SHOPPERS OBEY THE EDICT

Many of Them Buy Their Christmas Wares Early.

INJUNCTION HAS ITS EFFECT

Excellent Opportunities Afforded at the Various Headquarters Selected by Santa Claus in Omaha.

The injunction given by the men who manage the Christmas shopping campaign to "Do your Christmas shopping early" is being obeyed by a great number of people...

Certainly the display of articles in the stores of Omaha is such that the choosing of the presents ought to be easy. The variety is large, the quality good and the prices not prohibitive by any means.

Take neckties, for example, that veteran among Christmas gifts. Of course, every woman will buy from one to a dozen neckties for those men to whom she gives gifts.

For the little folks there are many things, some of them with the charm of traditional attractiveness. One store has a "funky folks' outfit" consisting of sweater, cap and leggings put up in an attractive box.

BEINDORF SUCCEEDS ABBOTT

Receives Appointment as City Ticket Agent of the Union Pacific.

Louis Beindorf has been appointed city passenger and ticket agent of the Union Pacific to succeed George E. Abbott, who goes to Union station to succeed J. K. Chambers, deceased, as depot agent.

When the depot position was first offered to Mr. Beindorf he declined it, not wishing to assume the task of a seven-day-a-week grind, but upon more thorough consideration he decided to accept.

The promotion of Mr. Beindorf has occasioned several minor changes in the general passenger office of the Union Pacific where he was at work.

A meeting will be held at Chicago Tuesday and Wednesday of transportation officials and car accountants of all the leading railroads of the United States to consider methods for better car distribution on a more uniform basis.

Fred Clark, car accountant of the Burlington, is president of the association. Reports from committee members on car service and per diem, office methods and accounting, handling railroad business mail, conducting freight transportation and conducting passenger transportation will be considered.

A. L. Mohler, general manager of the Union Pacific, has returned from a visit over Sunday to his old home at Sterling, Ill. Asked if he could offer any light upon the further plans of resuming improvement work along the Union Pacific, Mr. Mohler replied in the negative.

Grain of the west has apparently been released and is pouring into the markets where an active demand has developed in the last three days after a season of unusual quiet.

Sixty-nine carloads of grain were received at the Omaha market Monday and forty-two were sold on the floor of the grain exchange to competitive buyers.

City officials seem to have been playing with the ordinance which requires transit merchants to pay a tax of 10 per cent on the value of their goods before being permitted to do business in the city.

When one of these merchants opened a stock in the Webster-Sunderland building the city treasurer notified him to pay the tax.

Principal Waterhouse Wants Them Discarded, While Some Pupils of High School Do Not.

Pupils and faculty of the high school are in a quiet contest to determine whether class and society pins can be worn during school hours.

Several years ago, when classes at the high school were first organized and the literary and similar societies were formed, pupils bought pins which they wore to designate membership in such classes or societies.

These pins cost about 25 cents each and the faculty paid no attention to the matter. As the years passed the pins became more ornate and expensive.

When the superintendent of schools, J. H. Waterhouse, learned of the matter he was annoyed to find that the pupils could afford a dollar for a pin some of the pupils were unable to buy them and it was suggested a cheaper pin be used.

Latest designs approved by classes have cost as high as \$2.00. The parents of many of the children are making sacrifices to keep them in school and it is believed distinctions should not be permitted in the school.

As all of the pupils cannot afford to buy these expensive pins the faculty has simply decided to enforce the rule against such pins adopted several years ago.

Pupils and faculty are rather anxiously awaiting a report from Superintendent Davidson on the subject of fraternities in the schools.

It is generally understood the report had been prepared when complaint was made that a society of boys had been recently organized in a way to violate the rule against fraternities and that the superintendent had delayed submission of the report until after he has investigated this.

Members of the faculty say that it does not violate the rule.

Joseph Manley pleaded guilty in police court on Monday morning to robbing a blind man. The blind man had been sitting on a curbstone all day Saturday grinding out mournful tunes from a hand organ and at night had half a cup full of nickels and coppers.

He was standing on a corner counting his day's receipts when Manley approached him and asked him for money to buy his supper.

He replied that his business was receiving alms and not giving them, at which reply Manley proceeded to help himself to the coin.

An officer caught Manley in the act of taking the blind man's money and arrested him. He was sentenced to ten days in the city jail.

Convicts Are Used to Repair Highways Down in Missouri, Says Bruning.

Fred Bruning, county commissioner, has returned from Kansas City, where he went to investigate methods of road making.

They are doing considerable repair work on the roads down there," said Mr. Bruning, "and they are using some of the county prisoners to do the work."

They have the workhouse system and the prisoners at the workhouse are required to use their time on the roads. The system is fairly successful. They do not work the prisoners so much for the value of their services as for the exercise it gives them."

GRAIN POURS INTO MARKET

Apparently Released, from Way it is Coming to Omaha.

EXCHANGE HAS ONE RECORD DAY

Forty-Two Carloads of Cereals Are Sold on Floor Monday Noon, Which is the Banner Sale for This City.

Grain of the west has apparently been released and is pouring into the markets where an active demand has developed in the last three days after a season of unusual quiet.

Sixty-nine carloads of grain were received at the Omaha market Monday and forty-two were sold on the floor of the grain exchange to competitive buyers.

The shipments consisted of thirty-nine cars of wheat, eighteen cars of corn and twelve cars of oats. The cars forwarded Monday totaled eighty-one and consisted of thirty-one cars of wheat, seventeen cars of corn and thirty-three cars of oats.

When forty-two cars were sold Monday noon on the floor of the exchange one of the record days of the Omaha grain market was recorded. Not many days in the last two years have made such a record.

Railroads report that more and more grain is being loaded at the stations in Nebraska and the supply of cars is large enough to accommodate all shippers, whether line elevator buyers, independents, farmers' elevator companies or the farmers themselves, who demand cars now and then to ship the grain direct.

For the last six days a steady increase has been noted until Saturday the Burlington loaded 175 carloads of grain at Nebraska stations.

Water often contains germs of typhoid fever, milk frequently those of tuberculosis, but beer has been boiled for hours, so that it is absolutely free from germ life of any kind. In addition to this, Stone's Blue Ribbon Beer is filtered through white wood pulp, put in bottles that have been thoroughly washed and sterilized, then pasteurized one and one-half hours after the bottles are sealed. You cannot drink a purer, safer beverage. It is because of these reasons physicians recommend Stone's Beer.

For Goodness' Sake Get Karo Corn Syrup. Karo Corn Syrup is more than "goodness"—it's a food so valuable in its properties that authorities class it high among food products. Not only nutritious but delicious—a golden syrup of exquisite flavor that pleases all palates. For every use from griddle cakes to candy. 16c., 25c., and 50c. in air-tight tins. CORN PRODUCTS MANUFACTURING CO.

Bisshart, photographer, 18th & Farnam. J. A. Kervan, tailor, 666-10 Brandeis Bldg., will make a suit to please you. We always have Rock Springs Coal, Central Coal and Coke Co. of Omaha, 13th and Harney streets.

Trade in Tea and Coffee House—J. F. Malone has sold to Vivian Moxa a half interest in the retail tea and coffee house at 2111 Cuming street.

Wants Divorce for Getting Struck—Lucy C. Graham has begun suit in district court against Jerome Graham for divorce, charging him with striking her. She also wants the custody of their daughter.

Thieves Get Four Hams—William J. Holmes' grocery store at 217 North Twenty-fifth street was broken into Sunday night and four hams were all that was taken. The police believe somebody is preparing for a big Christmas dinner.

New Sulphur Tester—The city gas commissioner has installed a new sulphur testing machine. The new machine shows that the old one was not accurate. The first test made by it showed 23 grains of sulphur to the 100 cubic feet of gas, while the old one showed but six-tenths of a grain.

Tailor Shop Robbed—The work shop of Dresser the Tailor in the Crouse block, at Sixteenth and Capitol avenue, was broken into by thieves Sunday night and an overcoat, coat and vest were stolen. The door was found locked and the police are of the impression that some one who had a duplicate key to the padlock fastening the door is the thief.

Chambers Leaves Ten Thousand—John E. Wilbur was appointed administrator of the estate of James K. Chambers, the Union Pacific ticket agent who died several days ago. Mr. Chambers' property is estimated to be worth \$10,000, equally divided between personal and real estate. The property will go to children. Mr. Wilbur is his son-in-law.

Word from Walter A. Waggoner—Walter A. Waggoner, son of License Inspector Waggoner, who left in November for the Klondike country, has reported. He wrote from Whitehorse, the head of rail travel, saying that he would be delayed in his trip to Eagle by reason of arrangement of the stage line. No further word is expected from him until communication opens in the spring.

Two Boys Try to Get Out of Jail—Frank Townley and George Thompson, two boys charged with breaking into a store at Irvington and stealing \$10 in cash, were arraigned before Judge Troup Monday and entered pleas of not guilty. Townley is under 17 years of age, while Thompson is less than 16. The two boys while in the county jail tried to burrow their way through the brick wall, but were discovered.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicine—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots and plants growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition.

Such purity and safety, the scientific principles used in their preparation, and the fact that they possess the intrinsic medicinal properties of their own, being a most valuable and nutritious and strengthening tonic, and a most effective and refreshing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomachs by softening, relaxing, heart-burn, sour breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the Golden Medical Discovery is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. In its various stages it will yield to this sovereign remedy if it is used perseveringly. In Chronic Catarrh of the Nasal Passage, it is well, while taking the Golden Medical Discovery for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, laryngeal and nasal catarrhs, secretions are loosened by irritation and congestion of the laryngeal mucous membrane. The Discovery is not so good for such cases as when taken from about noon, but it is expected to cure consumption in its advanced stages—no medicine will do this—but for all the chronic catarrhs, which, if neglected, will lead to a fatal consummation. It is the best medicine there is for such cases.

Dr. Pierce's Golden Medical Discovery is a most potent remedy, especially in those instances, however slight, caused by irritation and congestion of the laryngeal mucous membrane. The Discovery is not so good for such cases as when taken from about noon, but it is expected to cure consumption in its advanced stages—no medicine will do this—but for all the chronic catarrhs, which, if neglected, will lead to a fatal consummation. It is the best medicine there is for such cases.

THIEVES SEEK CORNERSTONE

Move Several Tons of Debris at Cathedral to Secure It.

VALUABLE ONLY TO THE BISHOP

Why Outsiders Should Covet the Box and Its Contents Buried Nearly Half Century is Matter of Curiosity.

Five or six tons of brick and stone were moved Sunday night in an effort made by thieves to secure the contents of the cornerstone in St. Philomena's cathedral now being wrecked by contractors at Ninth and Harney streets.

The corner of the wall under which the cornerstone has rested for almost half a century, has been left standing and as the brick and stone from the superstructure have fallen from above, the wreckage has piled up around the cornerstone. No less than four tons of brick were piled around the stone when the workmen left the old building Saturday. All this material had been moved when they went to work Monday and a large flagstone, weighing a quarter of a ton had been forced from its position above the cornerstone.

It is believed officers or workmen passing the church drove the thieves away, as several hours would be required to move the amount of stone and brick and two hours more would have been necessary to complete the robbery.

The contents of the stone would be valuable to no one except the bishop of Omaha and the members of old St. Mary's and what any living man or men would want to rob the stone for is a matter of conjecture. Nothing of great value, except as a history, is now placed in cornerstones. A few small coins might be found in the cornerstone of old St. Philomena's, but their value would be small compensation for the robbers, who could have drilled a manganese safe in the time required to dig out the cornerstone.

Within a few days the contractors will remove the cornerstone. Father Stenson will be notified when the stone is reached and he will take the box containing the papers placed in the stone to the home of Right Rev. Richard Scannell, bishop of Omaha, where it will be opened. Much interesting material will probably be found in the box, though no one has a record of just what papers are in it. A number of photographs of the early priests and stergymen of the church may also be taken from the ruins.

NEW BANK OPENS ITS DOORS

Live Stock National at South Omaha is Now in Full Operation.

Another national bank was added to the list of Omaha and South Omaha banks when the Live Stock National of South Omaha opened its doors for business Monday morning. The new bank is located at the southwest corner of Twenty-fourth and M streets, South Omaha, and has \$100,000 capital with a stockholders liability of \$100,000. C. M. Schindler is president, T. E. Gledhill vice president and L. M. Lord, cashier. The directors of the new bank are August Berensheim, E. B. Shugart, W. P. Adkins, A. L. Berquist, E. L. Howe, W. C. Lambert.
