LAND GRAFT NIPPED IN BUD Colossal Fraud Set in Indianapolis Exposed in Nebraska-Territory is Near Valentine.

That a smooth land graft scheme is being worked up in the vicinity of Valentine has just developed through the inquiry of eastern parties, who have bit at the scheme, asking for results. The Fort Niobrara military reservation

has been the base of operations and the operators have been working the game from Indianapolis. The scheme was to sell section and soction and a half parcels of land at a stiff figure in townships 23 and 34, range 27, (of which the Fort Niobrara reservation is largely composed) in northern Nebraska to innocent purchasers. They were furnished abstracts of title from the terests would soon have a through line alleged "Public Abstracter of the State of

Nebraska," who gave the name of Carl Henry Schultz. These lands are alleged to have been patented under the Kinka'd law during 1968 and were for full section tracts, bash lines through Bruceton, Pa., and by comprising 640 acres. The intermediary in the Baltimore & Ohio, 157 miles to Cumthe scheme was an Indianapolis realty firm giving the name of Hunsicker & Recd and the firm dld a thriving business.

The lands were sold for grazing purposes and it is only within the last week or two

were the victims of a colossal fake. In the first place, the Fort Niebrara has build from coast to coast. The purchase not been thrown open for settlement, but of the Wheeling & Lake Eric railroad gave is still under the control of the War the Wabash a line from Toledo to Steubendepartment, and in the second place, there ville, from which point the line was exis no such an official in Nebraska as the tended, to Pittsburg. The Western Mary-"public abstracter." In the third place, land extends from Cherry Run, Md., to deeds purporting to be given under patents Baltimore. The Gould interests are now procured under the Kinkaid law in 1903 building between Cherry Run and Pittsare fakes pure and simple, from the fact that the Kinkald law did not become operative until June, 1904.

Judge F. M. Wolcott of Valentine, now in Omaha as chairman of the Cherry county delegation to the republican state convention, said:

"The fraud is one of the most brazenfaced ever practiced in the state. The scheme seems to have originated in Indianapolis, and already we are being besleged up there by inquiries from innocent purchasors of these lands. The ab-

stracts are made out in the usual form and seem to be legal in appearance, but are invariably signed by the alleged public abstreacter, and all are located on the Fort Niobrara military reservation. The attengiven at the Rome, followed by a box party tion of the federal government has been at the Boyd. Sunday Mr. and Mrs. Churles called to the matter, but as the fraud Louis Dundy entertained at dinner, covers does not alienate the lands from the govbeing laid for eight. Monday evening a ernment, it is up to the state authorities to theater party was given. Mr. McNoll take cognizance in the matter."

Coast to Coast for Gould.

The Wabash railroad has announced through routing for freight from Kansas City and St. Louis to Baltimore. The plans for the through route to the east were begun about the same time as the construction of the Western Pacific to the coast, so it looks as though the Gould infrom coast to coast.

Omaha will thus have a through route to the coast by the Wabash through St. Louis. The route is by means of the Waberland, Md., where connection is made with the Western Maryland company. Later the line will be opened for through passenger service.

In recent years no railroad has the innocent purchasers have realized they been watched with more interest burg. The purchase of the Wheeling & Lake Erie also gave the Wabash a line from Cleveland to Zanesville, O.

Work is progressing rapidly on all these new lines, the Gould interests economizing in all branches of the service to secure noney for new construction

Officers for New St. Paul Line. The Milwaukee is fast building its line to the Pacific coast and is at present organizing its traffic forces to go after the business as soon as the line is completed. E. M. Calkings has been appoitned general freight and passenger agent of the new coast extension and circulars are out announcing the appointment of S. M. Earling, son of the president of the Milwaukee, as general agent at Butte, Mont. The road is being incorporated in each state through which it passes.
