LIFE INSURANCE AGENTS

The first of another year is drawing near. For various reasons there will be changes in the agency forces of the different companies. The Midwest Life of Lincoln has just placed upon the market non-participating policies drawn along the lines of the New York standard forms and the recommendations of the commit-

tee of fifteen. The provisions of these policies are fair and liberal, and the rates are as low as those of any other company. In non-participating policies there are no estimates of any kind. Everything is guaranteed. A policyholder knows at the time he makes his application just what his insurance will cost him. The

right man can get an exclusive contract for a term of years for Omaha and Doughas county.
