

GRAIN AND PRODUCE MARKET

Values Are Lower on Low Cables and Cash.

LIQUIDATIONS ARE STILL GOING ON

Wheat Opens on Decline in Response to General Conditions—Corn Occupies the Same Status.

OMAHA, Feb. 18, 1908. Grain values lower on low cables and cash markets. Liquidation of yesterday continues and the heavy offering in response to sharp break.

Wheat opened sharply lower in response to much lower cables, coupled with the weak cash demand. Longs weakened and 40 to 45 of their lines and heavy pounded the market hard at all resting places. May wheat opened at 85c and closed at 84 1/2c.

Corn opened lower on the opening and the reflected weakness in wheat. Every corner seemed to have corn for sale. There was some recovery on the opening owing to the light receipts. May corn opened at 54c and closed at 54c.

Oats weakened with wheat. Corn, but trading was light and interest was centered on the other market. May oats opened at 45c and closed at 45c.

Primary wheat receipts were 37,000 bu. and shipments 24,000 bu. against receipts last year of 44,000 bu. and shipments of 34,000 bu.

Corn receipts were 402,000 bu. and shipments were 315,000 bu. against receipts last year of 385,000 bu. and shipments of 415,000 bu.

Clearances were 233,000 bu. of corn, none of oats and wheat and flour equal to 200,000 bu.

Liverpool closed 1/4c lower on wheat and 1/2c lower on corn.

MARKET SPOTTY AND IRREGULAR

Reports of Further Industrial Inactivity Cause Traders to Hesitate and Many Issues Are Weak.

NEW YORK, Feb. 18.—The short contracts which were put out yesterday's trading were not very active today.

The recovery today was spotty and irregular and there were some local verifications of some of the rumors which had been current since the beginning of the year.

The copper industry is a center of depression and securities of companies involved in it are being sold at a loss.
