CHINA PAYS SMALL INDEMNITY

Heirs of Miss Chestnut, Missionary, Killed by Bomb, All Paid \$10,000.

MEXICO, Nov. 26.—Eleanor and Loretta Chestnut were today paid \$10,000 by the Chinese government as damages for the death of their aunt, Miss Eleanor Chestnut, a Presbyterian missionary, who was killed in Lien Chow in 1904 during the Boxer outbreak.

Arrested for Theft of Team.

FREMONT, Neb., Nov. 26.—(Special.)—John Stockham was arrested at North Bend yesterday by Deputy Sheriff Varney on the charge of stealing a horse and buggy from aiveryman at Linwood. Stockham was arrested a couple of days ago on a charge of disorderly conduct, but was turned loose. He went to Linwood and hired the rig to drive to Cedar Bluffs. Instead of doing so he went to North Bend, where he sold the buggy for a low price and tried to dispose of the horse. The officers became suspicious of him on account of his great anxiety to get rid of the rig and arrested him on suspicion. Soon after they found out where the team belonged and how he came by it.

Too Many Vacations.

PERU, Neb., Nov. 26.—(Special.)—The State Normal school closes tomorrow for a week's vacation for Thanksgiving. Three weeks ago it was closed for a time to allow a part of the faculty to attend a teachers' association. In three weeks more it will be closed again for the regular Christmas vacation. Students who reside so far away that they cannot return to their homes are complaining at being compelled to pay board while school is not in session.

Nebraska News Notes.

YORK—Mr. and Mrs. Borri, superintendent and matron of the county home, have tendered their resignations to take effect January 1.

FALLS CITY—The students of the Falls City high school this week issued the first number of their new school monthly, Orange and Black.

TRAY—Sparks from the Northwestern freight engine at Tray struck and burned a boy belonging to Richard Price and burned up several tons of fine prairie hay.

STANTON—The Chicago & Northwestern and the Chicago, Minneapolis, St. Paul & Omaha railroad companies were among the first to pay their 1907 taxes in this county.

BEATRICE—Mrs. Calley died last evening at the home of her mother, Mrs. Mary Calley, after an illness of two years from consumption. She was 73 years of age.

COLUMBUS—District court for the Sixth judicial district convened at Columbus this morning with Judge J. G. Reeder presiding.

BEATRICE—Funeral services for the late Myron Harmon were held yesterday afternoon at 2 o'clock, conducted by Rev. J. J. Lowe. Interment was in Evergreen home cemetery.

BEATRICE—Mrs. Harriet Headley fell and broke her leg at the home of her son, R. Headley, on East Court, while walking from the carriage to the house. She is over 70 years of age.

PERU—H. W. Lowe, manager of the local cannery factory, has been notified by an Omaha wholesale house that his name is on a list of persons who have sold the Omaha pure food show.

NEBRASKA CITY—Sunday next the Benevolent Protective Order of Elks will observe Memorial day and will hold appropriate services at 10 a. m. at the city hall.

NEBRASKA CITY—The vestry of St. Mary's Episcopal church has extended a call to Rev. Mr. Barnes of Hartington, Neb., and he is expected to begin his services here the first Sunday in January.

NEBRASKA CITY—A large stable belonging to Joseph Lishak burned last evening. As this is the fourth fire within two blocks in the city, it is believed that there was a fire flood in that neighborhood.

FALLS CITY—The three negroes who are charged with having robbed a store at this place last week were brought before Judge Kelliger in district court and two of them pleaded guilty. The trial of the third is now going on.

BEATRICE—There is some talk of the Rock Island company taking the morning and evening passenger trains recently taken off on this division back into service again. A move of the kind would be greatly appreciated by Beatrice citizens.

PLATTSMOUTH—T. B. Farley, a prominent young attorney and newspaper writer in Chicago and Miss Gertrude Irene Hilton, a daughter of County Sur-

HAY RATES TO BE REDUCED

Burlington Asks Permission to Change Them on O'Neil Line.

OVERALL COMPANY MAKES KICK

Lincoln Concern Asks for Same Accommodation That Was Granted to E. M. Smith & Company.

(From a Staff Correspondent.) LINCOLN, Nov. 26.—(Special Telegram.)—Hay rates in north Nebraska on the Burlington will be slightly reduced. An application was made this morning of the railroad commission to change hay from class C to class D on the O'Neil line, situated in one of the most productive hay sections of Nebraska. The line has been recently taken over by the Burlington. The reduction will make a perceptible change in traffic charges on this class of shipments.

The railroad commissioners today granted permission to the Lincoln Traction company to run owl cars from 11:30 o'clock at night until 6:30 a. m., the charge for a ride between these hours to be 10 cents. A provision has been made that the advanced charge shall not apply to workmen in the morning hours as they start for their labors.

Overall Company's Kick. The Lincoln Overall and Shirt company has asked the railroad commission for a 10-cent rate on raw material from Lincoln to Omaha and the same rate on goods manufactured at Crete and returned to Lincoln. The present rate is 30 cents.

L. O. Jones, speaking for the company today, told the commissioners the same privilege was granted to the M. E. Nebraska company, which sent goods from Omaha to Crete and returned them on a 10-cent rate. Attorney J. E. Keiby for the Burlington informed the board that the rate was unjust and he made formal request that it be done away with and the regular rate be replaced.

In reply to this application Mr. Jones insisted the M. E. Nebraska company was not in the manufacturing business at Nebraska City now and this was the cause for the Burlington's request and not an acknowledgment that the principle underlying the rate was wrong.

The case will be taken under advisement. In his argument Attorney Keiby said the rate did not benefit the consumer, being merely an aid to the manufacturer who employed help in the small towns, being unable to secure it in the larger cities.

Board of Health in Session. Secretaries of the board of health held a session today and ordered Prof. G. K. Dintjan of Omaha to cease advertising himself as a healer of diseases, but to put out his sign as a massage expert. The professor was represented by Attorney Frank Ransom.

J. C. Messing of Alexandria, who is a magnetic healer, was informed by the board he had no right to practice in the state and he was ordered to quit business.

Discrimination Alleged. R. E. Mattison, manager of the Independent Telephone company, and representing the independent telephone interests of Lincoln, today filed complaint with the railroad commission that the Bell interests were granting special privileges to users of telephones in Lincoln. He specified that Herbert Gooch was charged \$2 a month for an individual telephone service, Ed Big-city, and was 38 years of age. She is survived by her husband and three children.

STANTON—Car robberies are reported to be more frequent than ever on the railroad entering Nebraska from the east. The thieves are reported to break the seal and enter a merchandise car at night and at certain points while the train is in transit to throw out the goods which in most cases are picked up by their partners and usually gotten away with.

BEATRICE—At a meeting of Washington camp No. 4, Woodmen of the World, it was decided to send a delegation to Lincoln on December 3 to attend the celebration of the sixty-third birthday anniversary of Sovereign Lord. The Wymore and Beatrice lodges of the order have agreed to probably send a delegation of fifty Woodmen to Lincoln on that occasion.

STANTON—The banks of this city were never in better condition and are ready to handle all business that may come to them. The situation is the best there has been any question as to the local situation, and there has never entered into the minds of depositors a thought of withdrawing their funds nor any part of them, other than in the ordinary course of business, and the utmost confidence is maintained at all times.

BEATRICE—Owen Belford and William Anshutz of Lebanon, Kan., suspected of the murder of a woman at West Point, Neb., and selling it to William West, a farmer living near Pickrel, were released from the Lincoln jail yesterday after being fined for drunkenness. Chief Moore telephoned the officers at West Point and was informed that the team stolen from that place about a week ago had been recovered. As far as he could learn Belford and Anshutz owned the team which they sold to Mr. West, so they were released.

PLATTSMOUTH—While Mr. and Mrs. Bickert, each more than 70 years of age, were returning to their home in Edinwood, this county, yesterday, their horse being driven by a team, the horse, turning around suddenly, overtook the buggy and threw the occupants out. Mr. William Kutz of Lincoln saw what happened and ran his auto to the old people and, assisting them into his machine, took them to town where they received the best medical treatment. It was learned upon examination that the collar bone and several ribs of Mrs. Bickert were broken.

CORNHUSKERS OFF FOR ST. LOUIS

Players and Coach Given an Enthusiastic Send-off.

LINCOLN, Nov. 26.—(Special.)—Nineteen players accompanied by Coach Cole, Manager Eager, Prof. J. T. Tolson and Dr. Everett, left over the Rock Island this afternoon for St. Louis, going over the Wabash from Omaha. With a few exceptions the players were all in good condition and high spirits and were confident of their ability to beat the Kansas men Thanksgiving day. Only a few rooters accompanied the team, but several hundred students were at the station to give the team a grand send-off. The usual demonstration was made, speeches being demanded from recognized football ball players.

The players will be given one more chance to master the formations devised by coach Cole before they start for St. Louis before facing the southerners. The squad probably will arrive in St. Louis early Wednesday afternoon. It will at once be hustled to grounds already arranged for by Manager Eager, where Coach Cole will put the men through their final lesson. It is probably the last practice they will see, including Groger and Frum, will go into the game, the attention that has been given to their regard and appreciation for what Cole has been able to do with the Nebraska team, turning the celebration into a send-off for Cole as for the players themselves.

The team probably will start back from St. Louis Friday. The players who made the trip are the following: Captain Weller, Collins, Harvey, Minor, Ewing, Harte, Peritt, Miller, Chaloupka, Mattern, Johnson, Patton, Cooke, Kroger, Beskley, Beltzer, Burnett, Frum and Bentley.

A Horrible Death

results from Decaying Lung. Cure coughs and weak, sore lungs with Dr. King's New Discovery. 50c and \$1.00. For sale by Boston Drug Co.

WATERBURY'S

FOR CATARRH

A gentleman of New Jersey who has served several years as Secretary of Retail Clerks Union, writes concerning Katarno: "I have been troubled with catarrh of the head and stomach for about three years, until finally I got so bad that I had to get relief. I had heard so much of Katarno that I decided to try it, and found it a very palatable medicine to take and effective. In three weeks I was much better and felt greatly encouraged, and in seven weeks more I was well. "I am very much pleased with Katarno."

SCHAEFER'S DRUG STORES:—15th and Douglas Sts., 16th and Chicago Sts., Omaha, Neb. N. W. Cor. 24th and N Sts., So. Omaha, Neb. 5th Ave. and Main Sts., Council Bluffs, Iowa.

cents or \$10 worth of telephone service for \$100. The commission has the telephone matter under consideration, but one of the members is not in favor of allowing the telephone company rates, which he says it would be doing were the coupon books cut out.

Fixing Up Tax Schedule. Secretary Bennett of the State Board of Assessment is getting out the new schedules for the use of the county assessors. The schedules will contain several items not heretofore mentioned. Instead of the item reading cattle it will be divided into four items. Cattle under 1 year; over 1 and under 2 years; cattle over 2 years; fat cattle. Horses and mules will also be divided according to age.

Dress Reform Proposed. The faculty of the state university, was defeated this morning at a meeting of the students. The women voted solidly against the elimination of ribbons and gay colors.

Junkies Save Appropriation. Unless he is forced by the courts to do so, Secretary of State Junkin will not spend the \$3,000 appropriated by the recent legislature but by unannounced statutes. The law does not specify what the secretary is to do with the books after he buys them and as he is undecided whether the legislature intended him to buy the Wheeler or Cobbley statutes, he will do neither.

Big Year for Hay Producers. "This has been the biggest year for hay raisers in the history of Nebraska," said Labor Commissioner Ryder, speaking of the figures just compiled by his office. "The production of tame hay shown by our usual annual report for 1907 is \$13,534,549.50. The wild hay made 2,452,156 tons, and allowing \$5.50 per ton this represents an income to the hay raisers of \$13,488,353. Thus the total value of the tame and wild hay harvested in Nebraska this year is \$24,091,497.50. This takes no account of alfalfa, which approximates to almost an additional \$12,000,000."

State to Furnish Own Light. The contract for running the wire from the penitentiary to the Home for the Friendless, the state house and executive mansion for lighting and power purposes was let this afternoon to George V. Ballard of Lincoln for \$2,881. Work is to begin at once. The other bidders were the Western Electric company, Omaha, \$3,486; Frank H. Wheeler of Havelock, \$3,600.

Big Game Too Late. Robert Butke of Omaha, who did not receive the contract for erecting the three buildings at the Norfolk asylum, in the opinion of the board of public lands and buildings, feels put out about it. Today a bid marked supplement bid was received from him agreeing to erect the three buildings for \$7,000. The contract was let November 18 to W. G. Merten of Emerson for \$7,825. When the bids were opened Merten was the lowest on one building and Butke on two others. The board asked Butke if he would take all three buildings, two of them at the Merten bid. He refused and then Merten agreed to take all three, one at the Butke bid, which was lower than his own. In doing this the board followed its custom of dividing up the contracts to the lowest bidders on each item of dividing up the contracts to the lowest bidders on each item. By doing this it saved the state \$3,920. The board cannot now reopen the matter to consider the lower bid of Butke.

County Clerks Make Mistake. A comparison of the original and duplicate returns made by the various county clerks which is now being made, shows much carelessness on the part of some of the county officials. The table compiled by the secretary of state was made up from the duplicate returns, but the original returns show a total vote of 3,907, while the original returns show a total vote of 3,909. The state canvassing board will of course use the original returns and will not get the county clerks which is correct where there is a discrepancy between the duplicate and the original returns.

Settlers' Land Reappraised. Land Commissioner Eaton has returned from Boyd county, where he went to look into the matter of getting the land occupied by the Boyd county settlers reappraised in accordance with the orders of the board issued several days ago. The board has decided to value the land in controversy has been valued at an average of from \$20 to \$25 an acre, so Mr. Eaton said. This valuation the settlers thought too high, but it is the belief of the board they will be willing to pay and get titles to the property. The land will be sold on twenty-year payments, interest at 5 per cent.

Ruling on Mortgage Taxation. That mortgages held by loan associations cannot be taxed by the city and the county is the ruling handed down this morning in the district court of Judge Holmes in the case of the appeal of the American Savings and Loan association from the decision of the city and county boards of equalization, which declared that such association should pay taxes on \$5,000 worth of mortgages.

New Daily for Nebraska City. NEBRASKA CITY, Neb., Nov. 26.—(Special.)—The Nebraska City Tribune is now a thing of the past, as its last issue was published last evening. It was started a number of years ago by two young men, and when they had made a failure of it, certain parties purchased it and made it a kind of organ for the Conservative,

PARENTS

When you stop to think about it, you, of course, realize the grave danger that menaces your children when they play in the streets on which there are street car tracks, but do you think about it often enough?

And do you caution your children about it often enough?

Are you sure that YOUR children are not daily exposing themselves to the danger of being struck by a car—in fact, jeopardizing their lives.

Remember that when children are playing, their minds are engrossed with their play and they are utterly unheeding of approaching cars and frequently dart directly in front of them.

Assist Us in Preventing Accidents.

CHILD CAUGHT IN SHAFTHING

Dead and Badly Mangled When Machinery is Stopped.

GRAND ISLAND, Neb., Nov. 26.—(Special Telegram.)—Francis, the 4-year-old daughter of Mr. and Mrs. Poole, residing on the Dahlstrom ranch ten miles from Grand Island, was killed in a horrible manner today. While at play in the yard her dress caught in a cog wheel on water power shafting running to an elevator. No one was near at the time. Just as William Maynard and William Huebner, residing in the vicinity, were about to leave the place they saw something white being whirled around the shafting so rapidly that they couldn't distinguish what it was. The attention of Mr. Poole was called to it, the shafting was stopped and the body of the little girl was taken from the machinery.

The cog wheel had caught the dress near the neck and the poor little one fell in constantly hitting the ground only eighteen inches from the shafting had worn deep grooves in the soil. The neck, back, both arms and one of the lower limbs were broken and the little feet almost worn away by constantly being hurled against the ground. It is believed that the unfortunate child was in the shafting fully ten minutes. Death, or at least unconsciousness, is believed to have been almost instantaneous. The parents are arriving from Richardson county and the body will be taken there for burial.

Omaha & Council Bluffs Street Railway Company

A Large Office With Burglar Proof Vault

This office is 18x32 feet and is located on the 2d floor, facing 17th Street. It is but a short distance from the elevator and the corridor, with its outlook on the beautiful court, makes a most attractive approach. It has a very large vault.

The Bee Building

is the only office building in Omaha in which the vaults are planned as a part of the building. They are not flimsy affairs, made of fire tile, but the walls of the vaults are brick and are two feet thick. This is the most desirable feature for a firm having valuable records and papers. Even if the furniture in the office should catch fire and burn, there would be absolutely no danger to the contents of the vault.

A large corner office will be available January 1st. Now is the time to make application, as corner offices are the most desirable.

For office space apply to

R. W. Baker, Sup't.

Room 418. Bee Building.

Christmas Exposition Week Begins December 2nd.

CUTICURA

AT CITY MISSION

Young Woman Found in Awful Condition with Scabies—Body a Mass of Sores from Scratching—Tried Many Remedies for Seven Weeks—Result Was Discouraging, But

ITCHING TORTURES YIELDED TO CUTICURA

"While I was doing missionary work in the lower portion of several cities I found it necessary to use a little of the efficacy of a few medicines and after a while I found that a little knowledge of Cuticura was about the best of the very best cases I had to deal with was that of a young woman who had come to us not only broken in spirit but in a most deplorable condition physically. Our doctor examined her and told us that she had scabies (the itch) and insidious parietal rheumatism, etc., brought about by exposure and the effects of her ragged-edges life. Her poor body was a mass of sores from scratching which was not cured by any of the medicines we used. We tried many things, a good tonic was prescribed and ointment with a rubbing of iodine and sulphur. We worked hard for seven weeks and you can imagine how discouraged we were when, after all that time, we could see so little improvement. One day I happened to see a Cuticura advertisement telling how a little baby had been cured of a bad case of skin eruption, and although I had never heard of Cuticura Soap and a bottle of Cuticura Resolvent. When I reached home I was like a child with a new toy. I bathed our patient well and gave her a full dose of the Resolvent. She slept that night better than she had since she had been with us and the next day I located the price of a box of Cuticura Ointment. I am not exaggerating when I say that in exactly five days this young woman was able to look for a position, being strong enough to work and full of ambition. In another month she left the home, and now has a good position in a nice family where she is respected and is strong and well. You may refer any one you wish to me personally. Laura Jane Bates, 55 Fifth Ave., New York, N. Y., Mar. 11, 1907.

Complete External and Internal Treatment for Scabies of Infants, Children, and Adults consists of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent. The Cuticura Resolvent is a powerful purgative, and is the only one of its kind that is safe for the most delicate. It is sold throughout the world. Cuticura Soap and Cuticura Ointment are sold in all drug stores.
