HAYDEN BROS. SOLAR NEW IMPROVED HOT BLAST THE SOLAR

Double heater. Double heater means giving two heats with one fuel. That is what the Solar does and that is why it is so popular in Omaha. We sell it on small monthly payments or at a cut price for cash. Call and see it in operation at our store. We sell it on small monthly payments or a cut price for cash.

The Solar does the work, and that is what counts. It is not a hot air salesman stove, but a hot air heating stove. It is bought by intelligent people and not by people who must be influenced by hot air salesmen. Intelligent people buy first class stoves. It is the kind we sell. The improvement in the Solar over the old style is that it burns the smoke and gas without blowing the fire and over-heating the stove. It has front feed door ash pan, heats the floor and keeps fire forty-eight hours. It burns the cheapest coal best. The Stoetzel Stove Co. 714 S. 16th St.
