Gentlemen:—The Herpicide you recommended to me for use as a remedy for dandruff and buliness has proved a great success. I have used only one bottle and the result is surprising. The sealp has been thoroughly cleansed from dandruff, the old hair has softened and strengthened; while short soft hair has already appeared in the baid spots; and I have been greatly relieved from headaches i must earneally recommend all afflicted, as I have been, to try **EWBRO'S RESPICIDE**.

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not alraid to subject them to he fallest scruthry.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, torpid liver or biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strunges possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending activess on postal card or by letter, to Dr. E. V. Pierce Buffalo, M. V. their contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. H. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral arents or other poisonous or injurious agents and that they are made from native, medicinal foots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and doblitated women, were employed, long rears ago, by the Indians for similar affinents affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-weed". Our knowledge of the uses of not a few of our most valuable native, undicinal plants was gained from the Indians. As made up by improved and cauci processes, the "Favorite Prescription" is a most efficient remedy for regulating all the was-andy functions, correcting displacements, as prolapsus, anterversion and retorversion, overcompting plants and bringing about a perfect tlate of health.

The Good Government club met last night in a called session. The club has gone on record lately with indorsements of various candidates for the primary election. The members are now busy advancing the cause of the men selected. For this work numerous committees were appointed last night to look after the affairs of the election. Some of these committees are to visit the polling places to see that the election is conducted in a fair manner in all cases. Another committee is preparing a circular letter to he voters of the city containing an outline of the results of the investigations of the committee which is looking after the record of the present administration. This letter will be given to the public Monday. It is said to contain only posttively proven assertions, which may be verified by the records in the hands of the city clerk.

Some sensational charges are looked for before the close of the campaign. The club sends the following amended ist of candidates: J. W. Gribble, C. A. Melcher, O. K. Paddock, J. J.
