Governor of New York Addresses Mass

Meeting at Majestic Theater.

Executive Says He Favors Improving the Breed of Horses, Also the Breed of Men.

d. NEW YORK, Feb. 4.-Governor Charles E. Hughes made a trenchant plea for the Gjerde abolition of race track gambling, in a speech delivered yesterday, at the Majectic theater, in Brooklyn, at a mass meeting of the Citizens' Anti-Race Track Gambling campaign."

The governor declared that the question of race track gambling was not a matter for the churches or for any particular sect or social reformers, but whether the con-stitution of the state of New York shall be enforced. He said that much had been heard about improving the breed of horses, which he was in favor of, but he was also in favor of improving the breed of men. Joseph H. Choate presided over the meeting, which was largely attended by representative citizens. A resolution strongly supporting Governor Hughes' position and requesting the legislative committees to report three bills already drawn to end race

rack gambling was passed. The governor was given an ovation when se commenced his speech. He said: I do not sympathize much with schemes of moral regeneration through legislation. We can accomplish a great deal by wise laws, but the impetus to moral movements must as a rule be given by the voluntary work of cilizens, who, with the force of conviction, press their views upon the people, awaken the consciences of the people and secure that public sentiment, according to which alone any trus moral reform can be accomplished.

NOTICE OF STOCKHOLDERS MEETing. Notice is hereby given that the
regular annual meeting of the stockholders
of the South Platte Land company will be
held at the office of said company at Lincoln, Neb., at H o'clock a. m., on the
fourth day of March, A. D. 1908. By order
of the Board of Directors. C. H. Morrill,
president, A. B. Minor, secretary, Lincoln,
Neb., February 3, 1908. F-3d-30T

ple, awaken the consciences of the people and secure that public sentiment, according to which alone any true moral reform can be accomplished.

Now there is a great deal that might be said with regard to the demoralization incident to race track gambling. What we want to encourage in this country is the disposition to work, to give an equivalent and to expect to get an equivalent for every honest effort, and the curse is the constant desire to get something for nothing, and, with man or boy, if that microbe gets into the system there is going to be a bad case of moral disorder.

Now, it is American to want to work, to make the most of yourself, and a boy who learns to follow the racing sheets and the man who plays the races in the hope that he will get a dollar which he has not earned or \$10 which he has no right to take, that young man has lost the American sentiment, he has lost really what is the most important part of his birthright.

Now, my friends, we have heard a great deal about improving the breed of horses. I am for that—the breed of horses and all office inve stock. I am thoroughly in favor of doing all we can to improve the breed of man. I do not believe that the breed of horses will suffer from the other policy. I do not believe any reasonable amount of enjoyment will be lost. I have heard it said by those who ought to know that racing will not be seriously jeopardized. I am against race track gambling. I am not against racing. If the one depends on the other I am sorry for that. I regret that, but that is no reason why we should have our constitution unrecognized and this widespread demoralization which could be so easily prevented. Let us take care of our manhood. Let us take care of the enforcement of our fundamental law, and let from all the state the sentiment be expressed that the people desirctine legislation which has proved ineffective—that puts it mildly, which has proved infultious—should be changed and supplanted by legislation which will make this evil no longer possible.

PA SENDS OUT CONTRACTS He Expects to Settle the Autrey Case Today-Ragan Gets Good Pay.

Pa has sent out his contracts to the old players on the Omaha team, who are ex-pected to be seen in champlouship uniforms this summer, and is now daily expecting returns. He is quite enthusiastic over his returns. He is quite enthusiastic over his corps of southpaws and expects to start out with a winning team from the jump.

The question of whether Autrey will be seen in an Omaha uniform this year should be decided this week. The other major league teams had until today to file their waivers on Chickering, and if nothing turns up by today. Cincinnati has agreed to let Pa's crack outfielder return to Omaha. Should he return it is likely he will be played on first base.

Don Carlos Ragan, whose real name to the Omaha fans is Pai, has received and returned his contract from the Cincinnati team and will be with that aggregation this summer. The fact that Pat's contract calls for about \$30 more pay on the season than is given to most youngsters going into the big leagues, shows that he is held in high esteem by the management of the orps of southpaws and expects to start on

Additional interest attaches to the report because of the senate's refusal last spring to remove Superintendent Keisey upon the governor's recommendation, and the widely prevalent belief that the recommendations will be renewed at the present session.

Charges originally filed with the governor against Superintendent Kelsey by a New York newspaper form the basis of the investigation, and they include separate counts which are given in detail. As to the last charge, that of "failure to brand Mr. Harriman as disqualified to hold
