Handy Lee is Tired of It—Sandy Lee has asked the district court for a divorce from Katie Lee.

We Always have Rock Springs Coal. Central Coal and Coke Company of Omaha, 11th and Kearney streets.

Write for Two Years—Ashlin Boline declares in a petition filed Wednesday in district court that his wife, Mattie, has abandoned him for more than two years. He asks the court to grant him a divorce.

Object Lesson in Taxpaying—City Clerk Butler cites C. Strom of Honolulu, P. I., as an object lesson in taxpaying. He is in receipt of a letter from this former resident of Omaha enclosing \$24.61, the amount of his sidewalk tax.

Body of Basil H. Ball at Home—The body of Basil H. Ball, who died in the government sanitarium at Leavenworth, Kan., Monday afternoon, was brought back to Omaha by his wife and daughter Wednesday. The funeral probably will be held Friday, but definite announcement will be made later.

Suit on Insurance Policy—Suit for \$1,000 against the Royal Neighbors of America was started in district court Wednesday morning by Laura Adler, guardian of Jas. Robert Schick, 15th and Farnam, who is held by Mrs. Mart Schick in favor of her son, Isadore, who is a minor. The petition says the offer has refused to pay the policy.

Male Chinese as Hospital Nurses—Sam Lee and Gee Pong, two Chinese men, are carried on the army payroll as hospital nurses. The two Chinese are not really "nurses" but are cooks, and as the vocation ordinarily calls for those of the feminine gender they appear on the rolls as women folk.

Nebraska Pharmacists to Meet—The Nebraska Pharmaceutical association will hold its twenty-seventh annual convention in Omaha June 18, 17 and 18. It being the first meeting of the association held in Omaha for ten years. Secretary Oscar Bauman is authority for the statement that between 500 and 600 delegates will attend the three days' session.

Who Are Enlisted to Madras—Only soldiers of the Spanish-American war and Philippine insurrection and China expedition who are now in the service are entitled to medals recently authorized by congress for participation in those campaigns.

Boys Steal Theater Tickets—Appropriating 100 tickets from the box office of a theater, a small boy did a land office business Tuesday, selling the peashooters right and left for any price he could secure. The tickets were for a Saturday night performance, and that caused his undoing as the theater management refused to honor them when presented Tuesday evening. Juvenile court officers are looking for the lad.

Demands for Relief Are Large—Demands on the county for relief have been unprecedented this winter, and at least 100,000 orders of recent years have been passed, according to Superintendent J. H. Glassman. Monday forty families were furnished with groceries and thirty-five with coal. This is almost twice the usual number. The number of demands Tuesday fell off somewhat, but they were still large.

Funeral of Edward Krug—The funeral of Edward Krug will be held Thursday at 2:30 p. m. from his late home, 538 South Twentieth street. Rev. T. J. Mackay of All Saints' Episcopal church and Rev. Walter Schaefer of St. John's German Lutheran church will officiate. The pallbearers will be Martin Meyer, William Ammann, John Tetard, Milton Finkhouser, John Busch and George Reis. Interment will be in Prospect Hill cemetery.

Complaint Against Garbage Firm—Eight complaints were filed by the city health commissioner against a contract with the Omaha Hauling and Feeding company which has the contract for hauling garbage. Under a new ordinance, the rendering and feeding company has a 15-year contract for hauling all garbage in the city free to the city and the people and the health commission intends to see to it that this contract is not violated.

Thieves Do Pretty Well—A thief broke into the residence of George E. Norman, 89 North Twenty-third street, Tuesday evening and ransacked the house securing a breast pin and two shirt studs. A letter evoked the front window of the Box Stock Food company, 89 South Sixteenth street, and stole \$1 worth of postage stamps. Henry Schwartz of Winnetoon, lost a pocket book containing \$65 just after arriving in the city. He missed it on a Harney street

NOTES ON OMAHA SOCIETY

Fashionable Figuratively Draw Cuts to Decide Between Functions. BIG THINGS OF WEEK WEDNESDAY. One Large Luncheon Party, Two Receptions and Several Weddings. Break the Monotony of Quiet Days.

One of the most elaborate luncheons of the winter, two afternoon teas and several weddings broke the monotony of the week Wednesday and forced society to draw cuts, figuratively, to decide which invitations to accept. To decide which things there was the full flock of card making. Altogether Wednesday can justly be counted the busy day of the week.

Mrs. G. W. McGeath was hostess of one of the large and most pretentious luncheons of the winter Wednesday when her home in Windsor place was abloom with spring flowers and filled with handsomely gowned women. Palms and violets formed background for the Jonquills, greens and sweet peas that were decorated about the rooms as well as in the center of the table.

The guests were divided into two groups and at the smaller table were seated a number of the season's brides, including Mrs. Mosler Colpeter, Mrs. Louis Clark, Mrs. T. L. Davis, Mrs. H. G. Montgomery, Mrs. E. W. Harney, Mrs. A. J. Love, Mrs. C. F. McGraw, Mrs. Joel West, Mrs. George Palmer, Mrs. Bertha Offut, Mrs. E. P. Peck, Mrs. Forrest Richardson, Mrs. Samuel Burns, Mrs. W. H. Munger, Mrs. A. C. Smith, Mrs. Howard Smith, Mrs. G. W. Wacker, Mrs. Roy Yarus and Mrs. C. E. Yost. Mrs. T. J. Mackay, Mrs. Isaac Congdon, Mrs. Frank Johnson, Mrs. George A. Hoagland, Mrs. J. S. Brady and Mrs. N. P. Dodge, Jr. Mrs. McGeath was assisted by Mrs. E. C. Freeman, Mrs. G. W. Griffith and Miss G. E. Hill.

Marischal-Schackelford. The wedding of Miss Mary Schackelford, second daughter of Mr. and Mrs. C. E. Schackelford, and Mr. John J. Marischal of Spokane, Wash., took place Wednesday evening at the home of the bride, Rev. T. J. Mackay officiating. The house was beautifully decorated with palms and ferns. The groom's gift to the bride was a beautiful sapphire pendant. Serving punch in the living room were Miss Alice Duval, Miss Hazel Lyons and Miss Irene Downey. In the dining room, which had a decoration of pink carnations and pink unshaded candles, Mr. Roy Yarus and Mrs. Yarus assisted. After a wedding trip through Canada Mr. and Mrs. Marischal will be at home in Spokane, Wash.

Drishaus-Cloyer. A pretty home wedding was solemnized Wednesday evening at the residence of Mr. and Mrs. E. S. Cloyer, 506 St. Mary's avenue, when their daughter, Miss Bernice Cloyer, the wife of Mr. Lester Drishaus. Quantities of southern smilax, combined with cut flowers, decorated the various rooms and the lights throughout were subdued under pink shades. The ceremony took place at eight o'clock, where one corner had been canopied with white satin bow. Miss Mildred Steen of St. Paul, Minn., and Miss Lucile Kremberg came next as maids of honor, gowned in white and carrying imperial bouquets of white hydrangeas tied with white satin ribbon. Little Miss Gertrude Steen came next, wearing a dainty white lace gown and carrying the wedding ring on a white satin pillow. The bride came last, walking with her father. The wedding gown was of white silk chiffon over white taffeta. It was cut empire and effectively trimmed with bertha and lilies of the valley. The veil was long and held in place by a wreath of myrtle and lilies of the valley, and she carried a shower of lilies of the valley. The bride's only ornament was a pearl necklace, the gift of the groom. An informal reception followed the ceremony, about 150 guests being present. Mr. and Mrs. Drishaus have gone for a bridal trip to New York and through the east and will be at home in about three weeks at the home at Thirty-fifth and Woolworth avenues. Drishaus secretary of the City Hat company, and both he and his bride are well known among the younger Club city set.

Afternoon Tea. Mrs. J. J. Monell opened her attractive home at 2307 Harney street Wednesday afternoon between 4 and 6 o'clock, when with Mrs. Louis Bradford she received about seventy-five guests at a tea. A profusion of daffodils was used in the reception room, where Mrs. Monell and Mrs. Bradford received, while the dining room red carnations and red-shaded candles were employed. Assisting the hostesses, presiding at the tea table and through the rooms were: Mrs. George P. Lake, Mrs. John Monroe, Mrs. Dan Wheeler, Mrs. Samuel Caldwell and Miss Marie Crouse.

COMpetition ON PRINTING

In Order to Secure Open Field New Policy for County is Announced. In order to secure open competition on printing jobs a resolution in the annual County Commission meeting, Monday, was adopted by a vote of 10-2. The resolution provides that the county printer shall be selected by competitive bids on the following Friday printers will be given a chance to submit bids on the work. I have sent letters to all of the printers notifying them of the rule and if they want to bid on this work they can send a representative to the court house every Friday to see what we have for them.

Bruning and Trainor recently criticized the majority of the board for giving out printing work without asking for competitive bids. The other members declare that all these jobs were discussed in committee with the objecting members there, but it is believed the new method will result in securing competitive bids and low prices and will be above criticism.

RIGHT SORT OF RIVER TALK. Praise for Sioux City Congress Comes from Congressman Ransdell of Louisiana.

Congressman Ransdell of Louisiana, one of the principal speakers at the recent Missouri River Navigators convention, written to one of the Omaha delegation, praising the great interest in river navigation which he found by talking with the Omahans, Kansas Cityans, Sioux Cityans and others who attended the congress.

"The congress was just the sort of gathering that is going to make possible such a development of opinion as will finally win out in the fight for waterways," he writes. "The Missouri river ought to be navigated and it ought to be treated as a highway for the people of the west."

"What we need is a systematic, business-like plan for developing the scheme. I am at work on a bill which I hope will be accepted as embodying something of the sort. The people are assured before they go into a great expense for them that some real results will be obtained. I believe we can get a bill and a plan which will satisfy this kind of criticism."

SICKNESS DELAYS WILL CASE. Illness of John A. McShane and John D. Creighton Prevents Final Settlement of Estate of Count.

Because of the illness of John D. Creighton and John A. McShane, two of the three executors of the Count Creighton estate, the final settlement of the estate may be delayed again. Wednesday afternoon Judge W. D. McHugh, attorney for the estate, was unable to appear in court to delay signing the decree in the Working Girls' home case for several days in order that he might consult the executors as to their course. Charles B. Keller, attorney for the unnamed heirs, objected to any further delay.

In the argument it was stated that John D. Creighton, who had been improving, was forced to go to bed again by the recurrence of his trouble and that the physicians of John A. McShane refused to allow him to be consulted as to business. It was said Mr. McShane would leave Sunday for the south, where he would remain until his health improved. Judge McHugh also objected to a clause in the decree providing the \$100,000 left to the Working Girls' home should go to the heirs-at-law in case the gift was finally determined to be invalid.

Arguments on the two points were heard by Judge Leslie Wednesday afternoon.

DENY PUTTING IN SULPHITES. Frank Kuncel and His Butchers Say They Did Not Adulterate Hamburger.

The case of the state against Frank Kuncel, a butcher at 1207 Sixth street, who is charged with selling hamburger containing sulphites, was tried before Police Judge Crawford Wednesday morning, but was not completed. E. L. Redfern, state chemist, testified regarding the analysis of the meat taken from Kuncel's shop and said he had found it to contain sulphites. Mrs. Harriet Mackay, a food inspector, told of getting the samples from the shop. Kuncel and his assistants denied that they had placed sulphites or any other adulterants in the meat since the pure food law had gone into effect July 1, 1907. Ed Ryan, meat inspector, was a witness for Kuncel and declared his shop was one of the cleanest in the city.

JACKS BACK AT THE JIMS

Patrician Wing of Democracy Returns Defy of the Plebians. WILL GET THEIR SCALP OR BUST. And So Goes Merrily On the Sweet, Dulcet Song of Harmony Within the Banks of the Untrifled.

Back at you, once more. Accepting the defy of the Dahliamian faction and declaring that the Jacksonians will put a ticket in the field and give the mayor's party a warm fight, representatives of the old political club Wednesday morning gave out the information that they are ready for war. The Jacksonians adjourned at 12:20 a. m. Wednesday, subject to call, but in the opinion of Fred H. Cosgrove, one of the belligerents and a leader in the Jacksonian club, the club may be called to meet this evening, or tomorrow evening at the latest.

"Within forty-eight hours the Jacksonians will have a ticket in the field and we will show the Dahliamian Democracy that its brand is not the acceptable brand of Douglas county," said Mr. Cosgrove. No definite declaration has as yet been made regarding who will be the standard bearers of the Jacksonians, but those close to the councils of the organization say the nominees will probably be C. J. Smyth, Frank Moriarty and J. G. Dunn.

Reward for Success League. The Jacksonians seem especially anxious over the scalp of Dunn, whom they state has some "special services" for his party. Dunn, they say, was the logical nominee from this section to the last national convention, having led the fight for the Success League, an anti-Bryan club, so the Dahliamianites say, but he withdrew through some political deal for the ticket and the ticket and W. H. DeFrance was named as the delegate. Dunn should have an inning now, they say, and the Jacksonians' main hope in the conference of Tuesday night was that the Dahliamianites would join in naming him as the compromise delegate-at-large.

The compromise stand for Mr. Smyth because of his "great loyalty to Mr. Bryan" and his fight for the Nebraska on the floor of the convention hall when he was first nominated.

While the Jacksonians claim to have made every effort at a compromise last night, Dahliamian Democracy club members state that there was no compromise at all, but that the Jacksonians wanted to "hog" it all. Each side says they will "show" the other side and "one of the prettiest little political wars ever pulled off in Douglas county" is promised the onlooker.

CURL IN COBWEB OF CRIME. Negro Guilty of So Many Offenses Police Are at Loss to Pick Out a Charge.

Willis Curl, the negro arrested in a barn at 2006 California street, has not yet had a formal charge filed against him. The police are at a loss to pick out a charge, but he is declared by the police to be guilty of at least five offenses. He has confessed he assaulted Miss Florence Poast at Thursday night, California street, last Thursday night, knocking her down with a cold chisel. The police know he is guilty of at least five burglaries and he is also believed to be the fiend who committed the murder of Miss Josephine Rummelhart at Twenty-sixth and Dodge streets on the night of October 6, 1907.

"What we are trying to find out now," said Chief of Police Donahue, "is where the negro was on the night of October 6, 1907. This may be hard to prove to the satisfaction of the law. Moral certainty, however, points to Curl as the murderer for whom we have searched so long. He answers the description of that negro. He is an all-around bad man. At all events we are sure he won't make any trouble for some years to come."

JUDGES OBJECT TO NUMBERS. Protest Against Identification Given to Convicts in Name of Their Names.

District Judges object to being known by numbers like convicts in the penitentiary and have requested the county commissioners to place a name plate on each convict's door. The commissioners have agreed to comply with the request. At a meeting of the judges in which the matter was discussed Judge Day told an experience which he said showed the necessity for having the judge's name on the doors.

"I was trying a case before a jury, he said, 'and during a recess I happened to step out in the hall, where a number of jurors were congregated. 'Are you on a case?' I heard one juror ask another. The second juror replied he was. 'Whose court is this?' the first juror asked. 'I don't know it,' said the other juror, 'but he is judge No. 4.'"

After hearing this story the judges unanimously decided to ask the commissioners for name plates.

CHANGE IN REVENUE AGENTS. J. D. Evans Goes to St. Louis and J. F. Reed Comes to Omaha.

J. D. Evans, revenue agent, who has been in charge of the Nebraska, Iowa and South Dakota revenue districts for several months, has been transferred to St. Louis. That district comprises Missouri, Kansas and the southern half of Illinois.

Mr. Evans is succeeded in Omaha by J. F. Reed, formerly of Nevada. Mr. Reed succeeded to the Omaha revenue agent's job as he is now in charge of the Colorado district at Denver.

The new arrangement goes into effect at once and Mr. Evans will leave for St. Louis Thursday morning.

E. L. Johnson, who was manager of the Burwood theater for Messrs. Sullivan & Conside, has returned from Chicago and announces that he will open the theater with a stock company on Saturday, February 15, and keep it open the rest of the season. He is not yet ready to give out the names of his players, but will make public the list of players on Sunday.

DOCTORS MISTAKES. Are sold often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, from appendicitis, or another form of heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to the physician a host of cases, for which he prescribes a course of treatment, and the patient gets no better, or worse, or the wrong treatment, but probably worse.
