IN OMAHA ALTERNATE YEARS

B. D. Hayward of the State Capital is Elected President and W. L. Stevens of Same City Secretary.

After selecting Lincoln as the meeting place next year and electing officers for the coming year, the eleventh annual session of the Nebraska Conference of Charities and Correction closed a three days' meeting at the Rome hotel Tuesday afternoon. The closing session was devoted to a discussion of tuberculosis, over which Dr. J. P. Lord of Omaha presided. It was addressed by Dr. Lather Stevens of Iowa. Dr. Ludwig Hectoen of Rush Medical coltege and others prominent in the campalgn against the disease.

The officers elected were President-B. D. Hayward, Lincoln Vice President-S. P. Morris,

Beecher of Omaha, reported in favor of Lincoln as the place for the next meeting and the report was unanimously adopted. The executive committee will set the time, but it is more than likely it will be held during the next session of the legislature, that the conference may call in its friends, who are members of the lawmaking body of the state, and make them aware of the plans and needs of the charity and correction workers.

him to a doctor and tried balf a dozen other treatments, all with the same result: no improvement at all. The disease gradually apread until nearly every part of his body was quite raw. We had to strap him down in bed, for he used to tear himself dreadfully in his sleep. The agony he went through is quite beyond words. No one thought we would rear him. The regimental doctor, a very clever man pronounced we would rear him. The regimental doctor, a very ciever man, pronounced the case hopeless; at least, he said the only hope was that he might, if he lived long enough, outgrow it to some extent. We had him, in hospitals four times and he was pronounced one of the worst cases, if not the worst ever admitted. From each he was discharged as incurable; in fact he got worse under the successive treatments. At one hospital they incased him in plaster, and this seemed to aggravate the soreness terribly. He looked so badly that no one liked to go near him and his life was a burden to him. We kept trying remedy, after remedy, but we had got almost past hoping for a cure. Six months ago we purchased a set of Cuticura Soap, Ointment, and Resolvent Pills and persevered with them. The result was truly marvelous and to-day he is perfectly cured, his skin not having a blemish on it anywhere.
