Plan for Broken Bow Land Office

Register John Hines of the Broken Bow land office in a letter to Senator Brown pointing out the reasons why the land office there should not be discontinued, as planned by the Department of the Interior, says:

1. There are over 1,000,000 acres of land in the Broken Bow section of the state, and over 150,000 acres now entered as homestead entries on which proof will be made within a period of business within the next five years.

2. It is more convenient for the people of the Broken Bow section to have their applications in the office at Broken Bow than to have them in the office at Lincoln, a distance of eighty-five feet, a series of rickety ladders offered the only means of access.

3. The business of the office pays all expenses in excess of the government of about \$6,000 per year at the present time, and this revenue will increase very materially in the near future.

4. Broken Bow can be reached at much less expense than any other office adjacent to the land in the district.

5. There never has been a time since the establishment of the office when it has been closed, except the year when the Klondike act became a law, that this office has been in demand by the public or military.

6. There are yet 1,000,000 acres subject to entry and 1,000,000 acres getting ready to make final proof.

7. The commissioner of pensions has notified Congressmen Kinkaid of the allowance or release under the act of February 4, 1905, of the following pensions in his district: For 312, Levi Bowlin Spear, Hull; George W. Leonard, Gibson; Joseph C. Fuller, Elmore; George J. Crane, Burwell; Andrew Sommer, Morris; Frank Norton, Broken Bow; James A. Sanders, Merwin; Thomas C. Wood, Bailey; William H. Thompson, Onawa; William H. Thompson, Onawa; Thomas J. Poole, Marsland; William McCord, Gibson; Rufus S. R. Munger, Breckburg; Davis Hess, Chadron. For 518, William W. Babcock, Fullman; Joseph Peniston, Breckburg. For 519—Samuel M. White, Chadron. The original claim under the act of June 27, 1893, of Kinkaid, Mathew, widow of Clark L. Mathew, of Gross, Neb. For 520—Thomas N. Thornton, Crawford; Levi Clark, Rushville; Robert B. Kipling, Burwell; Callaway H. Underwood, Alliance; Lewis M. Scatena, Dunbar; Dwight L. Potts, Heman. For 521—Joseph Roehke, Wolbach.

Congressman Kinkaid has also been advised of the establishment of a rural route from Lexington, with one carrier, effective March 2.

NEW YORK, Jan. 19.—Edmund Clarence Steadman, the banker and poet, died suddenly at his home in this city last night.

Mr. Steadman, widely known as the banker poet, died from a sudden attack of heart trouble. Mr. Steadman was passing into his study when the attack came and he fell to the floor unconscious. Despite the efforts of the physicians the poet died two hours later without regaining consciousness.

Mr. Steadman had suffered for several years with cardiac affection. The poet was found a few minutes later in his granddaughter, Laura Woodworth Steadman, who has justly succeeded the poet.

Mr. Steadman, who was 75 years old, was born at Hartford, Conn., and while a student at Yale earned distinction in English and Greek composition. After a brief editorial experience in Norwich and Winsted, Conn., Mr. Steadman took up his residence in New York City, where he was connected with several of the daily papers and with Putnam's and Harper's magazines.

It was while doing newspaper work that he first gained distinction as a poet. During two years of the war he served as Washington correspondent of the New York World. Returning to New York in 1892, Mr. Steadman became a member of the stock exchange, retaining his seat until 1900. Although active in business life for these years he continued to produce literary work of a high order, publishing several volumes of poems.

The questions involved were submitted to the law officer for the department and the law officer has advised that the publication sent in fulfillment thereof may not be mailed at the pound rate of postage, but are chargeable with the transit second class rate—1 cent for each four ounces or fraction thereof, to be prepaid by stamps affixed. This is the rate accorded the general public for mailing second class matter.
