DEMOCRATS' JUDICIAL SLATE

Seven Men Selected by Jacksonian and Dahlman Committee.

MAJORITY ARE OF OPPOSITION

Four and Perhaps Five Republicans Will Be Submitted to the Voters at the Primary Election.

For Judges of the District Court.

Lee E. Escotte, C. T. Dickinson, W. A. Foster, John O. Yelzer, W. C. Lambert or Howard Kennedy, George A. Magney, Clark O'Hanlon.

This is the first time which the democrats have adopted for nomination at the primary election for the district bench. The selection was left to the joint committee of Jacksonians and Dahlman democracy, which held several meetings and was unsuccessful in reaching conclusions. The selections therefore were left to petition.

Judge Howard Kennedy, now one of the seven district judges, will be placed on the ticket in the event that Lambert does not accept. He now thinks his affairs may shape themselves to prevent his making the race. If this transpires and Kennedy is placed on the slate it will contain the names of five republicans and two democrats.

The petition upon which these men are selected refers to section 4 of the new primary law which provides that the candidates—as here selected—are also the candidates of some other party and therefore no acceptance by the candidates of the democratic nomination is necessary. It is clearly brought out in this petition that these candidates are understood to affiliate with the republican party and pledged to it and to abide by the result of its primaries and if they are not nominated at the republican primaries then, of course, they are not to run for office on the democratic ticket—could not, manifestly.

In other words the republicans endorsed by the democrats are endorsed contingent entirely upon their nomination by the republicans. Bound by Own Party.

They have a moral obligation to their own party and cannot run as the nominees of another party if rejected by their own, said Mayor Dahlman, who is one of the

leaders in this movement. "It is simply carrying out the platform policies and the practice adopted by the democrats as far back as Judge Keyser's time to the end that we may secure a nonpartisan judiciary."

"The selection of these republican candidates by us implies no sort of obligation on the part of the republicans to endorse our three candidates, as the republican leaders well know. In case our ticket is nominated at the primary election there will still be three places open for republicans, perhaps three of the colleagues of Judge Escotte. We have been careful in our selection, making it purely on the basis of what we considered to be merit. The men we have chosen are strong in their profession and are men whom we believe will make excellent judges. They are well known in this district, and have had years of practice and residence here."

Sherry for Bridges. There is another Richmond in the field and Lee Bridges, who was advanced to the fray by the efforts of the joint committee of the rival democratic clubs, is seriously considering the idea of retiring to run for the democratic nomination for sheriff, despite the unanimous endorsement.

This change comes through word from the Fifth ward, where Joseph Sherry, former deputy sheriff under John Power, resides. The word is to the effect that the demagogic democrats of the Fifth have decided that Sherry is the proper man to be candidate for sheriff, but so far Mr. Sherry has not announced his final decision in the matter. Lee Bridges says:

"I told the committee the night I was nominated that I would not make a fight for the office with another democrat and I am still of the same opinion. I am going to delay filing until the last minute so that I will know the situation in this respect. If Joe Sherry or any other competent man of good standing in the party wants the nomination he can have it so far as I am personally concerned, for I will not be against him. There is some talk of placing my name on the primary ballot by petition and if this is done I can't help it, but I will not willingly run in a primary contest. There will be too much work after the nominations are made to waste time on the preliminary fight."

List of Filings. At noon Friday the filings in the county clerk's office were still incomplete for some offices. Few democrats have filed, but it is said they will be in before noon Saturday. County Clerk Haverly has announced in order to get on the ballot candidates must have their filings in his hands by 5 o'clock Saturday evening. As the county treasurer's office closes at noon Saturday

it will be necessary for them to pay their fees before that time or make arrangements to have the money accepted after the usual closing hour, as fees must be paid before the filing will be accepted.

Friday morning a new competitor entered the race for Brunning's seat as county commissioner. Frank J. Kaspar is the new candidate.

The filings up to noon Friday are as follows: Republican: Clerk District Court—W. W. Bingham, Robert Smith, Robert O. Pink, Arthur Briggs.

Sheriff—A. J. Donohoe, County Judge—Charles Leslie, County Clerk—D. M. Haverly, Treasurer—Isaac L. Hessel, A. G. Edwards, Louis N. Gonder, Frank H. Furey, Assessor—L. B. Wittum, Eben K. Long, G. P. Butts, George W. Hill, Justice of the Peace, South Omaha—Frank Schmitt, Justice of the Peace, Outside of Cities—Charles G. Keller, Benson; J. D. Carter, Benson.

Constables, Omaha—G. W. Church, A. R. Meisel, F. W. Nelson, J. M. Beckman, G. McKintzie, Dandee, Charles W. King, Democratic: County Judge—W. W. Dodge, County Clerk—Frank Christmann, Treasurer—G. Blessing, Constable, South Omaha—William Rain, Socialist: Police Judge, South Omaha—H. J. Aberly, Constable, South Omaha—J. F. Marvel.

At last a democrat has been found who is willing to go before the voters requesting to be given a place on the Board of Education. Henry M. Fitzgibbons of 615 North Twenty-third street, filed for this place with the city clerk Friday morning. A. N. Yost, an old resident of Omaha, who lives at 3213 Corby street, has filed republican nomination for the same office.

To permit the filing of nomination papers to the last moment permitted by law the office of the city clerk will be open until 5 o'clock Saturday afternoon.

Woman Probably Commits Suicide. FIERRE, S. D., Aug. 2.—(Special Telegram.)—Mrs. Alma Olson has been missing from her home near Rosseau since last Sunday and it is believed that she committed suicide by drowning in the Missouri river, her apron being found on the bank of the stream and she having at times threatened such action. She was about 75 years old and the mother of Mrs. Moe, whose husband was here from Minnesota some time ago, attempting to secure aid from the governor in an effort to get his wife back home.

WESTERN G. A. R. HIT ON RATE

Must Pay Twice What Easterns Do to Saratoga Meeting.

ONE AND ONE-THIRD OLD BASIS

East of Chicago Veterans Get-Cent a Mile Each Way, Making a Straight Schedule of Two Cents.

Grand Army men west of Chicago who attend the annual encampment at Saratoga this month are not going to get as good railroad rates as they have been given on former occasions or as good as their comrades east of Chicago.

If present arrangements of the Western Passenger association are carried out the veterans and their dependents will have to pay a fare of one and one-third, while those of the east may travel for 1 cent a mile each way, making a 2-cent fare, or two-thirds of the old rate, just half what offered the west.

This meeting was arranged before the railroad got together on their three-months-universal adoption of the 2-cent fare, so it is not affected by that provision, but just why the veterans of the west are forced to pay a one and a third fare based on the old rate of 3 cents a mile, which would be 4 cents round trip, when their eastern comrades are granted a straight 2-cent rate—just half as much—is not apparent to them. Railroad men say it is perfectly apparent to them, however, and that the apparent discrimination is remedied on the basis of the larger volume of travel east of Chicago. This argument is not at all interesting to the men who have to pay the higher rate, no matter how plausible, logical and fair it may strike the transportation managers.

Influences are at work seeking to secure for the Grand Army men of the west the same favors as may be given those of the east, but in the judgment of certain railroad men these influences are destined to meet with defeat.

The Grand Army men in this section are of opinion a larger number of tickets would be bought if the rate were made equal east and west. This point is not being seriously disputed by the railroads so far as can be discovered.

Grain Early and Cars Short.

Nebraska grain is getting an early move on itself and the railroads are threatened with a car shortage because of the large volume of grain much earlier in the season than ever before. Wheat is the prime mover; the volume is increasing daily and every railroad having lines into southern Nebraska is being made to feel the weight of the splendid crop. The roads are daily besieged with cars, which it is taking a hustle to supply equal to the demand. It is hardly thought the wheat from the southern lines will be out of the way before it is time to move the wheat from the northern part of the state.

The Burlington has the greatest mileage in the wheat-growing sections of this state, extending into Kansas, where wheat is also grown in large quantities. It is estimated

Judge McCall Denied Injunction to Central Trust Company in Memphis Case.

MEMPHIS, Aug. 2.—Federal Judge McCall today denied the prayer for an injunction by the Central Trust company of New York City, holder of the Memphis street railway bonds, restraining the city of Memphis from inaugurating the cheap street car fare. The case involving the constitutionality of an ordinance providing for the low car fare is now before the state supreme court. The suit for the injunction has been entered pending a decision on the constitutionality of the ordinance.
