

GRAIN AND PRODUCE MARKET

Wheat is Dull and Heavy, with Little Support.

CORN HOLDS ON FIRM BASIS Oats Open Strong and a Shade Higher on Reports of Heavy Rains that are Said to Hinder the Growth.

There was little to awaken the market and the weakness shown yesterday was still in evidence from the northwest wheat-rust was the more apparent, have improved and with the heavy receipts of the last few days was the main feature.

Wheat opened dull and heavy, with very little support and prices declined. Cables came lower and more general improvement in the northwest, together with the very heavy movement of the new crop traders, led to a decline and returned to center attention to sales.

Corn opened firm and closed at 55c. A strong demand for heavy rains and a shade higher on reports of heavy rains and wind, which will hinder harvesting, and any further movement of the new crop for a few days. There was some heavy selling just before the close, but all offerings were well received and put the market in a strong position.

Primary receipts were 120,000 bu. and shipments 300,000 bu., against receipts last year of 1,200,000 and shipments of 750,000 bu.

NEW YORK STOCKS AND BONDS

Squall Brewing for Many Days Breaks With Violence.

Apprehension of Further Attacks on Corporations by State and National Officials Cause Selling.

NEW YORK, Aug. 7.—The squall which broke over the stock market today has been brewing for several days and there are not wanting observers to contend that the seeds of the trouble were sown in the ill-advised market movement to advance prices which was embarked upon yesterday.

The stock market was disposed to view with a skeptical eye the news of the squall which broke over the market yesterday.

There was some buying for foreign account in the early part of the day, and some demand from the shorts to cover.
