PLAN TO STOP CAR LOSSES

Something Will Be Done by Railroads to Prevent Waste.

SEVERAL MILLIONS ARE LOST

Meeting Will Be Held in Chicago Early in February to Devise Some Sort of Herculean Treatment.

For the first time since its organization a special meeting of the American Railway association has been called. The meeting will be held February 7 in Chicago to adopt measures to stop the tremendous loss occasioned by the movement of empty box cars on the railroads of the country.

It is figured that since traffic began to fall off the railroads have wasted several million dollars in their efforts to return foreign cars to the owners to escape the penalty of 30 cents a day for the use of a foreign car. At the time the 50-cent penalty was imposed, a year ago, the railroads were short 100,000 box cars.

Car Service Operation Lower.

The expense of operation of the Western Car Service association has been reduced \$500 a month by letting out the special checkers who were employed by the association at Omaha, Lincoln, Council Bluffs and Sioux City. Two reasons are given, one being dull business and another because they are no longer needed.

Milwaukee Favors Sioux City.

Grain dealers of the Milwaukee railroad company have agreed to give the Sioux City market the same rates between Omaha and Chicago which were made for Omaha when the grain market was opened here.

Change in Hill Auditors.

William Randall, auditor of freight and ticket accounts of the Burlington lines west of the Missouri river, has been assigned to the position of Auditor of the Missouri and North Pacific lines.

MAN STEPS ON FEET OF WIFE

Such is Form of Cruelty Alleged by Woman Who Seeks a Divorce. Charging her husband with practicing systematic cruelty upon her by stepping on her feet every time she comes near him, Mrs. Jeannette J. Herbert has begun suit for divorce from William H. Herbert, a clerk in the railway mail service, and has secured a restraining order to prevent his molesting her during the pendency of the suit.

BIG SIXTH MEETS IN OMAHA

Republicans Issue Call for Their Congressional Convention Here March 12. The republican convention of the Sixth congressional district will be held in Omaha March 12 at 10 o'clock for the purpose of selecting two delegates and two alternates to the national republican convention. The call for the convention has been issued by C. H. Cornell of Valentine, chairman of the committee. The convention will be held here for convenience, as the date is that of the state convention.

Snow Cleared for Little

Walks Around Court House Square Are Cleared for Just Ninety Cents. The sidewalks around the court house and the crosswalks through the grounds were cleared of snow Friday morning at a total cost of 90 cents. This money was expended for one dozen cotton mittens. A new custom was started by Sheriff Bralley when he ordered eight of his trusty prisoners to assist Superintendent Sheop and the janitors shovel the snow off the walks.

Building Permits.

A. Lungen, Thirtieth and Webster streets, frame dwelling on lot 1, block 1, Hillside addition, \$2,500.

REINHARDT EXHIBIT HERE

Great Paintings Will Be Displayed at Public Library--Dr. Gussacina Speaks in Omaha. The Omaha Society of Fine Arts has completed arrangements for an exhibit of the Henry Reinhardt collection of paintings at the Public Library the early part of April. The Reinhardt collection comes from Mexico and includes pictures by Israel, Muvgo and many other noted painters and is recognized as one of the finest collections west of New York.

LOOKS BAD FOR GROUNDHOG

Colonel Welsh Believes the Capricious Brute Will Have to Take the Count.

Right now, before he has time to register a "kick" on not being duly advised, Colonel Ground Hog is formally notified by Colonel Welsh, weather forecaster, that moon down weather will be in effect and that while he may have a chance of seeing his shadow in the reflection of a new moon it won't count, as by all laws and regulations he must view his silhouette in the brightness of the sun or take the count.

COUPLE WED IN MOURNING

Bride and Groom of Same Name Come from Colorado to Get Married. Both dressed in deep mourning, Arthur Grewdinger and Mrs. Mary E. Grewdinger of Hugo, Colo., were married late Thursday afternoon by County Judge Leslie. From statements made by them, it was understood that Mrs. Grewdinger's first husband, who had recently died, was the brother of the groom, who was several years younger than the bride. They returned at once to Hugo, where they will make their home.

TRENCH BARACA INCORPORATES

Association Formed for Social and Intellectual Enjoyment of its Members. For the purpose of providing lecture and entertainment courses and other affairs for the intellectual and social uplift of its members, the Trench Baraca association has been incorporated with a capital stock of \$5,000. The articles of incorporation were filed with the county clerk Friday. The capital stock is divided into shares of \$1 each and no member can own more than 600 shares. The board of directors consists of H. D. Campbell, Arthur A. Remington, Fred W. Shultz, Wallace Henderson, John A. Patterson and W. D. Seaman. The New York Mobile Car Sign company has filed articles of incorporation with the purpose of developing the mobile car sign patent of Theodore Klaras in the states of New York, Pennsylvania, Maine, Vermont, New Hampshire, Massachusetts, Connecticut and Rhode Island. The capital stock is \$100,000, but the corporation is authorized to begin business when \$25,000 is paid up. Arthur Vernon and C. Calvin White are the incorporators.

S.S.S. HEALS OLD SORES

The deep, underlying cause of every old sore is a bad condition of the blood. This vital fluid has become infected with some germ or poison which prevents the place from healing. This infection may be the result of an inactive, sluggish condition of the system leaving the refuse matter of the body to be absorbed into the circulation instead of throwing it off through the usual channels of nature. Another cause is the weakening or polluting of this life-stream from hereditary taints, or from the effects of a long spell of sickness, leaving disease germs in the system. When the blood is in this condition a sore cannot heal because the impurities with which the circulation is filled are being constantly discharged into the place to irritate and inflame the tissues and further disintegrate the surrounding flesh. The only treatment that can do any good is one that removes the cause, and for this purpose nothing equals S.S.S. It begins at the fountain head of the trouble and drives out all germs, impurities and poisons, and then the place, being supplied with rich, pure blood, heals naturally and permanently. Local applications assist in cleansing the place, but a cure can only be effected through a purification of the blood. Book on Sores and Ulcers and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

WHY WOMEN SUFFER.

Women have so much to go through in life that it is a pity there is so much needless suffering from backache, headache, dizziness, languor and other common aches and ills of kidney complaint. Doan's Kidney Pills have brought new life and strength to thousands of women afflicted in this way.

Women are prone to kidney trouble. They have so much indoor work to do, so much lifting, bending and stooping, they are bound by custom to tight, heavy clothing. They get little outdoor exercise, and any little cold may bring on a kidney weakness.

Don't worry if you feel tired and dragged out--if you have backache and bearing-down pain, headache, dizzy spells, faintness, a high of ambition. Don't think it's some trouble peculiar to the sex. Men suffer in the same way when they have kidney trouble.

Ask yourself this question: "Are my kidneys well?" The condition of the kidney secretions may give you an answer. If there is a brick-dust sediment, or a stringy settling in the urine, if passages are too frequent and copious, or scanty

RAILROAD AID ON CORN SHOW

Support of Lines Will Be Arranged in Chicago.

CHAIRMAN ROSEWATER ATTENDS

Head of Executive Committee Will Meet Presidents of Railroads and See Just What They Will Do.

C. C. Rosewater, chairman of the executive committee of the Omaha Corn Show association, has gone to Chicago, where he will meet the presidents of the railroad companies which have promised to assist the corn show enterprise.

President Winchell of the Rock Island has already made a definite promise to promote the show by paying the salary and expenses of at least one man to be sent over the line of the company, wherever the managers of the show desire, to advertise the show. This agent of the Rock Island Railroad company and the Omaha corn show will lecture at farmers' institutes and the "dry farming" conventions which will be held at various points on the Rock Island system.

General Western Agent F. A. Nash of the Milwaukee & St. Paul Railroad company has reported to the managers of the corn show that President A. J. Earling of the company has signified his willingness to do anything which his road should do and invited Mr. Nash to outline anything which the company should do to promote the big corn exposition at Omaha. President Earling says it will be done promptly, whatever it is.

President Funk Will Help. President Eugene Funk of the National Corn association has been heard from. President Funk is a close friend of Prof. P. G. Holden of the Iowa Agricultural college and vice president of the association. The president has signified his willingness to act on any suggestion of Mr. Holden and put the whole influence of the great organization, which has members in more than fifteen states, behind the Omaha show.

"I believe the plan to hold a corn show in Omaha is one of the most sensible propositions I have heard of in the way of an educational and amusement enterprise. It is just the thing for Omaha and an unusual opportunity has been presented to Omaha business men to get behind a show which is promised such strong support from the National Corn association. I shall do everything I can for the corn show, as it is deserving of encouragement and assistance."

This is the opinion of G. W. Watters, who was elected president of the Omaha Corn Show association at a recent meeting of Omaha business men and has just returned from the east to hear of the rapid development of plans to hold a show in the Auditorium during the first week of December, 1908.

Parade Pledges Support. Superintendent G. J. Christie of the agricultural experiment station at Purdue university at Lafayette, Ind., and a vice president of the National Corn association, writes to the promoters of the Omaha show: "I am more than glad to know that satisfactory arrangements have been made to conduct the National Corn exposition in Omaha. While Omaha is much further from Indiana than Chicago is, still I feel that the corn growers of Indiana will be only too glad to place their corn in Omaha and compete for the premiums which will be offered at the time.

"At our recent corn growers' annual meeting we found that the enthusiasm over this national corn exposition was very marked. Another exposition will find more of our corn growers exhibiting than entered at the Chicago show. I feel that the National Corn exposition has done much to stimulate interest in our state show and in corn growing in general.

"From the corn growers' standpoint there is no one movement that can do more for the corn interests than a good spirited, clean, national corn exposition. "I wish to take this opportunity of ex-

pressing my hearty congratulations and warm wishes to you and your committee. I am sure that the show will be a success and that it will do much to benefit our state and our country."
