Your teeth ought to be a matter of great concern to you and particularly so if any of them are missing or if those that are left are loose or diseased. They play such an important part in keeping the body healthy that they deserve to come first and should have attention before anything lese.

Before the discovery of OUR METHOD, by which we are able to restore missing teeth without having to set them on partial plate or resort to ordinary bridge work, there was no other plan or restoring missing teeth but by these two makeshifts. The partial plate has never been a success. It can never be made so that it fits firmly between the teeth that are left, and a great many people who were cursed with them wore them in their pockets about as much of the time as they did in their mouths. The natural shrinkage of the gums would cause them to wabble around in the mouth-in short, the partial plate as a means of restoring missing teeth is a failure. The other method, known as bridge work, is more or less of a failure, as there is a constant strain on the teeth it is fastened to, which strain loosens the pier teeth, causing the gums to become irritated and diseased, and in the course of time the whole structure has to come out, teeth

You would naturally think that having a monopoly of so valuable a method as this, our charges would be high. As a be in the treasurer's hands only a short this work than the average first class dentist would charge for ordinary bridge work. It its therefore, not expensive nor beyond reach of any man or woman who places health before all other earthly posessions. It is not a painful process. Wa perform no surgery-do not extract teeth to make room for this work-so there is nothing about it to be dreaded. The average case takes from two to four days to complete, but what is two or four days or one week out of your life when you stop to consider the blessing of having a perfect and complete set of teeth in your mouth that you can chew with exactly as you could if you had never lost s tooth? Our method is practiced exclusively by us.

If you need our services and will call at our office we will be pleased to make a thorough examination of your mouth free of any charge or obligation. If you are not near enough to call you should send at once for our free book .

DEPOSITORIES UP TO LIMIT

Chicago, St. Paul, Minneapelis & Omaha Road Files Schedule of Its Property in Cities and Towns.

(From a Staff Correspondent.) LINCOLN, Feb. 29.—(Special.)—State Treasurer Brian's report for the month of February shows that he had balances on hand February 1 of \$548,406.82; receipts. \$633,881.44; payments, \$456,844.68; balances February 29, \$745,443,58. Checks, cash and cash items, \$175,281.94; cash on deposit, \$579,161.64. The cash on deposit is unusually large and is explained by the fact that nearly \$200,000 of bonds bought were not delivered and consequently the cash is still on hand. The bidder was not compelled to deposit a bond to deliver the purchase, therefore the state can enforce no penalty for the fallure to deliver. The treasurer is preparing to make a big purchase of bonds soon. The item of \$175,281 in checks, cash and cash items is an unusual one. Mr. Brian is holding the checks because the limit of state funds in depositories, governed by the amount of bonds, given by depositories has been reached. Many banks have applied to be made depositories, but have been refused because time and no more depositories are needed.

DEADLOCK ON COAL SCALE Bituminous Mines in Ohio, Indiana and Illinois Will Be Closed

March 31.

INDIANAPOLIS, Feb. 20.-The joint committee of the coal operators and miners of Illinois, Indians, Ohio and Western Pennsylvania, now comprising the central competitive field, adjourned this evening sine dle, without reaching an agreement upon the proposition to call a joint convention to re-establish the interstate agreement and taking establishment. Interment was in Evergreen Home cometery. The coroner was unable to hear from any of the dead when the present scale expires. The final ways are also bear from any of the dead. when the present scale expires. The final disagreement is the climax to months of argument, which characterized joint meetings held in October, December and January. Unless concessions are made the union bituminous coal miners of the coun-

try will cease work March 21. SEWARD—An unknown man was creating a good deal of alarm around the country near Milford early in the week. He would call at a farm house and ask for food and if not suited would commence a thrade of curses. He was finally captured by some farmers and held until Sheriff Gillan arrested him.

There were four important motions today before the disagreement. President Chapman of the Ohio operators moved that the present scale be continued during April, that more time be given to reach an agreement. Secretary Wilson of the miners or ganization opposed the motion, and it was There were four important motions today before the disagreement. President Chapganization opposed the motion, and it was

Silian arrested him.

NEBRASKA CITY—J. A. Riffles, land-lord of the National hotel, died yesterday after a brief illness and was interred to-day. He was 63 years of age and leaves a widow. He came here about a year ago from Auburn, where he had made his home for many years. His body was taker to Sterling for interment.

BEATRICE — The Wymere Commerc al cliph held a meeting Friday night and elected Jesse Newton president and James McGuire secretary-treasurer. Julius Neumann is the retiring president and he addressed the meeting at length, being followed by Mr. Newton. The club has a membership of thirty members.

NEBRASKA CITY—The home of John March 16 also met with defeat.

The last motion, made at 6 p. m., by A M. Ogle of the Indiana operators, to adjourn sine die, was carried after every effort to reach an agreement had falled. At the request of President Mitchell of the miners organization, both operators and miners indersed the bill now before congress to appropriate \$300,000 to investigate recent mine disasters and safety ex-

plosives and to make recommendations. Both operators and miners were moved today by opposing influences. Illinois operators, who are now in joint convention with the miners of that state, have not reached an agreement, and asked for more time before going into a joint conven-

President Mitchell retires from office April I, and will be succeeded by Vice President Lewis. The national convention of the United

BRYAN SPEAKS IN MEMPHIS Nebraskan Says Democratic Prospects

Are Growing Brighter. MEMPHIS, Tenn., Feb. 19.-Five hundred banqueters heard William J. Bryan speak at a local hotel Friday. Mr. Bryan arrived early in the day and was besieged by friends and visitors. He delivered a lecture in the afternoon and at 5 o'clock held a public reception, which was attended by many of citizens.

At the banquet Mr. Bryan was warmly received and his speech was given marked

The speaker said prospects for the coming congressional year are very bright from a democratic standpoint and are growing brighter every day. The issues, in a sense, questions are in the last analysis moral

taken is to reassure the depositors in the VALLEY—The closing numbers of the lecture course for 1907 and 1908 was given in the Valley opera house. This is the third year that the Valley Woman's club has managed a lecture course and this is its

Keep Cascarets in your pocket. Take one as soon as you need it. It is old fashioned and wrong to take harsh doses of physic.

We all live unnaturally. Our food is too fine, too rich and too plentiful. We eat too little fruit, too few green vegetables. We don't exercise enough.

The result is, our bowels get clogged; for Nature intended us to live in a different way.

What shall we do? Shall we walk ten miles a day? Shall we diet ourselves? Shall we seek for more laxative, and less costive effect in our food? Or shall we take Cascarets? One way will serve just as well as the other.

Cascarets are wegetable laxatives. Their action in as natural as the action of fruit, of coarse food or of exercise. They are gentle. They persuade the bowels-never drive them or They are candy tablets, and the dose is one at a time-just as soon

as you know that you need it. It is wrong to take harsh physic and to wait till you need a big dose. It is better to keep at your best, every hour of every day. And one Cascaret at a time is sufficient. That means to keep clean inside.

but never in bulk. Be sure you get the genuine, with C C C on every tablet. The price is 50 cents, 25 cents and Ten Cents per Boy

Cascarets are candy tablets. They are sold by all druggists

ORCHARD & WILHEL 414.416.418 South 16th Street

The Hughes Grocery 1403 Douglas St.

Your employees can earn more money for you

if they have up-to-date tools. How much work can each man on the payroll do? This is the question you must

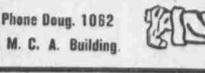

The workman gets the same pay, whether he can do much or little work. With electrically driven tools you can add fifty-one hundred-or possibly two hundred per cent to the work each man does. Your cost of the tools is nothing compared to your saving.

Besides, if you are to produce work as cheaply as your competitor, you must be up-to-date. Let us tell you about the new

tools and devices in your own line.
