COASTING

Now that the time for coasting and other Winter Sports is at hand, we want to speak a word of WARNING with particular reference to COASTING.

On all streets on which there are street car tracks and on all hills which cross or terminate on streets having street car tracks there is CONSTANT DANGER to those indulging in the exhilarating sport of coasting.

Men and Women, as well as boys and girls, have lost their lives or have been seriously injured by dashing into moving or standing cars on their sleds or travelers.

PARENTS: Why jeopardize the lives of your children by allowing them to coast where the hazard is so great, when there are so many places in this city of hills where this sport may be indulged in with perfect safety?

ASSIST US IN PREVENTING ACCIDENTS.

A Snow worth a million.

Not a citizen of Nebraska but what will say the snow of Tuesday did inestimable good to our state—helped crops, found labor for the idle, etc., etc. And still it has its disadvantages, too. For instance, walking is uncomfortable, feet are cold and damp. Here's where we shine—we've prepared for just such a thing—we stocked up heavily on storm shoes for men—they are world beaters, too, for wear and comfort. We have them in tans and blacks, Blucher and Bolo styles, foot-form lasts, box calf and grain calf, all sizes.

The prices range:
Regular, \$4.00.
10-inch, \$5.00.
12-inch, \$5.50.
14-inch, \$6.50.
16-inch, \$6.50 and \$7.00.
18-inch, \$7.50 and \$8.00.

Dentists need electric power

Dentists usually only require a small amount of power and that at intervals. The old foot power is behind the times. Motor power leaves undivided attention for the work in hand and results in better work and greater accuracy. The little motor required can be attached to any lamp socket and cost no more to use than an ordinary 16 C. P. incandescent lamp.
