COMPANIES ANNOUNCE FIGHT

Before Promulgating a Schedule Commission Will Investigate Property Owned by Companies and the Cost of Service.

(From a Staff Correspondent.)

President, P. B. Brown, Harlan Repub-DES MOINES, Feb. Z .- (Special.)-The Vice President, C. C. Schneffer, Randolph Enterprise. Secretary-treasurer, E. A. Stevens, Silver City Times. State Railroad commission, at the conclusion of an extended conference with the Iewa shippers and representatives of the As had been expected, the heavy snow express companies, today announced a de cision as to the plan to be pursued in the

matter of making a revision of the express rates in the state. The attorney general of the state had rendered an opinion to the effect that under recent legislation the express companies are on a par with the rallroad companies and other common carriers and that it would be necessary to Editor Toward His Fellows," by E. E. make a schedule of express rates for lows having due regard to the long and short haul idea and on a strictly mileage basis. But the attorneys for the companies en tered into an argument to show that this was not good law. This halted the commission for a time. But in the end the commission announced just at noon today that the decision of the attorney general would govern.

The commission made further announce ment that it was ready to proceed soon to make a thorough investigation of the express rate matters, to inquire into the extent of the business and its profits,' and would summon agents and demand the books of the companies, and would go into the matter of investments and fixed values and other items with a view to ascertaining what is the actual profit in the business conducted.

This is something not before attempted in lowa, and the attorneys gave notice that the companies would resist in every possible way in the courts. It thus becomes apparent that a big fight is on as between the lowa shippers and the express companies. The movement for new rates is Colonel Saunders had consented to take backed by the Iowa Association of Manufacturers and similar organizations. There has been general complaint of rates for a long time, but the commission has not before had time to take up the matter. In fact until recent years there has been no disposition on the part of the commission to consider express rates at all.

GLENWOOD, Ia., Feb. 22.-(Special.)-The suit of Mrs. Angle Dashner against F. E. Dashner, executor of the estate of note for \$1,000, has been decided by Judge Green. The contention of the defendant was that he had paid a certain note of \$1,000 which was given by him to the deceased, while the plaintiff declared the note had not been paid. The court held the note had been paid, and need not be accounted for by the executor in listing the assets of the estate.

Matters in District Court.

W. P. Jackson, indicted jointly with Marion Hedgepeth, the paroled Missouri convict, on the charge of blowing the safe in the office of the Council Bluffs Transfer and Stove Storage company last Septem ber, was found gullty by a jury in the district court yesterday afternoon after less than half an hour's deliberation. Hedgepeth, who was tried twice, was convicted at both trials.

Jackson, who went on the witness stand yesterday, told substantially the same story he did when testifying in the Hedgepsth trial. He said he had accompanied Hedgepeth to Council Bluffs by the box car route to look for a man named "Baldy," who was suspected of robbing a bank in Missourl or Arkansas. He and Hedgepeth were on their way to Omaha to get a room to stay the night when they were arrested as they were crossing the bridge. The trial of J. M.
