There are many variations of the cheese is buttered with unsalted butter. It is then spread with cream cheese sprinkled with red pepper. Over this put a layer of small sweet pickles chopped fine, and on top of all a few slices of onion. Another cheese sandwich is made with

cream cheese and blanched almonds and honey with a petal of crisp lettuce. A sandwich which is a great favorite for tea-tables is of brown bread. Over

To make the filling for chicken salad sandwiches chop equal parts of cold chicken and celery very fine. If the chicken and celery are reduced to a paste it is better han having it chopped. Mix with mayonnaise dressing and spread between the slices.

Russian sandwiches are more or less of a novelty, appetizing and generally enjoyed. Some are made by buttering hot or cold toast, then spreading the slices with caviare, sprinkling with cayenne pepper and lemon juice and cutting into strips about an inch wide. They are served piled in stacks on a plate garnished with lemon, and they may be made of either brown or white bread.

Another way of making Russian sandwiches is to butter one side of the bread and toast, then chop fine three hard-boiled eggs; spread the toast with a layer of caviare, a layer of egg and a generous siice of Spanish onion

A Mexican sandwich is made by cooking raw onions in butter until brown, say about seven small onions to four eggs then add the eggs slightly beaten and season with tobasco; better still use Mexican chilis for the seasoning if you can get them; add a little salt and cook until thick. A very good sandwich filling is made by peeling half a pound of firm tomatoes and mashing them with a wooden spoon Boil two eggs hard and rub the yolks through a sieve into the tomato; add a pinch of sugar, salt, pepper, a grate of nutmeg and a dash of papriks. Melt one tablespoon of butter in a saucepan, stir in the tomato mixture; as soon as it is hot. add one teaspoonful of cornstarch, mixed to a smooth paste in a little milk; stir until it forms a thick paste. I tried several remedies with no relief, and I consulted a doctor who told me that I had eczema and gave me a box of cintment. I used it about two weeks and got no benefit. I then tried another ointment with the same result. Then I was advised to try the Cuticura Remedies. I got a cake of Cuticura Soap, a box of Cuti-cura Ointment and a bottle of Cuticura cura Ointment and a bottle of Cuticura Resolvent and commenced to use them. By the time I had used about half of each of them I could see an improvement. After that I continued to use them until I had used four cakes of Soap, three large boxes of Ointment, and two large bottles of Resolvent in four or five weeks' time. At the end of this period, my skin was as clear as it could be. It is now three or four years since I used them and I wish to state that the Cuticura Remedies are the greatest in the world not only for eczema but for female trouble, from which my wife has been a sufferer for years. ADAMS IN LINE FOR PLACE Nebraska Man Gets Good Boost for Commander of the Grand Army.

Past Department Commanders J. H. Culver, C. N. Steele and C. E. Adams were in Omaha Tuesday on their return from the national encampment of the Grand Army of the Republic at Saratoga Springs. N. Y. They all unite in the expression that the encampment was a big success, though the grand parade through the rain was a reminder of the Chickahominy and Pittsburg Landing campaigns through the mud. Governor Steele remarked: "It was the wettest rain I ever saw. But

we stuck it out and did not get stuck in the mud. General Culver observed:

We succeeded in getting Captain C. E. Adam's name before the encampment for national commander in good shape and it puts him in line for the commandership at some future encampment. There was some talk of Omaha for the next encampment, but it all came from the outside and we did not encourage the proposition, as we did not think that Omaha was just ready for it. Nebraska was represented in the encampment by twenty-three delegates and we managed to make Nebraska felt there. Department Commander Creigh did not return with us, as he will visit with old friends in the east until the first of October. I think we can land the national encampment for Omaha in 1909 if the proper steps are taken in time and if Omaha shows any desire for it."
