Their American Rivals. CHAUFFEUR COMES FOR REPAIRS

Our Breaks Down in Iown and He Runs Into Omaka to Get Fixtures...Sore on the Iowa Mud.

St. Chaffray, intrepld driver on the De Deon, the leading French car in the New York-Paris race, arrived in Omaha Monday morning in search of part of his machine. He had lunch with Dr. Despacher.

"We will win this race and show the Americans who are the best drivers," said St. Chaffray with some show of feeling. He does not altogether try to conceal the animus between the French and American car men. "lows mud has broken one record," said

St. Chaffray at the Kimball garage Monday noon. 'Towa mud broke a shaft on our car and that is the first time one of those shafts ever broke. The first in 10,000 That is a good record for Iowa mud." The French car broke a shaft east of Cedar Rapids and a new one was made of as good a piece of steel as could be had at Codar Rapids, but that did not hold, but twisted in two before Marshalltown was reached, so St. Chaffray hurried to Omaha to open some of the numerous boxes which have been shipped shead for the

What the plans of the entertainment is Omaha for the occupants of the French car will be depend on the time of arrival and the condition of the car. If it needs repairing the men will have more time. If everything is in good shape St. Chaffray says he can stay only long enough to eat a bite and then must hurry on.

Many are planning to take an automobile trip to meet the car and escort it into BRANSFIELD SAYS HE WILL WIN Omaha.

Italian Car Starts West. Completely overhauled and cleaned from stem to stern the Italian car Zust, holding second position in the New York-Paris race, left Omaha at 10 o'clock Monday morning and the occupants of the car hoped to reach Fremont in time to lunch with the Fremont Auhomobile club.

From the time the car pulled into the Kimball garage at 8:10 Saturday evening until it left Monday morning, day and night, Haaga, the expert machinist with the car, assisted by two of the machinists of the Kimball garage, have been constantly at work putting the machinery in shape for a fast run across the prairies of Nebraska. Monte Boberts moved along so swiftly Sunday with the American car while the Italians were laying off that it is up to them to go some if they wish to stop the American car from making a runaaway race in this country.

One of the springs of the Zust was broken so two new and heavier leafs were made at the Union Pacific shop. This and a new rear wheel were all the new parts which were added in Omaha. All parts had a thorough overhauling, however. A. N. Ruland, sales manager in New York for the Italian car, accompanied the party west. The French car spent the night at Alta, Ia., having made fifty miles from Cedar Rapids Sunday. The frame of the French car broke in two when a rut was struck and this caused quite a delay for repairs. The second French car and the German car have crossed the Mississippi river and all should reach Omaha in a few days. E. R. Cuddeback of Fremont left Omaha in the Italian car and will act as pliot

to Grand Island. Breaks Drive Shaft.

MARSHALLTOWN, Ia., March 9.-The first French car broke a drive shaft one and one-half miles west of Legrand, Ia., last night. The crew secured teams to haul the car to this city.

St. Chaffray reached Marshalltown at I o'clock this morning and left at 5:50 a. m. for Omaha either to purchase or have made a new drive shaft. His car probably will be here two or three days. Three teams bringing the car here have not yet arrived.

Before leaving for Omaha St. Chaffray gave orders to have the car brought to this city by teams. Three teams were sent to Legrand this morning, but Autran re fused to allow the car to be moved. He said that St. Chaffray was the first to protest against the American car being propelled by other than its own power. Autran declared that the French car would have to remain where it was until it could nove itself.

CLINTON, Ia., March 9 .- French car No. shipped into Clinton today; will remain for several days for repairs.

DIXON, Ill., March 9.-The German car passed Dixon at 10:30 a. m. CHEYENNE, Wyo., March 9 .- After re-

ceiving all necessary repairs, the American car in the New York-Paris automobile race left this city at 11 o'clock today. E. Linn Matthewsen of Lenver will drive from Cheyenne to Ogden

Basket Ball Team Wins Only One Game on the Trip.

Basket Ball Team Wins Only One

Game on the Trip.

LINCOLN, Neb., March 2—(Special.)—
The University of Nebraska basket ball
five returned this afternoon from Grinnell,
ia., where they played the last game of
the most unauccessful trip ever taken by
any Cornhusker athletic team. Never have
any representatives of Nebraska, either in
foot ball, base ball or basket ball, made
such a peor showing fos the scarlet and
cream as did the basket ball tossers on
the trip which closed last night.

The Cornhusker five left Lincoln over a
week ago on a trip into Minnessta, Wisconsin, Illinois and lows. Eight games
were played and of these the Nebraska
five lost all except one. In a majority of
the contests the Cornhuskers were defeated
by wide margins. The only game won was
with De Pauw university, by the score of
32 to 17. Defeats were suffered in the last
two games of the trip at lows City with
the State university team, and at Grinnell with the Grinnell college five.

The Nebraska team was badly handicapped on the trip, being without the services of Russell Burruss, a forward, in all
the games, and Captain Bell in part of
the contests. Several new men were
played in the games and they were not
able to do as good work as has usually
marked the play of the Cornhusker five.
The Cornhuskers closed their season at
Grinnell and no more intercollegiate games
will be played this spring.

The captain for next season's five will be
elected within a few weeks. It is understood that Walsh, the star forward of the
team, will be chosen for the place. Walsh
has been on the five three years, and during that time has made a great reputation
as a basket ball tosser. His accuracy in

French car to see if a shaft is not in one of them. He hurried back to Marshalling that time has made a great reputation as a basket ball tosser. His accuracy in tossing goals has done more to help the Cornhuskers win their games than the playing of any other member of the five. The fact that he was "off" in his goal throwing during the recent games with Kansas is given as the reason for the vic-tories of the Jayhawkers in those con-

nt the Auditorium. Harry Bransfield, champion wrestler of Australia, arrived in Omaha Monday morn-ing and says he will throw Gotoh Tuesday night at the Auditorium. Frank Gotoh, champion of America, left New York Sat-urday night and is expected to arrive in

Omaha this morning.

Bransfield looks as though he would be a worthy fee for Gotch, as he weight 203 stripped and he, himself, says he will beat Gotch. He says his title of champion of Australia is no idle honor, as in order to win it he had to throw Tom Adams who win it he had to throw tom Adams who held the championship for some years, being able to throw all comers as fast as they appeared. He also wrestled in Berlin London, Denmark and Australia.

Mr. Gillan refused to raise the price of admission to the match and he is being rewarded by one of the heaviest advance sales ever held at the Auditorium.

Universal Foot Ball.

Inversal Poot Ball.

IOWA CITY, Ia, March 9.—(Special.)—
The coaching force of the University of Iowa believe that they have found the perfect method for the development of foot ball players. The weighty problem of the proper method of spring training for foot ball has been a vexation to coaches all over the country, and if the new method is a success, it will be the greatest advance in the way of training that has been offered. T. W. Graham of Dubuque, Ia. has invented a new game called university foot ball, intended for the spring and early season work of the squad, and partaking of the qualities of the Rugby game, without the hard, grueling scrimmage work. Coach Catlin has planned to introduce the game as soon as the weather permits outdoor Catiin has planned to introduce the game as soon as the weather permits outdoor work, and has great faith in it as a developer of the fine points of the game. An ordinary field is used for the purpose, and the game involves skill in passing, carrying and kicking the ball in the various methods of the Rugby game. As a developer of the forward pass, the lowa coaching force believe it to be without an equal. ing force believe it to be without an equal. It is strictly a no contact game, which does away with possibilities of injuries. Mr. Graham was aided in the invention of the game by John G. Chalmers, formerly head ceach at Iowa, and by Mare Catlin, the present coach. Coe and Cornell colleges have also adopted the game and a series of match contests will be held this spring.

Races for Lander. LANDER, Wyo., March & .-(Special.)—Arrangements are being made to hold a big county fair and race meet here next fail. A regulation half-mile track has aiready been contracted for and the citizens' committee, headed by Mayor Johnson, has guaranteed \$2,000 in purses for a race meet to be held during the fair. The Fremont County Horticultural society will erect a fine building for the display of farm, garden and orchard products. Local business men have also agreed to guarantee the payment of orchard products. Local business men have also agreed to guarantee the paymont of premiums for the various displays, which practically guarantees the holding of a fair this full, although the dates have not yet been selected. It is thought that no state fair will be held this year, the appropriation between availables.

Sporting Gossip. It might be a good thing to let Ty root around among the semi-pros for a season.

And another reason for betting on John-son is that Corbett says he has it on Burns Sane base ball magnates are opposing the rooters' clubs. Good. That's a damper on the soda bottle.

Tommy Burns will fight Jem Roche Dublin on St. Patrick's day. Ain't it shame he's a French Canadian? Hundred collars reward for a man named O'Nell who played ball, or tried it, since the days of the original "Tip" who did not appropriate that title.

The way Sau Francisco and Los Angeles are handling those White Sox is simply tantalising. But then, of course, the Californians are in shape.

Won't it be a fine sight to see those ten pitchers pitch for their berths? Pa cer-tainly has the Indian sign on some of his competitors in the line of flingers.

The Athletics will have the finest park and grandstand in the country when com-pleted. The seating capacity will be 20,000 and the cost \$600,000. Does base ball pay? Manager Chance says Artie Hofman is the greatest living utility man. That, with the three-year contract carrying a raise, certainly ought to make Artie work with-out kicking straps.

Jack Ryan, an old friend of Bransfield, has come down from Minneapolis to see the Australian and Gotch at the Auditor-ium Tuesday night. "Is he a good one;" He's a wonder," said Ryan of Bransfield.

Why shouldn't Johnson pull down stakes when, in the judgment of the best of 'em, the receipts would be much larger in America than England? They say Burns came near choking to death when it seemed Bre'r Johnsing was going to be contrary about pulling it off over the sea.

Jake Schaefer, the greatest billiard player the world has known, the "Wixard of the Cue," thinks he has earned a rest. Well, if any man in the sporting world has or could earn an honorable and honored rest it is Schaefer. The police ought to hunt out the man who put the notion in Joe Rodgers' head that he could wrestle and arrest him. Rodgers is a big ice wagon who started in the prize ring and, not being able to make good there, took to the mat. Since beeringing to wrestle he has never got a fall from a first-class man. The nearest he has come to it was to win some such handicap as that with Gotch, where the champion agreed to throw him five times and only got him twice because the big hulk jumped off the mat every time he found himself in close quarters and could.

# MEN ARE ASKED TO STAND CUT Boston & Maine Road Insists Condi-

tions Render it Neces-

BOSTON Murch 9 -- A meeting of the ren. resentatives of the various brotherhoods of railroad trainmen and lodges of railway conductors of every section of the Boston & Maine railroad system, was held to Ford's hall today to discuss the proposition of President Lucius Tuttle of the railroad that the men agree to the reduction of per cent in their wages until July 1. The gathering was secret and nothing was given out about the proceedings except that no vote was taken. In a letter addressed to the conductors, trainmen and firemen, President Tuttle, after suggesting the pro-

posed wage decrease, laid stress upon its necessity by saying: "The emergency in the company's affairs is more grave than anything that has happened within my experience and I regret to say that the outlook gives no promise of improvement. As those employed by the company are jointly interested with those who own it in bearing equitably the results arising in bad as well as in good times, I feel that after careful consideration of this matter as I am presenting it to you, practically everyone concerned will willingly agree to make the small temporary sacrifice in their wages that I have suggested as being absolutely necessary and unavoidable."

# POLICE OFFICIALS THREATENED Italian Under Arrest at St. Joseph Charged with Sending the

Letters. ST. JOSEPH, Mo., March 9.-Threatening them with death if they harmed any Itallans in St. Joseph and warning them for love of their wives and children not to try to deport any Italians from here, letters, identical in meaning, but varying slightly in wording, were received last Thursday morning by Chief of Police William H. Frank and Inspector of Detectives Charles

H. Kelley. After the entire local secret service had worked on the case information was received that the supposed writer of the letters had gone to Kansas City, and Police Detective Wilson returned from there to night with Eduardo Ragio, M years old, whom the police believe was the author of the threatening lotters.

Ragio strongly denies the authorship of the letters. He was in St. Joseph only a short time, he says. He admits calling on Bishop Burks of the Catholic church to ask for money, but says there was no other object in the visit. He is not an anarchist, he says. Efforts will be made to have him deported.

# AFFAIRS AT SOUTH OMAHA

Three South Omaha Pulpits Filled by Outsiders in Evening.

TWO TALK ON CIVIC PROBLEMS

Number of Greeks Arrested for Obstructing Sidewalk and Making Insulting Remarks to People Who Are Passing.

At least three South Omaha pastors sast night treated their audiences to outside talent at the evening services. At the Methodist church, Raymond Robins of the Board of Education of Chicago spoke on the subject of "Civic Corruption and the Way Out." His discussion was from a practical man's standpoint. His remarks would lead one to believe that the richest harvests of the corruptionists had passed, and that some fifteen to twenty years ago much less attention was given to the methods of the dishonest official than at the present hour of awakened public conscience At that time popular and sectional proju dice were strong enough to cover a multitude of shortcomings. But the days of inense party prejudice are past now and the danger at present is apathy in all things

Rev. Thomas Moody of the Congo Fred State, Africa, at the Baptist church, spoke of his experiences in that almost unknown quarter of the world. His remarks were inusually interesting, treating of the habits

and life of the people. Senator W. R. Patrick addressed the congregation of the Prebyterian church on the subject, "Some Problems of Citizenship." Three principal problems were touched upon. The first was the menace of partisan prejudice. He said it was one of the enlowments of the civil war, but which he was glad to see the younger generation disposing of by a more tolerant feeling He said he would instruct the youth in the public schools at an early age to look o the principles under the political parties and resist the blind following of a party flag. The second point on which he briefly touched was the enfranchisement of the negro. He said it was a mistake and a crime and was the means of fastening the trust system on the nation in the period just after the civil war, by the manipulation of an ignorant vote. A clear-headed voting public and an unprejudiced party might then have saved the present day

from corporate oppressions. The third question discussed was the iquor question. Mr. Patrick's views on this question are well known, but he presented them most eloquently and forcefully, James Colvin Dend.

The death of James Colvin, aged S5, curred Sunday morning at his late real dence, 2019 E street. The cause of death was infirmities of old age. For the last eighteen months he had been absolutely helploss and most of the time irrational, enforced. This is a decided victory for the His bealth began to fall shortly after le moved to South Omaha from La Platte eight years ago. In that city he had been a prosperous merchant. He was a plone of the state, having moved here in 1865. He is survived by his widow, daughter and three sons, One of the latter, John Colvin, is a resident of the city and is employed by the firm of John Flynn & Co. funeral probably will be held Wednesday at La Platte. The family is awaiting the arrival of the absent sons. They are L. P. Colvin, Marveville, Mo., and T. J. Colvin of Tarkio, Mo. The daughter is Mrs. E. W. Blines of La Platte, Neb.

Party of Greeks Arrested. Officer Jake Small, who patrols Q street this month, rounded up the population in the vicinity of Q and Twenty-seventh yesterday and landed eight or more Greeks in jail. Their offense charged on the jail books is obstructing the sidewalks. Of late the Greeks have grown offensive in this particular, according to the chief. They stand on the walks and offer insulting remarks to people who pass by, often forcing these to take the middle of the street The remarks are quite as often directed against women. Many women have complained bitterly of this treatment. Chief Briggs said yesterday: "The Greeks appear to be more offensive than the negroes is this particular. In fact, since the las trouble in South Omaha the streets have been unusually free from offense from colored men. They never were so obnoxious to women. We will keep on throwing the Greeks in jail until we stop this kind of disorder. Their fines will be made severenough to make them think twice here

### ILLINOIS CENTRAL EXPANDING Harriman, it is Announced, Buys Georgia Central for that Line.

MACON, Ga., March 9,-Chairman Mo-Lendon of the Georgia Railroad commission has made public a signed statement in which he gives reasons for his conclusions that E. H. Harriman will transfer his Central of Georgia stock to the Illinois Central and make the Georgia Central a part of the latter system. Mr. McLendon says that the president of the Georgia Central appeared before his board November 8, 1967, and stated that by direction of E. H. Harriman he appeared before the commission to say that while the stock of the Central, all except a few shares, stood on the books of the company in the names of Oakleigh Thorne and Marsdan J. Perry, it in fact was owned by E. H. Harriman, having been purchased by him on June 6, 1907, from the Southern Rellway company for \$3,000,000, Thorne and Perry acting merely as his agents and charging for their

services a fee or commission of 5 per cent. "President Hanson further said that Mr. Harriman had purchased the stock with the intention of transferring it to the Illinois Central; but that as his control of the Illinois Central was then in litigation, it was his (Harriman's) desire that the Georgia Railroad commission would not give out to the public what his purpose was until after the election of directors of the Illinois Central, an event then scheduled for December 18, as I now recollect. This election was postponed from time to time and was finally held this week in Chicago, and Mr. Harriman having elected his own directors the presumption is that the Georgia Central stock will become the property of the Illinois Central."
