President Ahearn denied today that the that the telegraphers could finance a long strike.

Little Change at Kansas City. KANSAS CITY, Aug. 10 .- There was but little charge here today in the Western Union strike situation. George W. Brownson, local manager, stated that they had about thirty operators at work at the main office, an increase of fifteen over yesterday and that with this force they were moving business in fair shape. On the other hand, Cal E. Ryle, who has charge of the strike for the operators, declared that none of the strikers had gone back to work and the the Western Union's force consisted of wire "chiefs, the four or five operators, who remained in yesterday, a onunion man, who was passing through the city and a few office girls, who had been pressed into service. The branch offices were still closed.

The strikers met today to consider the situation and probably formulate a set of demands to be presented to Manager Brownson. They agreed to let the Board taken to relieve the local men of the bur of Trade operators go, to work, the board and not the Western Union pay their salaries. Pickets were ordered placed at all Western Union offices. George J. Frankel, district superintendent of St. Louis, arrived here today and will aid his company n disentanging their difficulties.

Manager Brownson said this morning: and this morning. Our business is well cleaned up and we expect to be in better thape by Monday.

None Go Back at Denver. DENVER, Aug. 10.-Conditions at the cal office of the Western Union Telegraph empany remain about the same today. None of the eighty-five operators who went on strike yesterday have gone to work. out the Western Union officials say they have secured fifteen operators and are Postal operators are still working.

Omaha Storm Center.

Omaha has become a storm center in th strike of telegraph operators. At once the Western Union operators in Chicago, Kansas City and Denver went out and it threw the burden of the western relaying onto the Omaha office, with the result that men were compelled work twenty-four hours in the local office. Tension increased Friday night, when men were held for all night duty and became greater when they were not relieved Saturday morning. Several got up and left their work, saying it was not possible for

them to continue longer at work. A meeting of the union has been called for Baright's hall today at 2:30 p. m. The meeting will be an executive gathering and will not be what is known as an "open" meeting." The question of procedure will be taken up at that meeting and it is an- Road to Wellville," in page. There is but one way to make good Postum, and that is to make it exactly according to directions, allowing it to holl full fifteen minutes, not after it is placed on the stovo, but after the real boiling begins. A general feeling of unrest exists amons the telegraph men of Omaha, who, Mr Kirkland says, have a larger organization than ever before. There is no ill feeling between the operators and officials thus far and chief operators are taking the situation with as little seriousness possible. At both Western Union and Postal offices Saturday the operators were flooded with business. An early closing of the grain and stock markets assisted partially in relieving the crush of business, and today will doubtless be utilized to partially clear up the theusands of telegrams which have accumulated since Friday morning. "The press has a large box, or boxes, at both the league parks," said Mr. Wallace, "and in these boxes are seen as many as thirty operators, sending off special stuff to the Chicago and other papers for their sporting extras. There was quite a change Friday, for at the West Side grounds instead of the thirty operators were three men sending messages by telephone. The telegraph operators were striking."

KRUG PARK HABIT GROWING Concert Band Music Attracts Many Visitors Who Haven't Been There Before.

The importance in the public estimation that Krug park holds as an amusement and outing resort these hot summer days has been strongly emphasized during the last three weeks. Concert band music of the highest possible order had been provided for the patrons of the park, and the result has been that the Krug park habit has been steadily growing with a large number of people who heretofore have not been familiar with the great floral and landscape beauties and amusement attractions that are offered dally at "Omaha's polite resort."

From its elevated position, occupying as it does the highest point of land in Douglas county, it is swept by cool evening breezes when it is "hotter than Tophet" down town. The amusement attractions are of great variety, and comprise every feature of an up-to-date summer park "Wonderland," entirely rebuilt, is far more attractive than ever. The circle swing is a new feature this season, and is a source of endless exhibarating delight and pleasure. Everyone greatly admires the flowers, foliage, and shrubbery of the park. They have never been more attractive than they are now.

Krug park is an ideal outing resort, and the liberality of the management in this direction is very marked. On next Wednesday the Omaha veteran firemen will have their picnic in the park, and on Thursday the veterans of George Crook post, Grand Army of the Republic, will hold their annual outing. Both of these organizations have strong claims upon the public favor, and both outings will be respective treasuries.

DENVER, Aug 10 .- On Monday the griv-

ance committee representing the members of the Brotherhood of Railway Trainmen employed on the Denver & Rio Grande railroad will hold a conference with the officials of that company for the purpose as understood, of formally demanding an advance of 20 cents a day for all switchmen on the system. This is the demand which has caused the strike of the switchmen and trainmen on the Colorado & Southern and has resulted in an enormous amount of inconvenience and financial loss all over the state. If the demand be refused by the officials of the Denver & Rio Grande, Grand Master Morrissey of the Brotherhood of Railway Trainmen will in all probability call a strike on that road. Before the Rio Grande management makes answer to the trainmen a conference of officials of the Union Pacific, the Burlington, Santa Fe, the Denver & Rio Grande and the Colorado & Southern will be held. It is almost certain that at this conference the managers will make final decision as to their attitude toward the advance asked and the answer of the Rio Grande will be practically the

WOOLSEY SETTLES JUDGMENT Ed Lawrence, Bond Clerk for State Auditor, Receives Check from Hubbel Man.

(From a Staff Correspondent.) LINCOLN. Neu., Aug. 10 .- (Special Tele gram.)-That the mills of the gods grind slowly, but exceedingly fine, was proved this morning when Ed Lawrence, bond clerk n the office of the state auditor, received a check in settlement of a \$5,000 judgment secured ten years ago against John Woolsey, the man who ran away with Lawrence's wife. The two families lived at Elk Creek at that time. Woolsey and Mrs. Lawrence went to California, secured di vorces and were married. They returned to Elk Creek and, headed by Lawrence, a crowd served notice on them to leave town. They did, but Woolsey returned and had the members of the crowd arrested. Lawrence then brought his suit. Lawrence was cleared of the charge of rioting and secured judgment against Woolsey by default for the \$5,000. Woolsey then returned to California and went through bankruptcy. He returned to Hubbel and went into business. Lawrence watched his progress and a few days ago levied on his property. Woolsey settled today without going into court. In the meantime, Lawrence has married again.

Cooling Influence of Beer

The cooling influence of a glass of beer on a hot day cannot be over estimated, especially when it is a glass of pure and invigorating WILLOW SPRINGS

STARS AND STRIPES BEER It is without a rival in flavor, palatableness and wholesomeness, and as a tonic that will brace you up during the depressing summer heat. Made from the best Bohemien hops, pure barley malt and water from the celebrated Willow Springs.
