STOP OVER FROM KANSAS CITY

George Rogers and Harry Taylor Reenk Ninety-Eight Out of One Hundred Over the River

Sunday.

An informal carnival of sports was held across the river at the Townsend Gun club grounds Sunlay afternoon, when some of the leading shooters of the country stopped over for the day on their return from the big match at Kansas City. Among the outsiders and men of national reputation present were Fred Gilbert of Spirit Lake, C. B. Adams of Rockwell City, Inc. Fred Rogers of St. Louis, R. R. Barber of Paulina, Ia.; Charles Thorpe of Geneva, Jack Kreger of South Dakota, Harry Taylor of Meckling, S. D., and J. W. Wiseman of York.

The Nebraska team made a great record at Kansas City, winning the Elliot trophy from the Missouri team on the opening day of the tournament. It relinquished the trophy in consideration of \$100 that it might again be shot for, and then in competition with three Kansas City teams, one from Kansas and one from St. Louis, the Nebraska boys again won the coveted prize, winning by one bird.

Monday afternoon Adams, Barber Thorpe, Rogers, Townsend and Wiseman left for Exeter to attend a two days' shoot. Some good scores were made at the shoot Sunday afternoon, George Rogers and Harry Taylor breaking 28 out of 100.

OMAHA FIRST IN BASKET BALL Righ School Team Cinches Champtonship of State.

with the defeat of York and Lincoln in basket ball last week, the Omaha High school basket ball team has cinched the high school championship of the state. The school on the hill is justly proud of its representatives, and the boys are to be congratulated on the clean, which against they are playing, and on their high scholastic standing, which all athletes of the school must maintain! shool must maintain.
While credit for the school's successful

athletic searon is due to all who have par-ticipated, it is generally conceded that a strong influence towards this end has been wisided by the present senior class, four of whose members are on the basket ball of whose members are as squad.
Not only has the team defeated Lincoln. York and West Point, the three strongt's high school fives in the state outside of Omaha, but it has never been beaten by any team of its class. In point of scores, the local five has made about two to one against their opponents, or 216 to 115, to be exact.

The lads are now looking for other worlds to conquer, and their manager would wel-come a match with any team of their class in this section of the country.

# Rheumatism is caused by an excess of uric acid in the blood, brought

about by the accumulation in the system of refuse matter which the natural avenues of bodily waste have failed to carry off. This waste or refuse matter ferments and sours and generates uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism, with its torturing pains and aches, inflammation and other disagreeable symptoms, gets possession of the system. The aches and pains may be relieved and the inflammation temporarily reduced by the application of a good plaster, penetrating liniment or some other simple home remedy, but the disease can never be cured while the blood remains saturated with the irritating, pain-producing uric acid poison. The cause should be driven from the blood before the trouble reaches the chronic or helpless stage. S. S., a purely vegetable remedy, cures Rheumatism by thoroughly cleansing the blood of every particle of the uric acid poison, and making this vital fluid pure, fresh and health-sustaining. It filters out from the circulation the remotest particle of the poison, and when S. S. S. has renovated the blood, Rheumatism is thoroughly and permanently cured. Announcements of the Theaters. One of the most interesting characters in Jules Murry is bringing to the Krug for two days, starting tonight, is that of the captain of the Yale crew, Jim Tucker, Manager Murry thought a long while be fore he finally gave out the part. So many applicants applied for it who looked the part, but who had no idea of the dignity of it. Others had the voice and the requisite dignity, but had not the stature. Finally an actor appeared before him, and without walting for him to say what he had come for, Murry put out his hand and said, "I want you for the part of Jim Tucker, captain of the Yale crew, in my college play, 'At Yale.' Will you take it?"

And before the half hour was over arrange-

ments were concluded.
