## GRAIN AND PRODUCE MARKET

Firm Cables Send Everything Up and Increase Activity.

SHORTS COVER AND BUYING GOES

sontiment is that Market Has Had Sufficient Break, to Level it to Existing Conditions.

OMAHA, Dec. 4, 1907.

Everything opened higher and very active, due to firm and higher cables. Most of the shorts have covered and buying was general. The sentiment seems to be that the market has had a sufficient break to level it to existing conditions and the buils are feeling more hopeful.

Wheat started well and opened considerably higher, with foreign advices encouraging and Liverpool holding stronger. Buying was good at the start and there was some active trading, but this sagged off toward the close and prices went back to about yesterday's close. May wheat opened at 88c and closed at 88%c.

Corn opened higher with wheat and held fairly firm. Cash demand is considerably better and as soon as the market shows any life there is a tendency of holders to hold back their offerings. May corn opened at 50c and closed at 48c.

Oats were strong at the start and opened much higher; the interest sinckened later, however, and there was a slight falling off. May cats opened at 48%c and closed at 48%c.

Primary wheat receipts were 1.013,000 bu.

Frinary wheat receipts were 1,013,000 bu.
And shipments were 903,000 bu., against receipts last year of 850,000 bu. and shipments of 786,000 bu.

Corn receipts were 422,000 bu. and shipments were 250,000 bu., against receipts last year of 421,000 bu. and shipments of 423,000 bu. Clearances were 165,000 bu, of corn, none f cats and wheat and flour equal to 819,000 Liverpool closed MCId higher on wheat and MCMd higher on corn. Prices on Board of Trade.

Prices on Beard of Trade.

CHICAGO, Dec. 4.—Wheat prices on the local exchange declined nearly 2c today because of selling based on continued liberal movement of wheat in the northwest. At the close the May delivery showed a net loss of \$60. Corn was of \$60. Co of the session. Receipts of wheat at Minneapolis and Duluth today were hearly 100 cars in excess of those received the 100 cars in excess of those received the corresponding day a year ago, while those at Winnipeg were \$75 cars, against \$15 cars last year. A report from Minneapolis was to the effect that the movement would probably continue to be heavy all winter. A sump in coarse grains helped to weaken the wheat market during the last hour of trading. The close was weak. May opened & \$1.02 km and then declined to \$1.00%. The close was at \$1.00 kg 1.00%. Clearances of wheat and flour were equal to 717.000 bushels. Primary receipts were 1.012.000 bushels. Primary receipts were 1.012.000 bushels. Compared with \$50.000 bushels the same day one year ago. Minneapolis, Duluth and Chicago reported receipts of \$35 cars, against \$12 cars last week and \$57 cars one year ago. Corn prices advanced from \$20 certs was and \$57 cars one year ago. Corn prices advanced from \$20 certs in the day as a result of active demand by shorts, who were actuated by a continued urgent inquiry for cash corn by eastern shippers. Leading longs sold freely on the bulge, which caused a loss of all the early gain. The market closed weak. May opened \$20 ft. The close was at 55 kg \$56 kc. Local receipts were 115 cars with 2 cars of contract grade.

Sentiment in the oats pit was decidedly bulliah early in the session, owing mainly to urgent demand for cash eats. The price of the cash grain was up from 10 2c, the advance being attributed chiefly to an active demand for mak outs. LONDON, Dea. 4.—Money was quiet on the market today and the demand was steady. Discounts also were steady. Trading on the Stock exchange developed a reactionary tendency. Less hope for a reduction tomorrow in the Bank of England's rate of discount caused realizations in consols and kindred securities, while the revival of uneasiness regarding the situation in America added to the easier feeling. Foreigners were adversely affected by Paris sales, while coppers eased with the decine in the price of the metal.

Americans started a fraction over parity, but they fell from half a point to a point under profit taking and bear pressures. The increased currency premium was not liked.

President Roosevelt's message to congress, which is regarded favorably, had been discounted and did not have much effect on the market. A slight improvement later was assisted by the stendy Wall street opening. The market closed firm, above the lowest prices of the day.

PARIS, Dec. 4.—Trading on the Bourse today was heavy.

BERLIN, Dec. 4.—Trading on the Bourse today was dull and weak as a result of the disappointment in Fresident Rooseveit's message to congress. Americans were lower.
