A good liniment or plaster, or some good home remedy will usually give temporary relief from the pain of Rheumatism, but the disease is more than skin deep and cannot be rubbed away, nor can it be drawn out with a plaster. Such treatment neither prevents nor cures; the excess of acid, which produces Rheumatism, is still in the blood and the disease can never be cured while the circulation remains saturated with this irritating, painproducing uric acid poison. The trouble will shift from place to place, setling on the nerves and causing pain and inflammation at every exposure or after an attack of indigestion or other irregularity. When neglected or improperly treated, Rheumatism becomes chronic and does not depend upon climatic conditions to bring on an attack, but remains a constant, painful trouble. S. S. S. drives out Rheumatism by neutralizing and expelling the excess of acid from the blood. It purifies and invigorates the circulation so that instead of an acid-laden stream, constantly depositing uric acid in the joints, muscles, nerves and bones, the entire system is nourished and made healthy by rich, life-giving blood. Book on Rheumatism and any medical advice desired will be sent free to all who write.

HORSE RACING IN HAVANA Cuban Association Opens Its New Mile Track with Six Events.

HAVANA, March 13.—A season of horse racing, the first since 1902, was inaugurated this afternoon at the new mile track of Almendares station, near Camp Columbia, under the auspices of the Cuban Racing association. By order of Governor Magoon, the day was declared a half heliday in all the government departments. There were six races and American horses were the chief contenders, all of the events resulting in good contests. The Cubans, who attended the races in large numbers, adopted the American style of helting, and appeared to take much enjoyment out of laying their wagers.
