The reports of M further racial rioting at Vancouver come at a particularly inopportune time, on account of the negotiations now under way between Canada and Japan, and they are very annoying to the British government officials having hoped that Japan's willingness substantially to restrict its emigration would soften the anti-Japaneno prejudices on the Pacific coast.

America, because the Indians are British account of rough weather, subjects and the Japanese are its allies. The Transvas) has temporarily retrained from taking measures against those Indians who have refused to register, other than to decline to renew the traders' licenses, all of which expired December II. It is proposed, however, to execute the law in a few days. Two thousand Indians, from all parts of the Transvaai) met recently in Johannesburg and voled to refuse to sub mit to the law.

"I see the state committee will meet on January 8, and as the law provides that President J. E. Godding: vice president, of the state convention it occurs to me thirty days must elapse before the meeting Senator Swink; cashier, E. H. Smith: that February 8 would be a good data on which to hold the convention to select delegates-at-large. Our primary law expressly exempts the selection of delegatesat-large by the primary, but the people of the state have a perfect right to vote their choice for president at the primary at which time delegates to the state and district conventions are chosen. Of course certain either financial interests in this that is a matter for the state committee city conspired to accure the closing of of the republican party to determine at its the State bank by starting rumors last meeting on January &"

Among republicans hereabouts there is a feeling that the delogates-at-large will be Brown and Victor Bosewater
