Spend Your Own Money Your Own Way

Does it not seem strange to you that a dealer who tries to substitute, when you ask for an advertised article, should assume that you are not capable of spending your own money? Show him that you are by insisting on getting what you ask for and refusing any substitute. Substitutes pay him a larger profit, otherwise he would give you what you ask for, without question. Manufacturers of advertised articles produce large quantities, being enabled thereby to manufacture cheaply and furnish the public with high grade goods at the price of inferior substitutes.

Substitutes Are Expensive At Any Price.

PARENTS

When you stop to think about it, you, of course, realize the grave danger that menaces your children when they play in the streets on which there are street car tracks, but do you think about it often enough? And do you caution your children about it often enough? Are you sure that YOUR children are not daily exposing themselves to the danger of being struck by a car—in fact, jeopardizing their lives, Remember that when children are playing, their minds are engrossed with their play and they are utterly unheeded of approaching cars and frequently dart directly in front of them. Assist Us in Preventing Accidents.
