With large receipts packers were again enabled to pound the market and it is very apparent that they are determined to force values downward from the present high point. The trade was very into in opening, very slow after it did open and generally 10c lower at least. It was after midday before anything like a clearance was effected. The offerings consisted very largely of range steers, but there was also a liberal sprinkling of corn feds.

The yards were full of cows and heifers and what has been said regarding the steer trade would apply largely to this class of cattle. The trade was not only slow and duli, but as much as loc lower than yesterday. With so many cattle to select from, packers were deliberate in making their selections and it was well along in the aftermoon before a clearance was made. Some of the best feeders sold about steady this morning; as high as \$5.25 being paid for a string of Sand Hills steers. Aside from the best grades, the market on feeders was slow to loc lower. Medium and inferior grades were especially hard to sell.

Expresentative sales:

Hogs are now selling at the lowest price of the year to date. February was the high month, the average price reaching \$6.93. The last week in May the average dropped. The last week in May the average dropped for the first time this year below the \$6.00 mark. The market railled a little the early part of June, the average going a little above \$6.00 but only to drop down again in a few days. There was another slight raily the last week in July, the average price reaching \$6.06 on the 30th of that month. Since that date the course of the market has been steadily downward until the values are now at the low point of

the values are now at the low point of the year. Until this week the low point

NEW YORK STOCKS AND BONDS

Operations on Wall Street Exchange Smallest for a Fortnight.

CLOSE HEAVY WITH NET LOSSES

Time Money is Senree and Quotations for Ninety Days Advance-Government Bonds Are Unchanged.

NEW YORK, Aug. 21.—Operations on the stock exchange today were the smallest in a fortnight, while the market movement was narrow with a heavy undertone. The recent speeches of President Roosevelt and Scretary Taft were again the topic of general discussion, but there was a disposition to regard them as matters of second importance. Some leading financial interests expressed the helief that the speeches would have the effect of restoring confidence, while others took a decidedly contrary view.

cept that the day's business was wholly professional and limited to the speculative favorites, with Union Pacific the leader. Trading during the late session dwindled to the most nominal proportions with frequent periods of utter stagnation. The final hour developed no change in the situation and the closing was heavy, with a number of net losses in the active group. Time money was again very scarce noninal quotations showing an advance ninety-day loans. Railroad bonds were heavy, with no

change in governments on call. Total sale
