Features of the Trading and Closing Prices on Board of Trade.

Prices on Board of Trade.

CHICAGO. Jan. 8.—Lower prices for wheat at Liverpool caused weakness in the local market today the May delivery closing at a net loss of lac. Corn was a shade higher. Oats were included to be bearish all day although the market lose be bearish all day although the market displayed moderate firmness near the end of the first hour on covering by shorts. A decline of one-half pence at Liverpool today in the face of an advance here Saturday was the chief reason for the first bour on cash wheat at traders. Other factors that alded the bears were a poor demand for cash wheat at the control of traders. Other factors that aided the bears were a poor demand for cash wheat at nearly ail the grain centers of this country, declines at Minneapolis and Duluth, and an increase of about 1.25,000 bu. In the visible supply. The market lacked support of the buil leaders, demand coming from shorts. The market closed weak. May opened \$65 to 1.07 to 10.07 to 10.07

194,000 bu. compared with 1.022,000 bu. the corresponding day a year ago. Minneapolis. Duluth and Chicago reported receipts of 65 cars, against 65 cars last week and 600 cars a year ago.

The corn market was weak early in the day because of selling based on a forecast of a heavier reovement in lilinois in the near future. Weather conditions also favored the beauter. The market because fifth vored the bears. The market became firm during the last balf, owing to demand by a leading bull. A reduction of about twen-ty-five per cent on the import duty to Sweden was a minor buillab influence. The Sweden was a minor buillish influence. The close was firm. FARM FOR THE JUVENILES

Institution on Order of Alandale Considered for Omaha.

COMMITTEE TO ACT ON PLAN

Proposition is to Have Place for Dependent Boys Not in Class Belonging to Indus-

trial School.

A farm patterned after the Alandale institution near Chicago for the Benefit of dependent children is the nucleus of a plan which has been set on foot by a number of Omaha men and women interested in juvenile and social reformation. At a meeting held in Judge Kennedy's office Monday morning a committee consisting of Judge Estelle, Judge Kennedy, Rev. Frank L. Loveland, Father Stenson; Babbi Cohn and Dean George A. Beechef was appointed to formulate a definite proposition for submission to the business men of Omaha. The committee will report at a meeting of the Social Service blub to be called by the

Boys who are dependent and who are not in the class that would ordinarily be sent to the Industrial school at Kearney will be sent to the farm, if the plan is carried out. There they will be taught a trade and allowed to work and go to school. The farm tdan has been discussed before, but Monday was the first time that anything like definite action was taken.

I don't see why the mayor's wife should be the leader of local society. The mayor is chief executive to serve the people in an official capacity and unless his wife or limself is invited on special occasions to take part in social functions neither should have the right to push themselves forward to claim the leadership of society in their city. I believe in going when you are asked if you feel like it, but not in demanding recognition by reason of your official position.
