

GRAIN AND PRODUCE MARKET

Prices Continue to Work Higher with Greater Foreign Demand.

STRONG SALES IN DOMESTIC MARKETS

Cables and Cereals Wheat Crops Give Strength to All Markets and Point to Still Better Prices.

OMAHA Dec. 22, 1907.

Grain prices continued to work higher with an increasing demand from foreign markets and strong buying at all domestic markets.

Strong cables and a congested domestic wheat market gives strength to all markets and points to still higher prices.

Foreign buyers are showing more buying orders from commission houses and shorts coming in. Opening prices were decidedly higher and prices were well sustained throughout the day. The market was again quiet at the close, but it was well taken and had little effect on the closing prices.

Gold was lower, effected by the bearish government report. Selling was scattered, with the crowd generally bought and working out a set time. However, the market was strong, holding up and shows strength with values some less.

The same market was pretty dull with offerings very light and no particular interest developed to incite any strong bidding.

Primary wheat receipts were 26,000 bushels and shipments were 22,000 bushels and shipment of 22,000 bushels.

Corn receipts were 26,000 bushels and shipments were 20,000 bushels and receipts less 20,000 bushels and shipments of 26,000 bushels.

Creameries were 20,000 bushels and wheat flour 10,000 bushels.

Cooperage closed 10¢ to 11¢ higher on wheat and 10¢ higher on corn.

Seaboard reported 26,000 bushels of wheat and 20,000 bushels of corn, taken for export.
