Why I Lost My Job. Reasons Why Thousands Like Me Cannot Satisfy Their Employers.

"I believe my fate is not unlike that of thousands of other workers who daily lose their places for reasons they do not know, and probably would not believe. When their last pay envelopes come along it is usually, 'Your services no longer required.'"

Every man requires from every other man the best that is in him. But no man can use or get the best that is in himself until he is first free from all fretful indisposition and worries.

There are thousands like me, going about with "quick lunch" faces, dyspeptic manners, and repulsive atmospheres. No employer wants such men's services.

Take my advice. A healthy stomach is half the battle for it keeps your mind clear and your face rosy. I have a healthy stomach now and hold a good position, and my employer is satisfied, and so am I.

I started to take Stuart's Dyspepsia Tablets which I was told were good for the worst cases of indigestion and dyspepsia. The first two tablets made a wonderful difference in my condition.

One ingredient of Stuart's Dyspepsia Tablets digests 2,000 grains of food. The stomach doesn't have to work at all. The tablets do all the work, no matter how heavy your meal.

Stuart's Dyspepsia Tablets cure brain, eruptions, burning sensations, bloating, irritations, loss of appetite, nausea, heartburn, lack of energy, loss of memory, and dyspepsia and indigestion in their very worst forms.

No other little tablets in the world can do so much. You should carry them around with you wherever you go and take them regularly after meals. Then you will realize what it is to be freed from stomach torment, and have a clear mind, a quick memory, and a happy disposition, comfort and rest. Get Stuart's Dyspepsia Tablets at any drug store for 25c a package.
