

GUARDSMAN'S ROW IS WARM

Attorneys for Major Parker Present Case to the Governor.

COURTS-MARTIAL ARE IN SIGHT

Federal Grand Jury Indicts Mall Order House for Obtaining Money Under False Pretenses.

(From a Staff Correspondent.)

DHS MONROE, Nov. 28.—(Special.)—Baley and Shipp, attorneys for Major Parker of the Fifty-sixth regiment of the Iowa National Guard, today arranged with Governor Cummins to appear before him Friday morning at 9 o'clock, when they will seek to induce him to set aside the election of Major Chantland as colonel of the Fifty-sixth regiment, on the ground that his election was accomplished by fraud.

Attorneys will be presented at this time to the governor seeking to prove that a number of votes were counted for Chantland when the members did not vote at all and that at another place where there were votes for Parker they were counted for Chantland. In one company seven men have made affidavit that they voted for Parker and the returns show only five votes for Parker.

Governor Cummins can, as a result of the hearing, do any one of three things. He can find the evidence introduced by Parker's attorneys as fraudulent and drop the matter, or if he finds it sufficient he can set aside the election of Chantland and make Francis Hyatt colonel of the regiment, or he can set aside the election of Chantland and order a new election.

Incidentally, it is learned that there are to be other proceedings as a result of the recent election in the Fifty-sixth regiment, and the chances are that the regiment will be violently reformed before everything is over with. Captain Hyatt claims the election of major in the Fifty-sixth to succeed Chantland, by a margin of six votes over Captain Hyatt, Captain Rankin and Captain Hyatt have, each been set by the governor within the last few days, Rankin being set before the governor today. It is rumored that changes will be preferred in this election, too, before many days, charging frauds and irregularities. It is likely, furthermore, that there will be court-martial proceedings filed against a number of members and officers of the Fifty-sixth. It is learned that four of the captains of the Fifty-sixth have resigned since the election.

Two Would Be Auditor.

Hugh Benedict of Shelby county, clerk of the house through several sessions of the legislature and a candidate for representative at the last election from Shelby, and Senator Hopkins of Guthrie county, have been in Des Moines for two days. Each desires to be a candidate for state auditor in the election, too, before many days, charging frauds and irregularities. It is likely, furthermore, that there will be court-martial proceedings filed against a number of members and officers of the Fifty-sixth. It is learned that four of the captains of the Fifty-sixth have resigned since the election.

Appeal to Country Banks.

A circular letter from the Des Moines Clearing House association was mailed today to each of the country banks in Iowa, in which they were appealed to to aid in getting money in circulation, so that Des Moines and Iowa banks will be in a position to follow the lead of the Chicago and New York banks in requiring the payment of currency. This is the first step.

A Voice From The Stomach

A Bloodless Fight Between a Tablet and a Habit—The Tablet Wins.

At the age of 22, Clarence had good digestion. He had gastric juices that could dissolve doughnuts and turn appleskins into good blood corpuscles. At the age of 24 he began to be profuse about the waist and lean backwards. He also began to cultivate several vices. In a new-found pride began to think it his duty to gorge himself on everything good and the bad, for appetite feeds on appetite—and every good thing is abused.

His pictures, showed that he took on weight after he put his collar on. At the age of 26 Clarence married and went to boarding. On top of all this, he attended extra suppers and wine dinners, which reduced the size of his collar from 14 to 15. With still abiding faith in the strength of his stomach he gulped his meals, and chewed them afterwards.

At the age of 28 Clarence began to hear an inward voice—a warning from the stomach. After each meal, he would feel bloated—and being became a habit. He began to feel a gnawing, unsatisfied "stilt-hungry" feeling in his stomach, even after he was through eating, whether his meal was well cooked or not. And he suffered a good many other things with his stomach that he could not explain, but that made him grouchy, miserable, out-of-sorts and generally sour on everybody and everything.

Finally he read and accounted something like this, about the truly wonderful results obtained from Stuart's Dyspepsia Tablets in all cases of stomach trouble, dyspepsia, and so on. He bought a 50c box at the drug store, and took the whole box. When he started, he had little faith—and a less appetite. When he finished he had healthy faith—and more appetite, and more good cheer. Things began to taste different and better to him.

Now he has no more dyspepsia, no more indigestion, no more loss of appetite, no more flatulency, burning sensation, heartburn, nausea, eructations, bad memory, loss of vim and vigor.

Remember, one box of Stuart's Dyspepsia Tablets will digest for you 2,000 grains of food, just as it did for Clarence.

This relieves you stomach of the work of digesting, until your stomach can get strong and healthy again. Your stomach has been overworked and abused. It's fagged out. It needs rest.

Send your name and address today and we will at once send you by mail a sample package free. Address F. A. Stuart, Co., 19 Stuart Bldg., Marshall, Mich.

taken in this state toward resuming the payment of currency. In the circular the country banks are asked to answer these questions:

- 1. Are you willing to re-operate with us... 2. In case of resuming normal conditions how much currency are you likely to send us for deposit? 3. If you have more than your normal amount of currency, how much can you send us for deposit? 4. If you see fit to do so, we would appreciate your sending to our Des Moines office a statement of your condition at this time, showing the amount and your money on hand.

Patrons to Speak Here.

C. G. Patton of Charles City, who has done more for the Mississippi valley in the way of originating new varieties of fruit than the great Burbank himself, will be in the city in December to attend the state horticultural meeting.

Fallon is president of the State Horticultural Society. He is known to lovers of fruit and flowers all over the state. The greater part of his life has been devoted to experiments with various fruits.

His experiments have been confined to the fruits raised in Iowa and the Mississippi valley alone. The results are, therefore, especially applicable to fruit growers in this part of the country.

Indict Sears-Roebuck.

The federal grand jury here brought in an indictment today against Sears-Roebuck & Co., the big mail order house of Chicago. The indictment was returned to be reported yesterday, but the jury did not get it out till today.

There are three counts, and the penalty on conviction will be a fine of \$500 on each count. Among the witnesses who testified against the firm was C. F. Spring, a doctor, 33 1/2 Lehigh building, who says he bought and used white lead at all.

M. Miles, a rural mail carrier on route No. 1, said he had bought two boxes of the company, both of which were not as represented.

It is supposed that this is the beginning of a fight against the two big mail order houses of Chicago, Sears, Roebuck & Co. and Montgomery Ward & Co., and that W. J. Pirkinton, editor of the Iowa Trade Journal, who worked up the case, will bring more evidence to bear.

Laudanum Daily Diet.

WEBSTER CITY, Ia., Nov. 28.—(Special.)—When E. H. Whitman walked into the Helvetia restaurant, asked for a glass, poured a part of the contents of a bottle of laudanum into it and attempted to drink it. P. Bay, the clerk, interfered, thinking the man was attempting suicide. Constable Pilon and Mayor Hyatt were called into the restaurant and a two-ounce bottle, from Whitman, was taken away from him.

Whitman entered the restaurant and called for a hot chocolate. After drinking this he called for a clean glass, when he tried to take the laudanum. Whitman explained to the officers that he was a painter, having recently come here from Renwick. He stated he was substituting the laudanum for the paint he had been taking this drug in small quantities for this ailment. The man was not taken into custody, though nothing will convince Bay that suicide was not contemplated.

Delinquent Tax List Small.

WEBSTER CITY, Ia., Nov. 28.—(Special.)—The annual delinquent tax sale to be held in this city Monday will be the smallest held in years. Not more than 100 pieces of property will be sold. In this city, as published by the Journal in this issue, there are 225 descriptions. Since the publication of these lists, only one delinquent has come in to the office of County Treasurer Brandrup and paid their taxes.

Money Made Much Trouble.

BOONE, Ia., Nov. 28.—(Special.)—At Cambridge last night Mrs. Aaronson of Oden, Ia., met her sister in combat as it is said. The publication of these lists, only one delinquent has come in to the office of County Treasurer Brandrup and paid their taxes. The annual treasurer's sale in Hamilton county usually runs from 150 to 200 pieces of property. Last year there were 150 in the list. There are several reasons for the smallness of this year's sale. Last year's excellent crops, of course, had much to do with it, but the activity of Mr. Brandrup, too, has had a tendency to decrease the list. The condition is one that is being generally commented upon here for not in many years has Hamilton county had so small a list of properties offered at a delinquent tax sale.

Dancing Proves Fatal.

Many men and women catch colds at dances which terminate in pneumonia and consumption. After exposure, if Honey and Tar is taken it will break up a cold and no serious results need be feared. Refuse any but the genuine in a yellow package. For sale by all druggists.

GRAIN MOVING TOWARD MARKET

James J. Hill Says His Road is Handling Million Bushels a Day.

NEW YORK, Nov. 28.—James J. Hill, chairman of the Great Northern railway, arrived in this city from the west today with stories of the golden flood of grain that is being rushed eastward, and also to the Pacific coast, as fast as the freight trains of the granger roads can haul it. What, with the grain and live stock movement, the northwest is booming and earning, and the southwestern roads are, still expressing their previous records, according to Mr. Hill.

"The Great Northern," said Mr. Hill, "is carrying eastward 750,000 bushels a day. There is a grain movement toward the Pacific coast on all the western roads aggregating 250,000 bushels a day. When asked about the report of an increase between the Hill and Harriman interests, Mr. Hill said that it was a revival of an old story. He declined to discuss the report, other than to say that there were no disputes between Mr. Harriman and himself.

Woman Has Valuable Patent.

IOWA FALLS, Ia., Nov. 28.—(Special.)—Report comes from Webster City that a young woman who formerly lived here has perfected and patented an attachment for the Burroughs' adding machine that insures a comfortable future for the rest of her life. Miss Alta Light, who later became Mrs. Newman, is the inventor that has perfected the attachment that will do some in subtraction as rapidly and accurately as the original machine performs sums in addition. Mrs. Newman had already been offered \$5,000 for her patent, but Des Moines capitalists have offered her any amount of money to carry out her plans and put the machine on the market in return for an interest in the royalties that will accrue. While Mrs. Newman was cashier in the Welden department store.

Pottery Plant to Be Opened.

MARSHALLTOWN, Ia., Nov. 28.—(Special.)—It was announced this afternoon that experiments in the making of glazed brick and tile, which have been going on for several weeks at the plant of the Marshalltown Pottery company, have proved eminently successful and that the plant would be opened within a few weeks for the manufacture of this class of products. This means the purchase of the property from Moore Bros. of Burlington by a new company now in the process of organization in Kansas City. H. W. Slothower and More-

land Brown of Kansas City are financing the purchasing company. J. F. Brown, who has been supervising the experiments, left tonight for his home in Pennsylvania to prepare to move to this city.

Degree Conferred on Twenty.

CEDAR FALLS, Ia., Nov. 28.—(Special.)—The fall term of the Iowa State Normal school closed this afternoon and President Sealey conferred degrees upon a class of twenty who comprise the graduates for the November session. The board of trustees has been in session all day and have elected Prof. Robert A. Fullerton of Chicago instructor in vocal music to fill the vacancy caused by the resignation of Mrs. Katherine E. Gray. The winter term will open December 3 and already there has been a large enrollment.

Iowa News Notes.

TABOR.—Johnathan Kerns, living west of Tabor, in the Washington section, has several ribs fractured this morning by his team running away as he was starting to go to work.

CRESTON.—Work was begun on the Burlington's new depot at Prescott this week. Several cars of material are on hand and more are on the way. The building will be about 52x30 feet, with a 12-foot ceiling.

TABOR.—Married, at the residence of the bride's parents, Mr. and Mrs. C. F. Spring, two miles north of Tabor, November 24, Mr. A. Dempster Ferrel of Glenwood and Miss Jeanie Judson, Rev. Mr. Easterson officiating.

CRESTON.—Conductor Dave Fisher, who has run on Nos. 13 and 4 and 2 between Burlington and Omaha for so many years, has been given the runs belonging to the late conductor, H. M. Mitchell and his duties will be turned over to Fisher and C. F. Spring, a doctor, 33 1/2 Lehigh building, who says he bought and used white lead at all.

MARSHALLTOWN.—A peculiar malady, which is just at present puzzling the physicians of the county, is being reported at Dague, a well known merchant of Gilman, and which gives promise of perhaps causing his death, unless he can be successfully overcome. Not long ago Mr. Dague suffered with an attack of urticaria, commonly known as "hives," which left him but it brought on a fever, which has many peculiar symptoms. The patient is at the present time in the hospital at the Helvetia restaurant, asked for a glass, poured a part of the contents of a bottle of laudanum into it and attempted to drink it. P. Bay, the clerk, interfered, thinking the man was attempting suicide.

MARSHALLTOWN.—Having exhausted practically all of its funds, except an amount necessary to provide the bare necessities of maintenance for the public library, the board of trustees at a meeting yesterday gave notice that the library would be bought until after the first of the year, when additional money would be received from the spring payment of taxes. The shortage of funds has resulted from unusually large purchases of books made during the ten months of this year.

CRESTON.—At the Business Men's club last night the business men wishing to express their full appreciation of the attitude of the local banks toward the present financial agitation, adopted the following resolution: "Resolved, That we do hereby express our earnest appreciation of their action in paying the November railroad freight taxes, and especially do we desire to acknowledge full confidence, and congratulate them on their generous and patriotic action in this regard which they have handled the present financial situation and maintained normal business conditions in the city."

Misourit Avenue Estimates.

The city engineer finished the preliminary estimates of the special assessment of Misourit avenue, between the Pioneer block to the Walter Brandus block, 24th and 25th, second floor.

Mr. J. R. Kenning has returned from a visit in Columbus, O. She has been away for several months.

Free for Xmas.

Until December 15, one-size picture given with one dozen best photos at Peterson's studio.

The Independent Order of Foresters will give a masquerade ball at Odd Fellows' hall Friday evening, November 28.

Modern Woodmen of America lodge No.

AFFAIRS AT SOUTH OMAHA

Council Has Short Session and Passes the Monthly Payroll.

POLICE BOARD HAS LIGHT RUN

Q Street Viaduct to Be Repaired and Opened to Street Car Traffic—Present Condition of Structure Dangerous.

The city council held a short session last night for the principal purpose of passing on the monthly salaries. Only these were included in the report of the finance committee. The regular monthly bills were postponed until the next meeting.

Dr. Koontz presented a report on milk tests which showed that dalmatians Charles Miller and P. Larson had been selling milk under the required test for quality. A petition was received asking that Miss Margaret Anderson be appointed telephone operator. Two sidewalk ordinances were passed and the ordinance creating the office of telephone operator was also passed. The appointment for the office was not made. Several more applications for the position of janitor were presented to the city council.

It was arranged for the council to sit as a Board of Equalization for the adjustment of the special assessment of paving and sidewalk taxes on December 10 and 11. The council then adjourned to meet Monday evening in regular session.

Fire and Police Commissioners.

The Board of Fire and Police Commissioners held a brief session last evening. It was arranged for the council to sit as a Board of Equalization for the adjustment of the special assessment of paving and sidewalk taxes on December 10 and 11. The council then adjourned to meet Monday evening in regular session.

Chief Briggs stated yesterday that he expected to move into the new jail within the next few days. He visited Mayor Hoyer yesterday on the matter and it was suggested that whatever modification may be made in the present city jail can be made at any time without inconvenience to the proper working of the department. The chief of police is much in favor of taking out about half of the present cells and making in place a "bull pen" where the men who are arrested for small offenses and who serve from three to seven-day sentences may be kept separate from the more desperate characters. He said that he told the architect what his idea was but the plans were drawn, but for some reason the suggestion was not followed. In other respects the new jail presents many conveniences for the comfort of the officers.

Chief Briggs stated yesterday that he expected to move into the new jail within the next few days.

Mr. J. B. Watkins will entertain a number of guests this afternoon at Thanksgiving dinner at the Hotel Hamilton. Patrick Hector and wife left Tuesday evening for California, where they will spend the winter.

Magic City Gosip.

Jetter's Gold Ton Beer delivered to all parts of the city. Telephone No. 8. Colonel I. C. Gallup left Tuesday night for a visit with his parents in Rochester, N. Y.

Misses Pauline and Minnie Willis are the guests of Captain Neils Turquist and family. Fred Paul and Paul McDonald left last evening for Kansas City to spend the holiday.

Mr. J. B. Watkins will entertain a number of guests this afternoon at Thanksgiving dinner at the Hotel Hamilton. Patrick Hector and wife left Tuesday evening for California, where they will spend the winter.

Explosion of Natural Gas Wrecks Rooming House in Kansas City.

KANSAS CITY, Nov. 28.—Fire caused by an explosion of natural gas in a rooming house occupied by 200 railroad laborers at St. Louis avenue and Santa Fe street, this morning, resulted in the death and fatal injury of many inmates. Seven bodies, burned beyond recognition have been taken from the ruins. One man was fatally burned and another was fatally injured by jumping from a second story window.

Most Wonderful Healing.

After suffering many years with a sore, Anous King, Fort Byron, N. Y., was cured by Buckler's Arnica Salve. Ec. For sale by Beaton Drug Co.

CANAL JOBS ARE ALL FILLED

Chief Engineer Advises Men Without Appointments to Keep Away from Isthmus.

WASHINGTON, Nov. 28.—"Discourage vigorously any applicants for work on the Isthmus without appointment. All positions filled and no increase contemplated. Unemployed men without funds sources of embarrassment."

The above dispatch from Chairman and Chief Engineer Goethals of the Panama Canal commission was received at the Washington office today. Applications for work on the Isthmus are coming in at the commission's office at the rate of 500 a day, an increase of probably 25 per cent in the last month. These are due, the officials here think, to the curtailing of various enterprises in the United States and more settled and comfortable and healthy conditions which now obtain on the Isthmus. It is estimated that 50 per cent of the employees engaged by the commission at the Isthmus are permanent, as compared with a percentage of approximately 10, in that class some time ago.

Men are more content to remain on the Isthmus than they were formerly.

said an official of the commission today, "due to the fact that wages are better than in the United States and to the general improvement in conditions that has taken place."

will be placed with the Board of Equalization as a foundation for the settlement of all differences on the matter of the special assessment.

Viaduct May Be Reopened.

According to the city engineer there is a prospect of again opening the Q street viaduct to street car traffic. Mr. Rohrbough said the Union Stock Yards company and the Union Pacific were willing to do anything in reason to make the viaduct safe for travel. At the present time the viaduct is in a dangerous condition. Several new stringers are needed before it will be safe for travel. The old stringers under the car track have spread perceptibly and this was the cause of issuing the order closing the structure to the street cars. The engineer has made a personal examination of the needs and the Union Pacific and Union Stock Yards engineers have also visited the viaduct since it was closed. The street railway company also is assured that the danger of using the viaduct has lately become grave.

Eagles' Nominations.

The Fraternal Order of Eagles held its regular nomination Tuesday night. These officers will be voted on December 2. J. A. Parks, worthy president; J. P. Donahay, Henry Rothfels and Emil Hansen, worthy vice president; H. Warner, W. P. Matten and Mathew McDermott, worthy chaplains; Jay N. Williams, secretary; George Clemens and C. L. Dutch, treasurer; Mike Grant, inside guard; William Rout, A. J. King, M. V. Doyle, E. Hansen, H. Arnold, G. Hauptman, D. J. Hinchey and George Haynes, trustees; Drs. Davis, Koening, DeLaney and Schindler, serene physicians.

Stock Prices Go Up.

With a 15-cent rise in cattle, a steady sheep market and an advance of 15 to 20 cents on hogs, many Omaha commission men wear more cheerful faces and are beginning to look on the "rich man's" panic as a thing of the past. It is said by all of them that the hog market is the most sensitive to price conditions, and may well be taken as the barometer of the world of the packing industry. The receipts yesterday were rather light, in view of the closing tomorrow. The commission men will have little or nothing to do until next Monday. There will be the test of the soundness of the present advance. The short run had something to do with the sharpness of yesterday's advance.

Chief Briggs stated yesterday that he expected to move into the new jail within the next few days.

Mr. J. B. Watkins will entertain a number of guests this afternoon at Thanksgiving dinner at the Hotel Hamilton. Patrick Hector and wife left Tuesday evening for California, where they will spend the winter.
