CUTICURA A STAND-BY THAT NEVER FAILS HER

"I just can't say enough for the Cuticura Remedies, I can't find words high enough to express my thanks to God for hearing of the wonderful remedies. My baby had a running sore on his neck and nothing that I did for it took effect until I used Cuticura. My face was nearly full of tetter or some similar akin disease. It would itch and, after soratching, it burned so that I could hardly stand it. Two cakes of Cuticura Boap and a box of Cuticura Cintment cured me. Two years after it broke out on my hands and wrist. I cured it for a while, but it came again in the summer, Sometimes I would go nearly crany for it itched so badly, I used ten dollars' worth of so-called blood medicines which did no good at all, then I went heak to my old stand-by, that had never failed me. One set of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent did the work. One set also cured my uncle's baby whose head was a cake of sores, and I know of another woman's baby who was in the same fix and nothing else did any good. I speak a word of praise for Cuticura whenever I see a case that needs it. Mrs. Lillie Wilcher, 770 Eleventh St., "hattanooga, Tenn., Feb. 16, 1907."

WAHOO, Neb., Jan. 21 .- (Special.)-The igineers employed by the city council to find good water for a city works pumping station made a big strike this week. They sunk a six-inch well eighty-four feet, attached a centrifugal pump, and for fortyeight hours pumped a stream of water of 375 gallons per minute. The well goes through forty-five feet of water gravel and it is considered remarkable that such an amount of water can be pumped from one six-inch well and have no decrease in the supply. The water in the well is thirteen feet from the surface. The water tests twenty-two grains per 1,000 of solid matter and 5 grains of alkali. No Reduced Express Rate,

The State Railway commission today, by vote of 2 to 1, refused to order a reduction in express rates of 25 per cent of what is classified as "general specials." Commissioner Williams made the motion to order the reduction and justified his action by saying the list of articles comprised in "general specials" is 60 per cept of the total cusiness done by the companies, and is not ncluded in the reduction covered by the Sibley law of E per cent. Commissioners Winnett and Clarke opposed the reduction, saying the term Commissioner Clark "merchandise" in the Sibley act covered all commodities commonly considered merhandise, including the many articles classified by the express companies as "general specials."

This company has a paid up capital of \$50,000 and the board is considering whether it is a safe proposition for the state to permit a company with such a small paid up capital being security for very many depositories. Another question was whether it is legal to make a contract with a company in which a state officer is one of the principal stockhoiders. The constitution prohibits a state officer from having any interest in any contract in which the state is a party and it is a question with the deposttory board whether it has any legal right to accept bonds issued by this company. So far no decision has been reached in the matter.

We could buy tomato juice for 75c per barrel. Yet we pay \$3.45 for just the tomatoes used in a barrel of ours. Cheap sauce is made from tomatoes picked green, and ripened in shipment. Or from scraps from a canning factory. Our sauce is made solely from vine-ripened tomatoes. You will note its piquant tang.

We bake our tomato sauce into the beans, to get our delicious blend

The beans, the tomato sauce and the pork are all baked

They are baked in live steam-not in dry heat. Thus the beans are baked until they are mealy, yet without bursting. The result is our beans are nutty, not mushy. And we start with the whitest and plumpest of Michigan
