P. H. Druen Arrested. P. H. Druen is under arrest at the city jail with the charge of wife desertion.

Young Druen, the 15-year-old boy arrested with Harry Ogen, Druen's son-in-law, on the charge of breaking and entering a Great Western freight car and stealing the contents.

Young Druen, against whom a former charge of breaking into the Third street school was pending, was ordered sent to the State Industrial school at Eldora by Judge Green.

The mother does not want the boy sent there, but at his instance, it is said, he has told the authorities some things which implicate his father.

When the father learned this he is said to have purchased a ticket for South Dakota, but Mrs. Druen forestalled his alleged intention by causing his arrest on a charge of wife desertion.

The preliminary hearing of Ogen is to be concluded in police court this morning. Judge Snyder having taken the case under advisement last Saturday.

Ogen admits the theft of the wheelbarrow, but denies breaking the seal on the car and claims the door was open. His counsel contended he could not be held for breaking and entering, but Assistant County Attorney Ross took the position that the act of Ogen in pushing the door back constituted breaking and entering.

A Lazy Liver. May be only a tired liver, or a starved liver. It would be a stupid waste of money to buy a bottle of medicine to cure a liver because he lagged in his work.

In treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with overwork.

Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active.

Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burden imposed upon it by the deflection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily fatigued, frequent headaches, pain in the back, small of back, enervating or distressed feeling in stomach, perhaps nausea, or "bilious" risings in the chest after meals, or any of the symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret medicine of known composition.

DISTRICT COURT OPENS TODAY

Judge Green Will Probably Preside During the First Week.

SEVENTY NEW CASES DOCKETED

Third Trial of Famous Doyle-Burns Suit Will Probably Be Postponed Again—New Trials in Criminal Cases.

The January term of district court will open tomorrow, but it is probable that Judge Thornell, who is to preside, will not be able to be here during the first week.

The December term at Avoca, over which Judge Thornell presided, was an exceedingly heavy one, and the judge expects his presence there will be necessary until next week.

As the term of court in Sidney over which Judge Green will preside does not begin until next week, it is likely that he will take Judge Thornell's place here this week.

The attorneys for Doyle and Burns have filed their trial notice and say they are ready for trial at this term, but as Congressman Smith will probably be in Washington, the defense will, it is expected, try to secure a continuance.

There are a number of criminal cases, among them being those of Marion Hodgepeth and Roy Stevens, who were recently granted new trials by Judge Green. It is understood they will be tried again at this term.

GIRL FOUND IN CONVENT. Ella Kates, Kidnaped Several Years Ago in Kansas City, Located in Dubuque.

CHICAGO, Jan. 6.—(Special)—The Chicago police received word from Dubuque, Ia., tonight that Ella Kates, 17 years old, who was kidnaped from her home in Kansas City, Kan., several years ago, has been found in a convent there.

The discovery followed statements made by William Birmingham and his wife, who were on their way to a charge of stealing Lillian Wolff, 8 years old, from her home a few weeks ago.

According to the police, Ella Kates is the daughter of Richard Kates, a former merchant of Kansas City. She was taken to the convent of the Good Shepherd several years ago, after she had been found in the streets of Dubuque, where she had been abandoned by the Birmingham family.

At that time she gave the name of Peterson, but has recently admitted her identity to Sister M. Delourdes, mother superior of the convent. The Chicago authorities will now endeavor to communicate with the girl's father, who is thought to be still a resident of Kansas City, Kan.

IOWA FIGHTS TUBERCULOSIS

State Board of Control Perfects Elaborate Plans for Work.

LECTURES THROUGH EVERY CITY. A. E. Keptord Employed to Spread Knowledge Concerning Disease and Effective Means of Preventing It.

(From a Staff Correspondent.)

DES MOINES, Jan. 6.—(Special)—The real work of redeeming Iowa from the plague of tuberculosis is just begun.

A. E. Keptord, employed by the State Board of Control, is now busy laying out the plan of campaign and completing the details of the scheme.

Iowa is the pioneer state in the work and physicians and persons interested in the matter generally are watching the success of the plan.

Until the state is induced to pass an appropriation for the work, Mr. Keptord, working for the State Society for the Study and Prevention of Tuberculosis, was unable to do anything but travel about the state lecturing.

It was necessary for the society to pay its way as it went and for that reason the state is induced to pass an appropriation for the work.

STOMACH AND BOWEL TROUBLES

Here is an excellent prescription for any one suffering from any sort of stomach or bowel trouble.

Get from the drug store one-quarter ounce of fluid extract of homeo, one-half ounce of fluid extract of wild yam, one ounce of concentrated Lacto compound, (distributed by Young Drug Co., Newark, N. J.), and two and one-quarter ounces of compound syrup of rhubarb.

Mix and shake well. One teaspoonful in a half glass of water should be taken before each meal and at bedtime.

A prominent physician has used this prescription with marvelous results in cases of indigestion, gastritis, catarrh of the stomach and bowels, dyspepsia, colic, loss of appetite, inflammation of the bowels, diarrhoea, peritonitis, etc.

These ingredients can be secured separately and mixed at home, or can be put up at small expense by almost any first class druggist.

This formula will do wonders in a short time.

POSTAL CHANGES SUGGESTED

First Assistant Hitchcock Favors Delivery for Small Cities.

LONGER LEAVE FOR EMPLOYEES. Suggestion that Each Person in Service Be Granted an Annual Vacation of Thirty Days.

WASHINGTON, Jan. 6.—The annual report of First Assistant Postmaster General Frank H. Hitchcock was made public today.

The revenues collected through the post-offices during the fiscal year 1906 amounted to about \$18,000,000, a gain of more than \$1,000,000, and the report states that the aggregate was \$18,500,000.

In order to meet this continuous growth of his bureau, Mr. Hitchcock makes an appeal for larger appropriations.

"The present policy of reappointing postal offices to the satisfaction of the public and of the department has resulted in decided benefit to the service," says Mr. Hitchcock.

He adds that about 65 per cent of the presidential postmasters have been reappointed.

Increased salaries for various classes of employees of the department are recommended. In order to relieve third class postmasters of the necessity of paying for assistants out of their salaries, a reorganization is made for an increase to \$1,000.00 of the allowance for that purpose.

Thirty instead of fifteen days' annual leave is recommended for postal employees.

An extension of the city delivery service to smaller towns than are included under the present law is recommended. Under the amendment to the law he suggests free delivery would be given to over 1,300 towns that do not now enjoy that advantage.

The total number of postmasters of all classes appointed during the year was 12,345, as against 11,537 for 1906.

By using the various departments of The Bee Want Ad Pages you get quick returns at a small expense.
