NELSON ASKS FOR CLEMENCY

Platte County Bank Robber Makes Plea for Release.

WARDEN AND PRISONER DISAGREE

Washington Lawyers Ask Permission to Appeal Claim of Officers of the Third Nebraska Regiment.

(From a Staff Correspondent.) LINCOLN, Dec. 2.—(Special Telegram.)—Warden Beemer of the state penitentiary and C. H. Nelson, convicted in Platte county on a charge of attempted bank robbery in Columbus, have a disagreement.

Nelson was sent up from Platte county with a five-year sentence, being received at the penitentiary in April, 1906. He now claims he was a victim of Norway at the time, being a resident of Selmer, and that he was not guilty; was not given a fair trial; was refused an appeal to the supreme court, and now treated cruelly by the prison authorities.

Nelson claims to be a cripple and has all along used crutches in prison. He was employed as messenger, but his actions, the warden states, became so unbearable that of late he was placed in confinement and his crutches were taken away. It is claimed he has been shamming and that frequent examinations by the prison physician have shown this true. The warden also says Nelson has a bad record and is wanted at College View when he finishes his present term of service.

Judge Hollenbeck, before whom he was tried, and Attorney General Thompson have looked into the case and are satisfied that justice has been done. The warden asks that a special commission be appointed to examine Nelson.

Pay for Third Nebraska Officers.

Recently Adjutant General Schwars received funds from Washington in the sum of \$2,284.81 which were allowed by the auditor of the War department as pay for the officers of the Third Nebraska regiment which served in Cuba. The claim was prosecuted by attorneys in Washington and they have written to Governor Sheldon asking for permission to appeal the case to the comptroller of the treasury on the ground that the allowance is too small. The attorneys represent that in the case of the pay for the enlisted men of this same regiment, by prosecuting an appeal from the decision of the War department auditor, the sum was increased from \$1.63 to \$3.77. The attorneys receive 20 per cent commission, hence their zeal.

Manager Zebrung Prosecuted.

Chief Deputy Labor Commissioner Ryder today signed a complaint against F. S. Zebrung, manager of the Oliver theater, for permitting in Monday night's performance of "The Squaw Man" the little league to give numerous extracts from the most famous medical writers of prominence, extolling the various ingredients which enter into Dr. Pierce's Favorite Prescription. It is worth looking over for you are a sufferer.

Dr. Pierce does not claim for his "Favorite Prescription" that it is a "cure-all." It is recommended as a most perfect specific for women's peculiar ailments. So uniform are the results which follow the use of this remarkable remedy, that it can be truly affirmed of "Favorite Prescription" that it gives help and almost always cures. Ninety-eight per cent. of the women who give this medicine a fair and faithful trial are cured and remain cured.

Attack on Standard Oil.

C. D. Chamberlain of Cleveland, Ohio, secretary of the National Petroleum association, this morning made a spirited attack on the Standard Oil company in a speech before the State Railway commission. He asserted that Nebraska, like other states, was in the grip of the alleged oil combine on account of favorable railway rates. He wanted the rates to county seat points equalized so that the independent companies would be placed on an equal footing with the Standard Oil company. The national petroleum association of Cleveland, and the National Refining company of Omaha filed complaints several weeks ago and a hearing was granted today.

The Lunch Counter

Is the Cause of Dyspepsia and Indigestion, Catarrh of the Stomach and Heart Disease.

Nine-Tenths of Those Who Eat There Bolt Down Their Food.

The next time you eat at a lunch counter just you watch the people opposite. Look down the whole line and notice how they bolt down their food, washing it down with hot coffee and water. First they take a large bite and then a drink, a bite and a drink, hurrying through their meal in five or ten minutes.

Many of them don't know the correct way to eat, while others are so intent on money-making that they will not take the time to eat properly.

The lunch counters create a great demand for Stuart's Dyspepsia Tablets, for every one now knows that they assist the stomach in digesting the food that has been suddenly forced down into it.

Health should be the first thing sought for in the battle of existence. With a sound body all things are possible to man, while ill-health handicaps him.

The dyspeptic is usually grouchy and cannot meet his fellow-man in the proper spirit to win his confidence and esteem. Many a fine proposition has failed because a dyspeptic was the one to whom it was offered.

Your brain does not work right where dyspeptic conditions prevail, neither does any organ of the body. Get your digestive apparatus in perfect condition first and all will go well with you.

Take Stuart's Dyspepsia Tablets until you cure yourself of indigestion, catarrh of the stomach and dyspepsia, and your heart, liver, brain and all the organs of the body will perform their functions properly and you will be in sound health.

Don't give up in despair, but get right and all things will come your way and you will again smile on you.

You can purchase Stuart's Dyspepsia Tablets anywhere on earth. They have become a family necessity everywhere. They are 50 cents per package. Send your name and address to-day and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

He thought he might be able to make the trip, but he finds the press of official business too great.

Mrs. William J. Bryan left this afternoon for New York. Accompanied by her daughter, Mrs. Ruth Bryan Leavitt, she will sail Saturday for Cairo, Egypt. Afterwards they will visit Palestine. They will be absent until next spring.

Another Appeal for Sen. Mrs. M. A. Lear of Leavenworth, Kan., has written Governor Sheldon a very pathetic letter asking for the release from the penitentiary of her son, who was sent up from Greeley county. The son now has an application pending before the governor for a pardon. The mother writes that she fully expected to see her son home by Thanksgiving but inasmuch as he was not in time to eat Christmas dinner at his old home. She assures the governor that he was always good to her when he was at home and if he is released she knows he will remain at home in the future.

Fighting for Diploma. The fight of Ella May Nelson to compel the Lincoln Medical college to issue her a diploma to practice medicine has reached the supreme court, the medical college having lost the first round and appealed. The woman claims she was wrongfully refused the diploma by a minority of the examining board and her contention was upheld by the district court of Lancaster county which ordered that the diploma be issued. She attended the college four years.

After Plattsmouth Liquor Men. Deputy Food Commissioner Johnson has notified the county attorney of Cass county to begin prosecutions against a number of liquor dealers in Plattsmouth for violating the pure food law by not properly branding the bottles in which they keep liquor for sale. The dealers to be complained against are Frank Beuf, William Hendrickson and William Barclay.

Stock Yards Report Wanted. Attorney General Thompson has received permission to file a motion with the supreme court for a mandamus to compel the Union Stock Yards company at South Omaha to file a report with the State Railway commission as to the common carriers. The case will be heard at the next sitting of the court if the petition is filed.

Evidence Against Wrong Man. Because he could find no evidence that a saloon keeper at Murdock was violating the law Food Commissioner Johnson decided this morning not to prosecute Charles H. Rager of that town, a competitor of the saloon, who sells temperance drinks, for selling ale which contained alcohol. Mr. Johnson announced this morning that Mrs. McMurphy, employed as a food inspector, had bought a bottle of the hop ale at the temperance establishment, brought it to Lincoln, where an analysis showed it contained alcohol. It was up to Johnson then to prosecute the man who sold the article, but instead of doing so he said he did not propose to bring suit against this establishment, which he said had been started by the temperance people of the town in opposition to the saloon, unless he could also find some evidence of a violation of the law by the saloon keeper. So he sent Drug Inspector Nicholson to Murdock to investigate the saloon. Nicholson found the saloon keeper had his bottles all branded in accordance with the pure food law, though Johnson was of the opinion

this had been done only recently after the saloon keeper had gone to Omaha and consulted with the warden who was in charge. Further investigation showed, as Johnson said, that Rager had sold only one bottle of the ale, that to Mrs. McMurphy. The incident has been closed and no prosecutions will follow.

WOODMAN LODGE CLERK MISSING

Said to Be Several Hundred Dollars Short in His Accounts.

NEBRASKA CITY, Neb., Dec. 2.—(Special Telegram.)—Charles Mack, clerk of Elm camp No. 25, Wood of the World, left for a few days and on his return his accounts show a shortage of between \$40 and \$50. Mack was employed as clerk in the drug store of the Marshall Bradley Drug company. When leaving town he sent word to the store to give any salary due him to his mother. The young man came from poor parents and worked his way up to the position of trust that he held. Living beyond his means and associating with companions whose pace he could not afford are the causes of his downfall.

The bonding company and examiner of the head camp will arrive tomorrow to take up his accounts. The local Board of managers demanded an accounting and this probably hurried his departure.

Killed at Grade Crossing.

HAYSTACK, Neb., Dec. 2.—(Special.)—Henry Day, painter, was run over and killed at the railroad crossing by the hemp mill by the Burlington passenger train No. 12, going east, at 4:30 p. m. Mr. Day lived in Lincoln and was driving out to his daughter's, Mrs. Rust, east of Haystack, for a few days visit. He stopped in Haystack and bought a few articles and was along. He was driving a single horse and a top buggy and it is thought the top being up he did not see the approaching train. The horse got over the crossing all right and escaped unharmed, the engine striking the buggy and mashing it into kindling wood. Mr. Day was picked up eighty feet away from the crossing with nearly every bone in his body broken and a high hole cut in his head. Mr. Day was a widower and was 57 years old. The body will be buried at Haystack Wednesday.

MANY WANT TO MAKE OLEO

Over Hundred Applications Filed for Right to Deal in Process Butter.

Over 100 wholesale and retail dealers in oleomargarine and process butter have applied for licenses to deal in this product in Omaha during the last ten days and new applications are being made daily. These permits must be obtained through the internal revenue department of the government and a special permit under the state law. The sudden increase in the number of these applications is attributed to the high price of pure butter. Many establishments, including hotels and restaurants that have hitherto refused to use anything but genuine butter, are now applying for permits to use the artificial product.

While the federal pure food laws do not require the dealers in this artificial butter to advertise the fact to their customers they are required to do so under the pure food laws of the state.

Announcements of the Theaters. "The Man of the Hour." George H. Broadhurst's study of American civic life, will be seen for the first time in Omaha at the Boyd theater on Thursday evening of this week. In this play Mr. Broadhurst is said to have sketched with a master hand the characters that are to be found in every community of any considerable size in America, and to have touched exactly the spot that afflicts every citizen.

It is not a muckraker play, but a drama of real men and women. In New York it was the great success of last season, and is still running there at the Savoy, after more than a year of continued performance. The company which presents the play in Omaha is the best that appeared at the Savoy during the summer while the members of the other company were resting, and which took the play on tour at the beginning of the winter season. It is under direction of Messrs. William A. Brady and Joseph Ormer, which guarantees the excellence of the production. The management is for Thursday, Friday and Saturday nights and a matinee on Saturday.

These two are the reports of the supreme court, compiled by Frank R. Coleman, and the other report of Secretary Hoyce of the State Banking board. ELKS GIVE WAY TO WOMEN

Retire from Lodge Rooms Made into Santa-Class Land for Hospital.

The Elks have retired from their quarters in the Ware block in favor of the Clark Memorial Hospital association and the club rooms have been transformed into a veritable Santa-Class land. All traces of masculine occupancy have been obliterated by an array of Christmas things that the women are selling for the benefit of the hospital building fund. The large main room has been subdivided into booths, presided over by belles of prominent women. The bazaar opened at 9 o'clock Tuesday morning and is quite the fashionable event of the week. The tea booth is one of the most attractive departments and will be in charge of a different corps of young women each day. Mrs. F. H. Cole and Miss Marion Haller were in charge Tuesday afternoon assisted by Miss Eugenie Whitmore, Mrs. Harry Montgomery, Miss Isabel French, Miss Lucy Updike, Miss Mary Morgan, Miss Florence Fawer, Mrs. Fred Rymer and Miss Edith Thomas. Luncheon was served at noon by the women of Good Shepherd's and All Saints churches. The bazaar will continue through Thursday.

TEXAS CONFESSION NOT GOOD

Court at Topeka Declines to Admit Evidence of Southern Harvester Company.

TOPEKA, Kan., Dec. 2.—Judge Dana today decided in the case in which the state is trying to prove that the International Harvester company is a trust, that the "Texas confession" of the company was not admissible as evidence. In the Texas case, which is similar to the present hearing, the Harvester company confessed judgment and paid a fine of \$25,000 for violating the laws of that state. The Kansas court held that the payment of the fine was in the nature of a compromise and not a confession of guilt.

A Good Appetite

An old proverb says—"Hunger is the best sauce." Elijah's Manna starts the saliva at once because it is so crisp and has a dainty, delicate flavor.

The food is made from white corn, rolled between steel rollers into light silken flakes and then toasted to a delicious brown, which brings out the flavor and sweetness of the corn.

Be sure the food comes to the table crisp. When package is allowed to remain open the moisture of the air makes it tough. In such case insist that it be dried in an oven as per directions on pkg., then it is delicious.
