SIX THOUSAND AT VINTON PARK

Great Coowd Sees Two Splendid Games-Thompson, Bressler and Sanders Pitch Effective Ball.

Omaha, 3; Stoux City, 2. Omaha, 4; Sioux City, 1.

Rooters for the Rourke family are rejoicing over a double victory at Vinton street park yesterday afternoon while Des Moines was losing a game to Lincoln. The first game was captured by faster allround work on the bases and opportune hitting; the second was taken because Gue Thompson refused to allow the Sloux but one hit while the home folks were making eight off Mr. Corbett. This all helps in the grand chase which is now on for the pennant in the Western league.

No cooler spot could be found in Omaha Sunday than Vinton street park where over 6.000 fans gathered to watch the Rourkes battle for the championship. They were rewarded with two mighty fast games of base ball, for both teams were on their mettle and put up a splendid article of the national game. Bressler and Sanders, the two southpaws, were pitted against each other in the opening contest and although Sanders was hit the harder of the two the Rourkes were faster on bases and made more of their few hits. In the second game it was Gus Thompson against Corbett and Gus carried off the honors, passing but one and allowing but one hit.

King Opens with a Pass.

In the opener Ethelbert King drew a pass which he cashed in on Franck's double and a fielder's choice on Dolan's bunt to the pitcher. That was the first run. The next two were made by a clever exhibition of the bunting game. With one out Graham made a clean single and Autrey's safe bunt put him on second. Graham and Autrey pulled off a double steal before the Sloux knew what was going on. Gonding was not to be outdone by the kids of the family. so he made a safe bunt as well, scoring Graham and putting Autrey on third. Gonding attempted to take second and Colonel Weed fumbled the ball until Autrey had scored. That made three for Omaha.

War Sanders was given quite a lambasting in the sixth inning, four clean hits being made for a total of two runs but he settled after that little let up and the game finished as it was. Campbell opened the inning with a triple to the fence and Nance followed with a single which sent Campbell home. Nance went to second on Noblit's single and came home from second on a single by Slattery which went into Weich's garden. Weich threw wild to the plate or the run would have been headed

Second Game Short and Sweet.

The second game was short and sweet, but an hour and ten minutes being consumed in playing the seven innings. Omaha made four runs in the first three innings and it was soon seen the game was safe as Thompson refused to let up. In the first round King and Franck singled and Autrey boosted them along with a sacrifice. A passed ball, credited to Sheehan let King come home from third and Franck kept Sporer, p....... coming also and was safe at the plate because Mr. Corbett dropped the ball when Sheehan shot it at him.

The second run was a simple affair. Austin made a two-sacker and LeBrand scored him with a single. King opened the third inning with a single, just as he had the first round. He stole second and Franck sacrificed him to third. He scored on a well placed bunt by Chickering. That was all the runs Omaha made in the second game but it was enough, for Sloux City

made but one. The lone run captured by the Sloux in the econd game was caused by a two base throw on the part of Thompson, which was followed by the only hit of the game Sheehan hit an easy one to Gus who threw out of Dolan's reach and Sheehan took second because of ground rules, made because the overflow crowd was scattered over the field. Williams followed with a double which he pulled out of Autrey's reach and Sheehan came home.

Sloux City would not be so far down the line as it is now if it had been possessed of the present team at the opening of the season.

One of the banner crowds of the season was on hand to see the double-header, a couple of hundred being forced upon the grass because of lack of room in the stands. Austin took two bases on his hit in the second game, when it was worth but a single. His nerve upset Noblit, who did not return the ball in any very elegant

Franck made one of the best-placed modever. He was trying to bunt, when suddenly Granville ran from short to second to catch a runner, and Franck poked an easy one squarely over the spot that Granville had vacated.

Rain threatened throughout the second game, but did not come. A thick shower of cushions came at its close though, from out of the left field bleachers and a couple of policemen on the diamond got the butt end of it, being pasted a dozen times or more with Pa's fine, large pillows.

more with Pa's fine, large pillows.

Nance did a trick that merited a severe reprimand. In the second game he hit the ball to Gus Thompson and deliberately turned and walked to the bench without so much as making a move to run. Such a thing is never excusable and particularly reprehensible when Thompson is in the box, for it's never better than an even chance that Gus can throw the man out at first. That's his one weakness.

LINCOLN, Sept. 1.—For the first time in sixteen years a game of base bail was played in this city on Sunday. The contest was between Des Moines and Lincoln, and Lincoln won, 12 to 1. Roscoe Miller was driven from the box before the end of the first inning, and Sporer fared little better. Nine runs were made by Lincoln in the initial round. Des Moines scored once in the sixth on two singles and an out. Only eight innings were played on account of darkness. Warrants were sworn out by Rev. H. J. Battin for the arrest of the players. These were served after the game was over and the players will appear in the court of Justice Risser today to answer the charge of violation of the state statutes. The base ball men will carry the case to the supreme court if they are fined. They hope to secure the reversal of an old opinion of the supreme court. First Match, of Wrestling Season October 15.

Fred Beel and Jim Parr will wrestle at the Auditorium the night of October 15, best two out of three, catch-as-catch-can, and the winner will wrestle Frank Gotch, champion of America. This announcement is made by Pete Loch, who is arranging a series of matches for the fall and winter, which he hopes will be an improvement, i possible, upon the splendid string of wrest pices at the Auditorium last winter.
Beel-Parr match will be the starter.
Beel and Parr have never met on the
mat. That they will put up an interesting at the Auditorium last winter. The mill goes without saying. Both men are powerfully strong, quick as cats and know the game thoroughly. Parr is a little taller and heavier than Beel, but it is doubtful If he is a mite stronger, though he probably has the better of the little fellow on necks. Both men work much alike; they go in for blood from the start, trying to wear the life out of the other fellow. Parr on for blood from the start, trying to wear the life out of the other fellow. Parris at some disadvantage in not being able to hold his wind for the second and third bouts as well as he can for the first. Beel stays better. Parr usually downs his man in the first fall and if he is in the best of form he gives him a terrible run for his money up to the finish. In both his matches has whiter with Farmer Burns at the Auditorium he took the first fall, but was unable to hold wind with the Farmer, who won both matches.

The fact is Beel once won the championship away from Gotch for a little while and he is still ambitious of being able to get it permanently. Manager Cole of Krug Park Gives a Testimental to Calicado.

Manager W. W. Cole of Krug Park has a record of rewarding every bandmaster who fills an engagement at the park and who "makes good." Liberati, Garjiule, Duss and Finn all wear valuable gold medals, commemorative of the splendid record each made at "Omaha's polite resort." Callendo, who is now playing a return and extended engagement at the park, and who has given such entire satisfaction. was the recipient Saturday of a medal simifar in quality and general design to the ones given to the other conductors. It was inscribed as follows: On the top bar, "Angelo Caliendo." On the lower bar, "And His Band 'Worth White.' " On the medal proper, Presented by W. W. Cole, Manager Krug Park, Omaha's Polite Resort, August 31. 1907," This is the third gold medal presented to Signor Callendo since he left Chicago three months ago.

Arrangements were made late yesterday for the appearance at Krug Park today of "The Marvelous Delmore, King of the Air," aerial gymnast, as an additional attraction for the entertainment of the German war veterans and their friends. There's a Fortune to 14.

Serious Condition Causes Officers to Wonder What the Outcome Will Be-Carrie Nation a Visitor.

FORT RILEY, Kan., Sept. 1.—(Special.)

A. Von Schulenberg, a late lieutenant
of Empéror William's German infantry and
a scion of the noble house of Schulenberg,
Merane, South Tyrol, Germany, and more a scion of the noble house of Schulenberg.
Merane, South Tyrol, Germany, and more recently of Africa, India, Australia and Mezico, who is the guest of the Savoy hotel, in town, has been a frequent visitor in the post in the last week. Von Schulenberg left Germany at the outbreak of the Boer war, and proceeding to South Africa he joined the forces of General DeWet and fought throughout the war under his command. He was engaged in all the fights of any consequence and was wounded three times, twice in the head and once through the right thigh. He received the latter wound at Spion Kop. At the close of the war he began traveling slowly about the world, and since that time he has visited Australia, India, Axia and Japan-He arrived in the United States last winter and after a short stay went to Mexico, where he has since been making his head-quarters in Chihuahua. Von Schulenberg is fond of the chase, and as there are no game laws in that country he has ample opportunity to satisfy his fondness for this sport.

An excursion train brought about 400 hot. and tired visitors into the post on Sunday from Kansas City and intermediate points. There was nothing going on that would interest them and the day was spent in samlessly going about in search of a place that might be more cool than some other.

Carrie Nation Makes Appearance. Carrie Nation passed through the post she harangued a small crowd that was on the platform while the train was standing. Her talk was devoted principally against the use of tobacco, although she lambasted the demon rum when the opportunity offered. She told of her recent visit North Carolina, where she said she say

Captain John Hartman, First cavairy, who has been an instructor in tactics in the school for the last year, has been relieved and ordered to join his regiment at Fort Clark, Tex. Mrs. Hartman is a daughter of Colonel Frederick K. Ward, Seventh cavairy, now in command of the post, and Mrs. Ward.

having returned from St. Joseph, Mo., where he was on duty with Battery B of the Missouri National Guard while it was engaged in the annual state encampment. The National Guard battery did excellent work during its tour of duty and much benefit was derived from the ten days of instruction and practical work. Lieutenant Roemer has nothing but praise to offer both officers and men.

eral of the department, will be here this week on a tour of inspection.

The officers of the Sixth Field Artiflery entertained their brothers of the Seventh Cavalry and the ladies of the garrison with a hop on Friday evening. The post assembly hall, where the function occurred, was made beautiful by a liberal use of golden rod, hothbuse plants, flags and guidons. As the guests entered the room they were received by General Godfrey, Colonel and Mrs. Ward, Colonel Macomb. Mrs. Hoyle, Captain and Mrs. Snow, and Major and Mrs. McMahon. Danoing continued until midnight, when a buffet supper was served. Lieutenant Colonel Granger Adams, Fifth Field Artillery, has been visiting his daugh-Field Artillery, has been visiting his daughter, Mrs. Beverly C. Brown. Colonel Adams will leave Fort Leavenworth with the headquarters and band of his regiment for Ban Francisco the first of the week, where they sail for the Philippines. Horses Supplied.

Horses Supplied.

The lack of horses, which has handleapped both the cavalry and the field artillery at this post, has been supplied, but now there are not enough men to care for the shimals. About 506 head were required to fill the organizations to their required attempts and these vacancies were filled by transfer and by purchase. In the past two months men have been discharged by reason of purchase and through expiration of their term of service in such numbers that the enlisted personnel is fifty per cent bolow the authorized strength. And still the discharges continue and no men are re-enlisting and no recruits, save an are re-enlisting and no recruits, save occasional one have been received occasional one have been received for months. Sometimes a dosen men go to the stables to care for and groom all the way from ninety to one hundred and sixty head of borses.

season. At the close of the third period the score was a to minus a in favor of Junction City. In the last period the visitors seemed to go to pieces and it was then that Riley put in its winping strokes.

First Licutenant Gibert C. Smith, Second cavalry, has gone to Fort Des Moines, Ia, with his family. Licutenant Smith has been in charge of the post exchange, and when his squadron left hore last month he was ordered to remain belind in order that he might turn over the property in his charge to his successor. Chaplain Murphy of the Seventh cavalry has releved him.

Captain Raymond W. Briggs, Sixth-Field artillery, recently transferred from the Coast artillery at the Presidio of San Francisco, has arrived and reported for duty with his new organization.

Descritons on Increase.

The number of desertions in the post have increased very materially within the last few weeks. Since the first of August there have been about twenty-five recorded at post headquarters, and if this condition has been brought about through hard duty to perform, there is no reason to believe that there will be any diminution in the number, for the daily decrease in the number of men present for duty is making the duty on those present harder and harder. The constant practice marches are disliked so intensely by the men that they will do anything in their power simust to escape them. win do anything in their power shifts to escape them.

Second Lieutenant H. C. Tatum, Seventh cavalry, was called to his home in Knox-ville. Tenn., last week by telegram. He was granted a ten days' leave to attend to important and pressing business affairs.

A Nurse's Story

If you are a sufferer from headache, neuralgia, or pain from any cause you should read the following letter from a nruse

"For some time I have felt it my duty to write you. I was having my doctor twice every week for headache. All he did for me was to give something to, ease the pain. Sometimes the pain was so severe that I could not speak, and members of my family stood over me and gave me medicine every fifteen minutes until I was relieved. A sample of Dr. I read the circular very carefully, and found my case described exactly. next time my head began to ache I took the Pain Pills according to directions and I felt I was getting better, so I bent to the druggist for a box and took them until I was so much better that I was about the house all the afternoon. I have not had a doctor for headache since. When he met me some time after he wanted to how I was, and I told him what I had done, and he replied: If you have found anything that will help you stick to it." and so I have, Being a hurby I have recommended them to a great many grateful people. One case I will mention, I saw a doctor go to a neighbor every week for months because she had such awful headaches; but for a long time I dared not suggest anything to her. One day I met her and I gave her a haif a box of Anti-Pain Pills and she used them and has had no doctor since. She says they are a great blessing to her and said, 'twny ddn't you tell me about them before." I could tell you of many similar cases. MISS JOSEPHINE BOHN.
