Shortly after the opening of the second half of the game, Jaenson, quarterback on the Iowa eleven, made a try for a field goal and the ball fell short, struck the ground and then, so Ames claimed, bounded over the crossbar. Referee Outland did not see the ball go over the bar and did not count a goal for Ames. AUTO TOURISTS START TODAY

Six Care, Representing Four Nations. in the Contest.

In the Contest.

NEW YORK, Feb. 10.—The start of the New York to Paris automobile race next Wednesday morning was arranged today. Six teams are to be sent away in this extraordinary motor contest. Four nations will be represented among the contestants, and this fact, in addition to the territory to be traversed, will give a world-wide interest to the race.

Three French crews, one German, one Italian and one American will make the start next Wednesday, when the word to go is given by Mayor George B. Mc-Clellan of New York City. The place of the start is at Times Square, in the heart of the city, and the first stage of the long wourney leads up Broadway and Riverside drive to the city limits. Two hundred or more automobiles are expected to accompany the racing cars as far as Yorkers. The order of start and the personnel of the various teams fullows:

No. 1, French-G. Bourcier St. Chaffray, aptain; Hans Hendrik Hansen and M. I. French-M. Godard, M. Hue and M. Livier.
No. 5, French—M. Pons, M. Deschamps and M. Berthe.
No. 4, Italian—Antonio Scarfugilo, Emilio Sirtori and Henri Basga.
No. 5, German—Lieutenant Kooppen, Engineer Hans Krape and Engineer delegates will be chosen by the certification of their names.

No. 6, American—Montague Roberts and Howard Brinker. Howard Brinker.

Three of the drivers contested in the famous Peking to Paris race, the success of which caused the present unusual contest to be projected. A part of the journey is to be made over the same route traversed by the winning car in the Peking to Paris race, from Irkutsk on the line of the transsiberian railroad to Paris.

on the line of the transsiberian railroad to Paris.

All of the men are confident of their ability to take their machines safely through the difficuit tasks before them. The winter journey across the western plains and plateaus of the United States, including the crossing of the Rocky mountains at an altitude of more than \$,000 feet, is regarded by the racing enthusiasts as the easiest part of their work and they expect to be in San Francisco inside of thirty days. As to the remainder of the journey, including, as it does, the first experience with an aucisco inside of thirty days. As to the remainder of the journey, including, as it does, the first experience with an au-tomobile in the polar regions, the esti-mates of the time required to get through from Paris vary from six to

Each car will be equipped with every contrivance the drivers believe the excontrivance the drivers believe the exigencies of the journey will require.

Reaching San Francisco by way of southern California, a detour from Reno carbying them south to Mojave, Santa Barbara, the automobilists will take a steamer to Seattle and there transfer to another steamer to Valdez, Alaska, A journey of 1,100 miles by snow packed roads and frozen rivers will bring the racers to Nome. The arrangements for crossing Behring straits are not yet perfected. Unless there is solid ice, a steamer will be taken to East Cape, Siberia, a matter of sixty miles. Then the autolists will skirt the frozen shore of the Arctic sea to the mouth of the Lena river. Up this frozen stream they will make their way to Irkutsk, from which point the roads to Moscow, St. Petersburg, Berlin and Paris are well defined.

BURNS FAVORITE IN THE BETTING

Confident of Being Able to Put Jack Palmer Out. LONDON, Feb. 16.-Tommy Burns, the LONDON, Feb. 18.—Tommy Burns, the American heavyweight pugilist, who will meet Jack Paimer of New Castle tomorrow for the heavyweight championship, has been forced to forego a part of his usual training during the past week on account of a severe cold and a strained tendon in the right foot, but he is confident of his ability to make short work of his opponent.

fident of his ability to make short work of his opponent.

The American is still a strong favorite in the betting. Even the north countrymen, who are noted for the way in which they will back an Englishman against a foreign fighter, are asking long odds before laying their money. They have offered, however, to place \$5,000 at 2 to 1 that Palmer will stay six rounds. Burns' backers have not taken this bet, but Burns nevertheless believes that the fight will not last longer than that. He said today that he intended to make the contest as short as possible, as he has an engagement to give a number of exhibitions next week and must get into shape again for the fight in Dublin on March 17, for which Richard Croker, the former Tayman bader and creek the horizoner. Altrock has not yet prophesied disaster for the Sox-but, then, Nick hasn't given up hopes of making terms. New York thinks Gotch will not be a cir-cumstance to the Russian Lion. But New York, it should be remembered, failed to get the wrestle. It comes west. The Rock Island railroad is displaying an unique souvenir photo. It is the train on which the White Sox will start west on their long ante-season trip. But a fault of the picture seems to lie in the fact that

the Sox appear on the rear end.

Now for that second match between Farmer Burns and War Esgle at the Auditorium Friday night. Wrestling fans are in a fever of excitement over this event. Considerable betting is going on and the Farmer seems to be the favorite, though War Esgle coin is not lacking. The fact that Burns won the former match has made the big Indian more than, ever determined to beat the old wizard. In fact, had War Eagle not lost, the second match probably never would have been arranged. the Sox appear on the rear end. probably never would have been arranged. The match is looked forward to an the best that has yet been pulled off here.

DISTRICT PRIMARIES

Contest in Cuyahoga County, in Which Cleveland is Located, Compliented by Action Pending in Court.

COLUMBUS, O., Feb. 10.-Next Tuesday the county primaries, at which delegates to the republican state convention on March 5 are to be selected, will be held throughout Ohio. An overwhelming majority of these delegates will be in favor

one county, Cuyahoga, in which is the city of Cleveland, does the fight against him show any sign of consequence. The convention will be attended by 815

delegates, of which number Taft is certain to have 745, almost certain of 752, and his political managers are confident that he will have them all. The dubious spots are Knox county, with seven delegates, and Cuyahoga

county, which has sixty-three delegates. The contest in the latter county is the more serious, not only because of the greater number of delegates involved, but because the Foraker faction has sought to bring the matter into court and will, it is expected, ask the supreme court tomorrow for permission to file the case efore that body.

Minor political considerations in the city of Cleveland have brought about conflicting claims as to the validity of two ounty committees. The Taft people claim that theirs is the only legal body, and the Foraker faction is setting up a similar assertion in behalf of its committee. Fight in Cleveland.

The Board of Elections of Cuyahoga n order of the state courts, rescinded

The twenty-one congressional district conventions, at which delegates to the reublican national convention will be chosen, date all the way from February 13 to February 27, with six as yet uncalled. Primaries for the selection of delegates to congressional conventions, as well as delegates to the state convention, will be held next Tuesday in the Fourth, Fifth, Twelfth, Fourteenth, Fifteenth, Eighteenth and Twenty-first districts. Primaries for congressional conventions will also be held on Tuesday in portions of the Seventh, Eighth and Nineteenth districts. In the Sixth, Ninth and Sixteenth districts republican candidates for congress will be nominated

by the district primaries. As Taft will control the state convention by an overwhelming majority, he is certain of the four delegates-at-large, and in the First, Second, Fourth, Fifth, Twelfth and Sixteenth districts uncontested Taft delegations will be chosen.

The Foraker people have considerable strength in the Sixth and Tenth districts and the fight in the city of Cleveland for state delegates applies also to the congressional conventions of the Twenty-first district. It is therefore possible that there may be contesting delegates from these three districts and there seems at present to be no possibility of breaking up a solid delegation for Taft, unless the credentials committee of the national convention sustains one or more of these contests, if they

VORYS TO BE IN FULL CHARGE Secretary Taft Makes Statement in

Regard to Matter. COLUMBUS, O., Feb. 10.-That Arthur Vorys will continue in full control of the management of the canvass for the nominstion of William H. Taft for president at the coming republican national convention was made clear by the secretary of war in a statement which he gave to the press today, while passing through Columbus en route to Kansas City, where he will speak at a hanquet tomorrow night. The state ment follows:

Mr. Vorys is in charge of the whole matter and will continue to be so until the end. The general headquarters will be at Columbus, but Mr. Vorys himself requested the assistance of Mr. Hitchcock be secured, because he felt the need of someone to look after affairs in the east and south, and it was at Mr. Vorys carnest request that the assistance of Mr. Hitchcock was solicited and secured.

While the main headquarters will, of course, remain at Columbus, it may be that course, remain at Columbus, it may be that Mr. Vorys and Mr. Hitchcock will agree upon the establishment of headquarters in the east, if it is found necessary.

CHICAGO, Feb. 10 .- The trustees of the Marshal Field estate and the county attorney have agreed upon a settlement of \$1,000,000 in full satisfaction of the latins of the county concerning back taxes on a list of unassessed securities scheduled in the probate court after the death of Marshal Field in January, 1906. Under a recent decision of the republican state central committee, it will not be necessary to hold actual primaries unless there is more than one ticket in the field, and by virtue of this ruling, in fifty-two out of a total of eighty-eight counties in the state, the regular Taft delegates will be chosen by the certification of their names.

In the remaining thirty-six counties primaries will be held, but in only four of these is there opposition to Taft. In but one county, Cuyahoga, in which is the lowance or reissue under the " 805 of ers in his district:

Pensions granted to persons residing in the Third district of Nebraska for the week county recognized the Taft committee, but the Third district of Nebraska for the week ended Wednesday, February 5:

on order of the state courts, rescinded this action and declared in favor of the Foraker committee.

The primary, however, will proceed, as though there were no legal question involved, bue if the case is filed before the supreme court and then decided by that body in favor of the Foraker people, new primaries must be called.

Late yesterday a complete list of anti-Taft candidates for the county, state and congressional conventions was accepted by the election board of Cuyahoga county, and there will be a fight all along the line. In Knox county seven men, all of them Foraker adherents, have entered in the primaries against the Taft candidates. They are running as independents, and are not claiming to be Taft or Foraker men.

In Lucas county, of which Toledo is the political center, there are two tickets in the field, but both of them have declared in favor of Taft. A similar situation exists in Scioto county, where opposition to Philo S. Clark, a republican leader, has brought a list of candidates into the fight.

Both Hokeis favor Taft, however, and he stands no chance of losing in any event.
