west end of the line seem to prefer to lay at Chadron for the later train anyhow than to get up at 4 a. m. to catch No. 2. We expect to put those trains back in service in the spring.

"We were so pleased with the trial given
