POOR SHOWING BY CORNHUSKERS Basket Ball Team Wins Only One

Game on the Trip. LINCOLN, Neb., March 9.—(Special.)—
The University of Nebraska basket ball five returned this afternoon from Grinnell, Ia., where they played the last game of the most unsuccessful trip ever taken by any Cornhusker athletic team. Never have any, representatives of Nebraska, either in foot ball, base ball or basket ball, made such a poor showing for the scarlet and morning in search of part of his machine. He had lunch with Dr. Despacher.

"We will win this race and show the Americans who are the best drivers," said St. Chaffray with some show of feeling. He does not altogether try to conceal the animus between the French and American are men.

"Town mud has broken one record." said St. Chaffray at the Kimbail garage Monday noon. "Iowa mud broke a shaft on our car and that is the first time one of those shafts ever broke. The first in 10,000 That is a good record for lows mud."

The French car broke a shaft east of Cedar Rapids and a new one was made of as good a piece of steel as could be had at Codar Rapids, but that did not hold, but twisted in two before Marshalltown was reached, so St. Chaffray hurried to Omaha to open some of the numerous boxes which have been shipped ahead for the French car to see if a shaft is not in one of them. He hurried back to Marshalltown.

What the plans of the entertainment in the first time had been on the five three years, and during that time has made a great reputation.

"We will he basket ball tossers on the trip which closed last night.

The Cornhusker five left Lincoln over a week ago on a trip into Minnesota, Wiscons, He contests the Cornhuskers were defeated by wide margins. The only game won was with De Pauw university, by the score of 32 to 17. Defeats were suffered in the last two games of the trip at lowa City with the State university team, and at Grinnell with the Grinnell college five.

The Nebraska team was badly handicapped on the trip, being without the services of Russell Burruss, a forward, in all the games, and Captain Bell in part of the comests. Several new men were played in the games and they were not able to do as good work as has usually marked the play of the Cornhusker five. The Cornhuskers closed their season at Grinnell and no more intercollegiate games will be played this spring.

The captain for next season's five will be elected within a few weeks. It is understown.

of them. He hurried back to Marshalltown.

What the plans of the entertainment in
Omaha for the occupants of the French
car will be depend on the time of arrival
and the condition of the car. If it needs
repairing the men will have more time. If
everything is in good shape St. Chaffray
says he can stay only long enough to eat
a bite and then must hurry on.

Cornhuskers win their games than the
playing of any other member of the five.

SBFF. BOSTON, March 2 .- A meeting of the repesentatives of the various brotherhoods c railroad trainmen and lodges of railway conductors of every section of the Boston & Maine railroad system, was held in Ford's hall today to discuss the proposition that the men agree to the reduction of per cent in their wages until July 1. The gathering was secret and nothing was given out about the proceedings except that no vote was taken. In a letter addressed to the conductors, trainmen and firemen President Tuttle, after suggesting the pro-

identical in meaning, but varying slightly in wording, were received last Thursday morning by Chief of Police William H. Franz and Inspector of Detectives Charles H. Kelley.

After the entire local secret service had worked on the case information was repelved that the supposed writer of th letters had gone to Kansas City, and Police Detective Wilson returned from there tonight with Eduardo Ragio, 30 years old, whom the police believe was the author of the threatening letters.

Ragio strongly denies the authorship o the letters. He was in St. Joseph only a short time, he says. He admits calling on Bishop Burke of the Catholic church to ask for money, but says there was no other object in the visit. He is not an anarchist, he says. Efforts will be made to have him deported.

Outsiders in Evening.

TWO TALK ON CIVIC PROBLEMS Number of Greeks Arrested for Obstructing Sidewalk and Making Insulting Remarks to People

Who Are Passing. At least three South Omaha pastors jast night treated their audiences to outside talent at the evening services. At the Methodist church, Raymond Robins of the Board of Education of Chicago spoke on the subject of "Civic Corruption and the Way Out." His discussion was from a practical man's standpoint. His remarks would lead one to believe that the richest harvests of the corruptionists had passed, and that some fifteen to twenty years ago much less attention was given to the meth-

ods of the dishonest official than at the

present hour of awakened public conscience.

At that time popular and sectional preju-

dice were strong enough to cover a multi-

tude of shortcomings. But the days of in-

tense party prejudice are past now and the

danger at present is apathy in all things political. Rev. Thomas Moody of the Congo Free State, Africa, at the Baptist church, spoke of his experiences in that almost unknown quarter of the world. His remarks were unusually interesting, treating of the habits

and life of the people. Sepator W. R. Patrick addressed the congregation of the Prebyterian church on the subject, "Some Problems of Citizenshin." Three principal problems were touched upon. The first was the menace of partisan prejudice. He said it was one of the endowments of the civil war, but which he was glad to see the younger generation disposing of by a more tolerant feeling He said he would instruct the youth in the public schools at an early age to look to the principles under the political parties and resist the blind following of a party flag. The second point on which he briefly touched was the enfranchisement of the negro. He said it was a mistake and a crime and was the means of fastening the trust system on the nation in the period just after the civil war, by the manipulation of an ignorant vote. A clear-headed voting public and an unprejudiced party might then have saved the present day from corporate oppressions.

The third question discussed was the liquor question. Mr. Patrick's views un this question are well known, but he presented them most eloquently and forcefully James Colvin Dend.

The death of James Colvin, aged S5, occurred Sunday morning at his late restdence, 2019 E street. The cause of death was infirmities of old age. For the last eighteen months he had been absolutely elpless and most of the time irrationa His health began to fall shortly after he moved to South Omaha from La Platte eight years ago. In that city he had been a prosperous merchant. He was a plonee the state, having moved here in 1865 He is survived by his widow, daughter and three sons. One of the latter. John Colvin is a resident of the city and is employed by the firm of John Flynn & Co. The funeral probably will be held Wednesday at La Platte. The family is awaiting the arrival of the absent sons. They are L. P. Colvin, Marysville, Mo., and T. J. Colvin of Tarkio, Mo. The daughter is Mrs. E. W. Blines of La Platte, Neb.

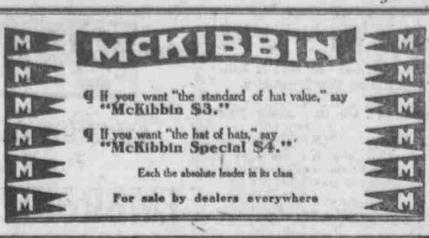

Party of Greeks Arrested. Officer Jake Small, who patrols Q street this month, rounded up the population in the vicinity of Q and Twenty-seventh yesterday and landed eight or more Greeks in jail. Their offense charged on the jail books is obstructing the sidewalks. Of late the Greeks have grown offensive in this particular, according to the chief. They stand on the walks and offer insulting remarks to people who pass by, often foreing these to take the middle of the street. The remarks are quite as often directed against women. Many women have com plained bitterly of this treatment. Chief Briggs said yesterday: "The Greeks appear to be more offensive than the negroes in this particular. In fact, since the last trouble in South Omaha the streets have en unusually free from offense from col ored men. They never were so obnoxiou to women. We will keep on throwing the Greeks in jail until we stop this kind of disorder. Their fines will be made severe enough to make them think twice here-

S.S.S.

Whenever a sore or ulcer refuses to heal it is because the blood is infected with poisonous germs or some old blood taint which corrupts and pollutes the Nothing is more trying than a non-healing, chronic old ulcer, The very fact that it resists all external applications, and ordinary treatments, is good reason for alarm, for the same germ which produces cancerous ulcers is back of every old sore, and especially is this true if the trouble be from any inherited taint. Surface treatment cannot reach the trouble-the blood is at fault and must be purified before a cure can be hoped for. In S. S. S. will be found a remedy for sores and ulcers of every kind. It is a perfect blood purifier-one that goes directly into the circulation and promptly cleanses it of all impurities, poisons and taints. The ulcer can never heal while the blood discharges into it the noxious matter with which it is infected, but when S. S. S. has rid the blood of this cause and freshened and built up the circulation the sore will heal naturally, and of its own accord. S. S. S. begins at the bottom and heals the place as it sliguld be healed and makes a permanent and lasting cure. Book on Sores and Ulcers and any special medical advice free to all who write. ILLINOIS CENTRAL EXPANDING Harriman, it is Announced, Buys

MACON, Ga., March &-Chairman Mo-

Georgia Central for that

Lendon of the Georgia Railroad commission has made public a signed statement in which he gives reasons for his conclusions that E. H. Harriman will transfer his Central of Georgia stock to the Illinois Central and make the Georgia Central a part of the latter system. Mr. McLendon says that the president of the Georgia Central appeared before his board November 8, 1907, and stated that by direction of E. H. Harriman he appeared before the amission to say that while the stock of the Central, all except a few shares, stood on the books of the company in the names of Oakleigh Thorns and Marsden J. Perry, it in fact was owned by E. H. Harriman, having been purchased by him on June 6, 1907, from the Southern Rellway company for \$2,000,000, Thorne and Perry acting merely as his agents and charging for their services a fee or commission of 5 per cent. "President Hanson further said that Mr. Harriman had purchased the stock with the intention of transferring it to the Illinois Central but that as his control of the Illinois Central was then in litigation, It was his (Harriman's) desire that the Georgia Railroad commission would not give out to the public what his purpose was until after the election of directors of the Illinois Central, an event then scheduled for December 18, as I now recollect. This election was postponed from time to time and was finally held this week in Chicago, and Mr. Harriman having elected his own directors the presumption is that the Georgia Central stock will become the property of the Illinois Central."

LABOR INJUNCTION SWEEPING Miners Prohibited from Doing Anthing to Injure Goldfield Mines.

RENO, Nev., March 9 .- By the decision of Judge Farrington of the United States district court, rendered yesterday in the suit of the owners of the Merger mines of Goldfield against the miners' union, a blanket injunction against the miners is inforced. This is a decided victory for the mine owners.

The injunction covers practically all the grounds of relief asked for by the Consolidated Mines company and enjoins the miners from every act which might be construed as inimical to the interests of the mine owners.
