

DANIEL STOPS, JIM STARTS

City Prosecutor Says No More Sunday Arrests Till Tests.

MAYOR NOW PLANS SECRET RAID
Before Arresting Others Some Sub-
versive Violators Will Be Tried—
Dahlman Takes Up Pre-
scribed District Matter.

Two new moves in the regeneration of Omaha were decided on Tuesday: Mayor Dahlman has a secret plan of doing a little crusading in the prescribed district on his own account and City Prosecutor Daniel has called off the dogs of law and will have no more arrests for Sunday desecration until some of the million or more cases now stacked up are tested.

So come on, Santa Claus.
"No more arrests will be made for violating the Sunday labor law until some of the cases are decided in the district court, and an interpretation put on the term common labor," said City Prosecutor Daniel Tuesday morning. "The only kind of labor the statute prohibits on Sunday is 'common labor.'"

Whether the term was intended to include all sorts of labor, or was used in contra-distinction to skilled labor is a question on which the city prosecutor wants the opinion of the district court before he proceeds any further with the arrest and prosecution of Sunday laborers. One attorney whose client has been arrested for shaving a man on Sunday says that if his client is convicted he will let him go to jail and he will test the law by bringing habeas corpus proceedings.

Our Jim Has a Secret.
Something is brewing in the matter of a crusade in the prescribed district, but what it is only Mayor Dahlman knows and he is as silent on the subject as the proverbial clam.

Monday morning he decided to request Wood Hartley, city abstractor, to furnish him with a report showing the ownership of record in houses in other parts of the city. As fast as the complaints are received they are investigated and where the complaint is well founded the women are instructed to "move on." Just where they will be permitted to move they are not advised and police officers say they do not know themselves, since the work now going on in the way of "cleaning up the district" as outlined in the police court by Judge Crawford Monday.

Many complaints have been received at the police station that women driven from the "cribs" on Ninth street are taking rooms in houses in other parts of the city. As fast as the complaints are received they are investigated and where the complaint is well founded the women are instructed to "move on." Just where they will be permitted to move they are not advised and police officers say they do not know themselves, since the work now going on in the way of "cleaning up the district" as outlined in the police court by Judge Crawford Monday.

Towne of Omaha was made chairman of the executive committee and the Nebraska committee of the national congress, together with four others, to be selected by the chairman, will compose the executive committee.

Famed Examination Successfully.
James Donahoe, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Cure. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Marriage Just Before Death.
PHILADELPHIA: Doc B. Christian W. Stengel, president of the Pelegian Brewery interests in Newark, N. J., died in the German hospital here early today, less than twelve hours after he had been married to Mrs. Marie Louise Pelegian, the widow of the man who once employed him. Mr. Stengel was the confidential assistant of Christian Pelegian and shortly before the latter died, it is said, he expressed a wish that his wife marry Mr. Stengel.

MEN
You should not be deluded with the idea that diseases and ailments of men will correct themselves—they seldom (if ever) do. It is useless to worry about the past cause after the trouble becomes once established. The fact that it now exists makes it necessary that there should be no apathy, no delay, no experimenting, no deferring treatment until later on. Special diseases or affections resulting therefrom should not be tampered with, owing to the natural tendency of every disease to continue to progress and assume more serious proportions if active measures are not employed to bring about a complete and radical cure. Do not let a temporary subsidence of some of the more prominent symptoms lull you into a sense of fancied security.
We treat men only and cure promptly, safely and thoroughly, and at the lowest cost. **BRONCHITIS, CATARRH, NEURALGIC DERMATITIS, BLOOD POISON, SKIN DISEASES, KIDNEY and BLADDER DISEASES and all Special Diseases and weaknesses and their complications.**
