

BRIEF CITY NEWS

Have Root print is. Leo Hoffman, upholsterer, new location, 5th and Jones, Tel. Douglas 5501. F. A. Binehart, photographer, removed to Eighteenth and Farnam streets. Bonanza semi-anthracite, \$7.50 per ton. Central Coal and Coke Co. of Omaha. Fall Dress Suits and Princes Alberts, latest styles, at Volmer's, 107 S. 15th St. "Bliss Mass Dollars" and the dollars deposited with the City Savings bank will soon amount to a goodly sum. Burglars Rob Women—Burglars robbed Mrs. Carrie Smith of 314 North Fifteenth street of two watches and some small jewelry Tuesday night. Our stock of fall and winter woollens is complete. An order placed now may be filled at your convenience. Guebert & McDonald, 317 South Fifteenth street. Two-Story Brick for Burlington—H. E. Burham has let the contract to L. P. Endeman for a two-story brick dwelling, costing \$1,500, at Thirty-seventh and Dodge streets. Pool Tournament is On—A pool tournament is on at the Commercial club and many of the members now carry longer after lunch than they were once wont to do. The contest began Tuesday. Twenty men are entered. Mayor Comes Home Friday—Word has been received from Mayor Dahlman that he will reach home Friday morning. His original schedule called for his return Wednesday, but he has been unable to make the time he expected. Estimates for City Supplies—City officials are beginning to make estimates for material and supplies to be used next year. In some cases these supplies must be ordered several months ahead to be in shape for use at the time they are needed. Celebration of Emancipation—The Mutual Interest club will celebrate the anniversary proclamation at Mount Zion Baptist church Sunday afternoon at 3 o'clock. The orator of the day will be H. V. Plummer and a literary and musical program will be carried out. Work on the Reviewing Stand—Work on the reviewing stand in front of the city hall for the Ak-Sar-Ben parade will be started Monday morning under the direction of the city building inspector. The material used in the stand will later be purchased by the public works department to be used in city work on streets. Work Gets Under Way—City Treasurer Pick has secured eight structures of councilmen to his proposition for the retirement of \$2,000 of city bonds at a small premium over the face because of deferred interest payments, and the deal with the holder will be closed at a saving to the city of about \$1,000. Meeting Bonds Retired—The city treasurer has secured eight structures of councilmen to his proposition for the retirement of \$2,000 of city bonds at a small premium over the face because of deferred interest payments, and the deal with the holder will be closed at a saving to the city of about \$1,000. Firemen Get Ed Leader a Watch—The firemen's union presented Ed Leader with a fine gold watch at its meeting at Washington hall Tuesday in recognition of his services in the legislature in favor of the double shift bill. Thomas Gray of hook and ladder No. 4 made the presentation speech. Mr. Leader was so deeply affected he could hardly reply. No Births for September—The city health office reports no births recorded for September 1, 1907, the only day in the year so far when no certificates of birth were received. The registers withheld for several days entries upon the permanent record, expecting some delayed reports, but as none have been received September 1 has been entered on the books as the first blank day of the year for births in Omaha. Needs Ten More Floats—W. L. Yetter, who has charge of the reviewing stand for the automobile float parade on Tuesday night of the Ak-Sar-Ben week, says he needs ten more floats. Those who have entered floats to date: M. E. Smith & Co., the Stora brewery, Balduff, the Omaha & Benson express, J. L. Brandeis Sons and the Omaha City Council. Old City Council Case—The legal department is engaged in preparing city cases at the coming term of the district court. One of the most important cases to be tried is that of T. W. Blackburn and others against members of the old city council and the Omaha Gas company to have the new contract with the company declared void. In this suit the city has intervened and will join the plaintiffs in the action if the evidence in the main suit warrants. Three New Patrol Boxes—Three new patrol boxes authorized by the Fire and

Police board are now ready for use. The outside walls of the boxes are not set up, but the telephoning apparatus has been installed in all of them. They are placed at Thirty-first and Dodge, Hawthorne avenue and Thirty-seventh and Lafayette avenue and Thirty-fifth street. New Light Station About Done—The new substation of the Omaha Electric Light & Power company near Benson is nearly complete and will soon be put in service to handle the districts of Dundee and Benson. The building alone cost \$4,900. Next year the company will build another substation in North Omaha for the better regulation of the suburban districts. Safety Appliances Cases First—The first cases to be tried in the forthcoming session of the federal courts will be seven suits against railroads centering in Omaha for violation of the safety appliance laws. These will be tried in the United States district court and will be followed by a similar number of suits for violation of the twenty-eight-hour laws in the transportation of live stock in Nebraska and Iowa. Crowds greet the car wherever it is advertised to show and one continuous stream is pouring through from morning to night. It appears to be a most opportune time to show the car when another splendid crop is assured Nebraska. Illinois Checks Nebraska Crops—D. Clem Deaver, who is in charge of the exhibit car of the Burlington, is now in Illinois with his car. He writes that the farmers of Illinois are just as much, and more interested in the display of the products of Nebraska than were the farmers of Nebraska and Iowa. Crowds greet the car wherever it is advertised to show and one continuous stream is pouring through from morning to night. It appears to be a most opportune time to show the car when another splendid crop is assured Nebraska. In the Divorce Mill—Laura A. Lambert has filed a petition for divorce from Harry G. Lambert, asserting he struck and abused her to such an extent she left him in October, 1906. She also charges him with calling her bad names. Pinkie Greer wants a divorce from John Lowe, whom she married in Texas. She says she has been her own bread winner for more than two years, as John has not supported her in that time. She also says he was cruel to her. Pinkie L. Greer charges Joseph with non-support for over five years. Mrs. Marie Gorman of Benson was taken in charge Wednesday by the police, as she is in a deplorable condition and wished to leave for her sister's home in Chester, Ia. She was left with a 12-year-old girl and two babies to support about eight months ago. Her husband gave her no reason for his departure and she has been unable to discover his whereabouts. Some financial aid was given her and she was enabled to continue her journey. She expects to place her children in the care of her sister, who is now in the city. Northwest Improvers Get Resolute—Good results are being obtained by the formation of the Northeast Improvers' club, which was organized last spring with G. W. Haller president; S. W. Johnson, vice president; W. D. Rickard, secretary, and A. M. Rickard, treasurer. Over seventy members are now on the rolls and a special meeting is held to look after the interests of that end of the city, a beautiful suburb. They are after better street railway facilities and better fire protection. The census shows that in that district are 135 families with an average of three people to a family that use a car. Users of Quick Shine Shoes Polish say it is the best and most lasting polish they have ever used. It gives a polish to the leather and it won't rub off on the clothing. A well satisfied user is the best advertisement. To Chicago and the East. Splendidly equipped trains, daily to Chicago, leave Union station, Omaha, via the Chicago & Northwestern railway at 7:05 a. m., 11:30 a. m., 4 p. m., 9:30 p. m., 10 p. m. over the only double track railway between the Missouri river and Chicago. Direct connections at Chicago with all lines east. Also daily trains to Sioux City, Mankato, St. Paul, Minneapolis, Duluth, and to points in South Dakota, the Black Hills and Wyoming. Ticket office, 1401-1403 Farnam street. Never let a dealer sell you a substitute for an article you ask for. He is working for his own profit and not yours. Get what you ask for. Building Permits. Thomas Herd, frame dwelling, Twenty-first and Vine streets, \$1,200; H. E. Burham, brick dwelling, Thirty-seventh and Dodge, \$4,500; W. H. Steiner, addition, Thirty-first and Q street, \$100; Thomas Flynn, remodeling dwelling, 128 South Seventh street, \$1,500; I. Watt, frame dwelling, Twenty-second and Locust streets, \$1,500; Charles R. Nordins, two frame dwellings, Thirty-eighth and Marcy streets, \$2,500 each.

CITY TO BE BLAZE OF GLORY

Omaha Will Have More Elaborate Illumination than Ever. NEW SYSTEM OF ARRANGEMENT King Ak-Sar-Ben XIII is Preparing Greatest of All Light Displays for His Subjects of Quivers. Of surpassing excellence will be the illuminations on the streets of Omaha this fall when the visitor comes within the gates of the chief city of Cibola to visit with King Ak-Sar-Ben. Although no appropriation has been made for lights in former years the Omaha Electric Light & Power company will try to outdo all former efforts, and that it will succeed is shown in advance by the extra preparations which have been made. Most noticeable of the innovations are the huge arches, different from any yet used, which will span the principal streets. Just how many of these there will be will depend on the ability of the workmen to put them in place between now and the opening of the carnival. The arches will be strung as high as the high buildings will permit, suspending wires being extended from the tops of the buildings on Farnam, Douglas and Sixteenth streets. The arches will have a beautiful drooping canopy effect and will be in the green, red and yellow of Ak-Sar-Ben. All these are in addition to the myriads of lights which the city has in former years. Over 7,000 incandescent lights will be used this fall for extra street illuminations. In addition to the regular signs and street lights. This is over 1,500 more than were ever before put up on a similar occasion in Omaha. The Building, which was dark last year because of the death of Edward Rosewater, will be a blaze of lights this fall, and the city hall and court house will also be profusely illuminated. The city is doing its share in helping make the fall festival a "blaze of glory," but regret is heard on all sides that merchants and private citizens do not do more to decorate and illuminate on their own hook to help make a "city beautiful." Unique Sign by Samson. Besides the numerous signs which are a show in themselves on the city's streets, the electric light company will build a huge sign across the street at Nineteenth and Douglas, with the words, "Locate in Omaha, cheap electricity—Samson." This sign alone will have 500 lights. The carnival grounds will be illuminated with arc lights and 2,000 incandescents, which will turn night into day on the festival grounds. The beautiful arch on Douglas street is already attracting all kinds of attention and before it is completed, it will be a thing of beauty and will be covered with lights, illuminating the entire district thereabouts. The Omaha Electric Light and Power company is making a special effort to give Omaha the best illumination ever shown anywhere in the west," said F. A. Nash, president of the company. "We are amply prepared to take care of an occasion like this and we want the people to know it. This company has recently increased the capacity of its plant in Omaha to a expenditure of \$25,000 and we are able to deliver plenty of light and cheap power and we are going to advertise that fact by showing people who visit what we can do. The new turbine engine at the power house is working in fine shape and will be able to carry the extra load which the festival will demand." GOLD DIETS ON THE HUSTLE Booming Women's Branch of the Ak-Sar-Ben Parades. Gould Dietz, chairman of the women's branch of the Ak-Sar-Ben parades, has arranged for a huge tent to be set up on the vacant lot at Farnam and Twenty-fifth streets for the accommodation of the women's societies in building their floats. "This location is so much more handy than the tent that I thought it advisable to arrange for it," said Mr. Dietz. "The women are responding nobly to the call made upon them to appear in the parade and there will be nothing to it—that will be the feature parade. When the women undertake to do anything it is going to be done right and this parade will be no exception. I am called upon all hours of the day for information, but I guess that is what I was put on the committee for, and the pleasure is all mine. "I have always been in favor of having the women take part in these parades, and now that it is to be done the women must do their share to make the parade a huge success. The board of governors will furnish the wagon and horses and driver and do whatever else is possible to make the affair a big success." SISTERHOOD GETS THE DEED Franciscans Secure Four and One-Fourth Acres at Tenth and Boreas Streets. Deeds have passed from Anna M. Wightman to the Franciscan Sisterhood of Nebraska, transferring four and one-quarter acres of ground at the southeast corner of Tenth and Boreas streets for a consideration of \$3,500. This will be added to the grounds of St. Joseph's hospital and probably will be the site for the addition to the hospital provided for by the will of John A. Creighton. The property was bought once by the street railway company for a car barn site, but the company gave it up at the request of the hospital authorities. Prudence H. Smith has bought from D. D. Lyman a house and two lots at Forty-second and Douglas streets, paying \$4,500.

RECIPE FOR PIMPLES AND FACE BLEMISHES

At this time of the year, owing to the varying diets, it is difficult to keep the face and neck free from eruptions. The simple formula below is given out by Dr. Jean Valler, the renowned dermatologist of Paris, and is said to be the most effective obtainable for a complexion restorer and skin food as well as for removing blackheads, pimples and blemishes. The ingredients: Two ounces Rosa Water, one ounce Spirits of Cologne, four ounces Sarsaparilla (crystallized). Put the Sarsaparilla into a pint of hot water (not boiling), and after it is cooled, strain through a fine cloth and add the Rosa Water and Cologne. This is to be applied daily, and massaged thoroughly into the skin. It is an inexpensive preparation and the above formula will make sufficient for a month's treatment, which if persistently adhered to, is said by those who have tried it to produce lasting results, even for the worst complexions.

MILWAUKEE HAS NEW LOCAL Puts on Train from Perry, Iowa, to Omaha.

ROUND TRIP ON SAME DAY Affords Iowans Chance to Trade and Get Back Home—Also Improves Night Train to Chicago. The Milwaukee railroad has just put on a new local train in and out of Omaha which is calculated to be of material benefit to the local merchants, the city in general and the traveling public along the route of the new train. The train will run from Perry, Ia., 100 miles east of Omaha. It will leave Perry at 5:30 a. m., arrive in Omaha at 10:30 a. m., leave Omaha at 5:15 p. m. and arrive at Perry at 10:35 p. m. It will stop at every town or hamlet along the road. This will afford the people who live on this route through an excellent farming country and some of the best little towns in that section of Iowa—a splendid opportunity to come to Omaha, do their trading and get back home in the same day. This is the thing, it is admitted by the Milwaukee people, which Omaha has wanted on the Milwaukee as well as other roads and which will contribute vitally to the upbuilding of the city. Meets Lively Demand. Heretofore it was impossible for people along this route to come to Omaha and get away the same day. There was a great demand for the train not only in Omaha, but in the tributary territory and for a long time the local officials of the Milwaukee have been aware of the need for such a train. They have been exerting their efforts for a considerable period to secure it and are now very much pleased to know that the management of the road has acted upon their recommendation. "Omaha, the Market Town," must have such trains as this," said F. A. Nash, general western agent of the Milwaukee, and the Milwaukee is glad to be able to give it. Coming just at this time, upon the very eve of the Ak-Sar-Ben, when thousands of visitors will come to the city from every point, the value of the train, it is conceded, can scarcely be estimated. It will enable many more thousands to take advantage of Ak-Sar-Ben than was the case heretofore. Another Improvement in Service. But that is not the only improvement its passenger service in and out of Omaha the Milwaukee has just made. It has increased and improved the facilities of its train No. 6, which leaves Omaha for Chicago at 8:20 p. m. and arrives in Chicago at 8 a. m. In the first place the train has been lightened a little. The big thing, however, is the addition of a local fourteen-section drawing room car to this train. Heretofore local traffic, that is, passengers from Omaha to Chicago, had to put up with the same accommodations from the coast. This fourteen-section car, drawing room, apartments, will afford an exclusive place for local travelers. This car will be fully lighted with electricity and its train will carry a composite observation car, same as the Overland Limited. The Milwaukee officials believe this will meet a hearty reception by travelers. OMAHA MUST NOT FALL, TOO Fire and Police Officials Say Jericho Explosives Must Be Guarded. "The Fall of Jericho" came near proving as great a disaster for Omaha Tuesday night as it was for the original city. The showers of fireworks, which were scattered in all directions, played havoc with the buildings surrounding the Vinton street park when they were blown by the wind. Half a dozen fire alarms were turned in and several small blazes were put out just in time. "The big explosives will have to be dispersed," said Assistant Fire Chief Simpson, and he is supported by Chief of Police Donahue. "Unless the fireworks are confined to the enclosure," says Chief Donahue, "the show will have to be shut down. Such things would not be so bad at Courtland beach, but here in the city they cannot be allowed. One man came to me this morning, who said he lived six blocks from the Vinton street park and yet he had to get out from his front six times. The damage probably will amount to about \$10 to him for reshingling. He was very reasonable in his complaints. The fact is it was not safe Tuesday night to sit out in the yard anywhere within half a mile of the fire display. Insurance companies would refuse to stand for any damages under such conditions. While the show is going on the whole south end of town is full of fire. "We have no desire to interfere with the success of the performance, but the blood and thunder must be confined to the park they have hired for the purpose." Complaint has been made by residents of South Thirtieth street that skyrocketeers descend upon property in that vicinity, leaving a fiery trail. The local managers of the enterprise called at the office of the mayor and promised to turn the heavy artillery in another direction. JUDGE REBUKES ATTORNEY Leslie Calls Down Lawyer for Using Severe Terms Before the Court. The use of harsh epithets by attorneys in the trial of cases was denounced from the bench by County Judge Leslie Wednesday in the trial of a forcible entry and detainer case before a jury. The judge rebuked Attorney H. H. Bowes for making use of the words "lie" and "liar" frequently during the hearing of the case and the argument. When he interrupted during the argument of Judge Baker and declared a statement was a "lie" Judge Leslie told him he must not use such language. "If you think a statement is untrue you can say so in different terms and without the use of such harsh language," said the court. Mr. Bowes apologized for the use of the term. The case was one in which Dore & Bloom are seeking possession of a house on South Sixteenth street from the tenant, Ruby Collins. VAN ETEN RENEWS FIGHT Resumes His Efforts to Prevent Transfer of Property Under Deed of Sheriff. After a lapse of several months David Van Etten has started anew his fight in district court to prevent the transfer of his property near Twenty-first and Harney streets under a sheriff's deed. Wednesday he brought suit against Florence P. Leavitt and Sheriff McDonald to restrain them from attempting to take possession of his property under a sheriff's deed given under a decree of the court, but Mr. Van Etten declares this decree is null and void and as property named in it is not the same as that of which possession is sought. The case has been in litigation for years and has been through the supreme court several times. The property was originally sold for taxes.

Our New Style Books For the Fall and Winter of 1907-8 are fresh from the press and ready to mail to our out-of-town customers. The book for Men contains many handsome illustrations of Fall and Winter Suits and numerous samples of the goods from which the Suits are made. The book for Women is profusely illustrated with beautiful pictures depicting the latest styles. These illustrations were made from photographs of the garments offered for sale. With these books in hand you can buy Clothing and Furnishings as easily and cheaply as you could if you were in our Big Store. When you write state which book you want. THEY ARE FREE. Nebraska Clothing Co. FARNAM & 15TH OMAHA.

Work on the Reviewing Stand—Work on the reviewing stand in front of the city hall for the Ak-Sar-Ben parade will be started Monday morning under the direction of the city building inspector. The material used in the stand will later be purchased by the public works department to be used in city work on streets. Work Gets Under Way—City Treasurer Pick has secured eight structures of councilmen to his proposition for the retirement of \$2,000 of city bonds at a small premium over the face because of deferred interest payments, and the deal with the holder will be closed at a saving to the city of about \$1,000. Meeting Bonds Retired—The city treasurer has secured eight structures of councilmen to his proposition for the retirement of \$2,000 of city bonds at a small premium over the face because of deferred interest payments, and the deal with the holder will be closed at a saving to the city of about \$1,000. Firemen Get Ed Leader a Watch—The firemen's union presented Ed Leader with a fine gold watch at its meeting at Washington hall Tuesday in recognition of his services in the legislature in favor of the double shift bill. Thomas Gray of hook and ladder No. 4 made the presentation speech. Mr. Leader was so deeply affected he could hardly reply. No Births for September—The city health office reports no births recorded for September 1, 1907, the only day in the year so far when no certificates of birth were received. The registers withheld for several days entries upon the permanent record, expecting some delayed reports, but as none have been received September 1 has been entered on the books as the first blank day of the year for births in Omaha. Needs Ten More Floats—W. L. Yetter, who has charge of the reviewing stand for the automobile float parade on Tuesday night of the Ak-Sar-Ben week, says he needs ten more floats. Those who have entered floats to date: M. E. Smith & Co., the Stora brewery, Balduff, the Omaha & Benson express, J. L. Brandeis Sons and the Omaha City Council. Old City Council Case—The legal department is engaged in preparing city cases at the coming term of the district court. One of the most important cases to be tried is that of T. W. Blackburn and others against members of the old city council and the Omaha Gas company to have the new contract with the company declared void. In this suit the city has intervened and will join the plaintiffs in the action if the evidence in the main suit warrants. Three New Patrol Boxes—Three new patrol boxes authorized by the Fire and

Police board are now ready for use. The outside walls of the boxes are not set up, but the telephoning apparatus has been installed in all of them. They are placed at Thirty-first and Dodge, Hawthorne avenue and Thirty-seventh and Lafayette avenue and Thirty-fifth street. New Light Station About Done—The new substation of the Omaha Electric Light & Power company near Benson is nearly complete and will soon be put in service to handle the districts of Dundee and Benson. The building alone cost \$4,900. Next year the company will build another substation in North Omaha for the better regulation of the suburban districts. Safety Appliances Cases First—The first cases to be tried in the forthcoming session of the federal courts will be seven suits against railroads centering in Omaha for violation of the safety appliance laws. These will be tried in the United States district court and will be followed by a similar number of suits for violation of the twenty-eight-hour laws in the transportation of live stock in Nebraska and Iowa. Crowds greet the car wherever it is advertised to show and one continuous stream is pouring through from morning to night. It appears to be a most opportune time to show the car when another splendid crop is assured Nebraska. Illinois Checks Nebraska Crops—D. Clem Deaver, who is in charge of the exhibit car of the Burlington, is now in Illinois with his car. He writes that the farmers of Illinois are just as much, and more interested in the display of the products of Nebraska than were the farmers of Nebraska and Iowa. Crowds greet the car wherever it is advertised to show and one continuous stream is pouring through from morning to night. It appears to be a most opportune time to show the car when another splendid crop is assured Nebraska. In the Divorce Mill—Laura A. Lambert has filed a petition for divorce from Harry G. Lambert, asserting he struck and abused her to such an extent she left him in October, 1906. She also charges him with calling her bad names. Pinkie Greer wants a divorce from John Lowe, whom she married in Texas. She says she has been her own bread winner for more than two years, as John has not supported her in that time. She also says he was cruel to her. Pinkie L. Greer charges Joseph with non-support for over five years. Mrs. Marie Gorman of Benson was taken in charge Wednesday by the police, as she is in a deplorable condition and wished to leave for her sister's home in Chester, Ia. She was left with a 12-year-old girl and two babies to support about eight months ago. Her husband gave her no reason for his departure and she has been unable to discover his whereabouts. Some financial aid was given her and she was enabled to continue her journey. She expects to place her children in the care of her sister, who is now in the city. Northwest Improvers Get Resolute—Good results are being obtained by the formation of the Northeast Improvers' club, which was organized last spring with G. W. Haller president; S. W. Johnson, vice president; W. D. Rickard, secretary, and A. M. Rickard, treasurer. Over seventy members are now on the rolls and a special meeting is held to look after the interests of that end of the city, a beautiful suburb. They are after better street railway facilities and better fire protection. The census shows that in that district are 135 families with an average of three people to a family that use a car. Users of Quick Shine Shoes Polish say it is the best and most lasting polish they have ever used. It gives a polish to the leather and it won't rub off on the clothing. A well satisfied user is the best advertisement. To Chicago and the East. Splendidly equipped trains, daily to Chicago, leave Union station, Omaha, via the Chicago & Northwestern railway at 7:05 a. m., 11:30 a. m., 4 p. m., 9:30 p. m., 10 p. m. over the only double track railway between the Missouri river and Chicago. Direct connections at Chicago with all lines east. Also daily trains to Sioux City, Mankato, St. Paul, Minneapolis, Duluth, and to points in South Dakota, the Black Hills and Wyoming. Ticket office, 1401-1403 Farnam street. Never let a dealer sell you a substitute for an article you ask for. He is working for his own profit and not yours. Get what you ask for. Building Permits. Thomas Herd, frame dwelling, Twenty-first and Vine streets, \$1,200; H. E. Burham, brick dwelling, Thirty-seventh and Dodge, \$4,500; W. H. Steiner, addition, Thirty-first and Q street, \$100; Thomas Flynn, remodeling dwelling, 128 South Seventh street, \$1,500; I. Watt, frame dwelling, Twenty-second and Locust streets, \$1,500; Charles R. Nordins, two frame dwellings, Thirty-eighth and Marcy streets, \$2,500 each.

Omaha Will Have More Elaborate Illumination than Ever. NEW SYSTEM OF ARRANGEMENT King Ak-Sar-Ben XIII is Preparing Greatest of All Light Displays for His Subjects of Quivers. Of surpassing excellence will be the illuminations on the streets of Omaha this fall when the visitor comes within the gates of the chief city of Cibola to visit with King Ak-Sar-Ben. Over 7,000 incandescent lights will be used this fall for extra street illuminations. In addition to the regular signs and street lights. This is over 1,500 more than were ever before put up on a similar occasion in Omaha. The Building, which was dark last year because of the death of Edward Rosewater, will be a blaze of lights this fall, and the city hall and court house will also be profusely illuminated. The city is doing its share in helping make the fall festival a "blaze of glory," but regret is heard on all sides that merchants and private citizens do not do more to decorate and illuminate on their own hook to help make a "city beautiful." Unique Sign by Samson. Besides the numerous signs which are a show in themselves on the city's streets, the electric light company will build a huge sign across the street at Nineteenth and Douglas, with the words, "Locate in Omaha, cheap electricity—Samson." This sign alone will have 500 lights. The carnival grounds will be illuminated with arc lights and 2,000 incandescents, which will turn night into day on the festival grounds. The beautiful arch on Douglas street is already attracting all kinds of attention and before it is completed, it will be a thing of beauty and will be covered with lights, illuminating the entire district thereabouts. The Omaha Electric Light and Power company is making a special effort to give Omaha the best illumination ever shown anywhere in the west," said F. A. Nash, president of the company. "We are amply prepared to take care of an occasion like this and we want the people to know it. This company has recently increased the capacity of its plant in Omaha to a expenditure of \$25,000 and we are able to deliver plenty of light and cheap power and we are going to advertise that fact by showing people who visit what we can do. The new turbine engine at the power house is working in fine shape and will be able to carry the extra load which the festival will demand." GOLD DIETS ON THE HUSTLE Booming Women's Branch of the Ak-Sar-Ben Parades. Gould Dietz, chairman of the women's branch of the Ak-Sar-Ben parades, has arranged for a huge tent to be set up on the vacant lot at Farnam and Twenty-fifth streets for the accommodation of the women's societies in building their floats. "This location is so much more handy than the tent that I thought it advisable to arrange for it," said Mr. Dietz. "The women are responding nobly to the call made upon them to appear in the parade and there will be nothing to it—that will be the feature parade. When the women undertake to do anything it is going to be done right and this parade will be no exception. I am called upon all hours of the day for information, but I guess that is what I was put on the committee for, and the pleasure is all mine. "I have always been in favor of having the women take part in these parades, and now that it is to be done the women must do their share to make the parade a huge success. The board of governors will furnish the wagon and horses and driver and do whatever else is possible to make the affair a big success." SISTERHOOD GETS THE DEED Franciscans Secure Four and One-Fourth Acres at Tenth and Boreas Streets. Deeds have passed from Anna M. Wightman to the Franciscan Sisterhood of Nebraska, transferring four and one-quarter acres of ground at the southeast corner of Tenth and Boreas streets for a consideration of \$3,500. This will be added to the grounds of St. Joseph's hospital and probably will be the site for the addition to the hospital provided for by the will of John A. Creighton. The property was bought once by the street railway company for a car barn site, but the company gave it up at the request of the hospital authorities. Prudence H. Smith has bought from D. D. Lyman a house and two lots at Forty-second and Douglas streets, paying \$4,500.

At this time of the year, owing to the varying diets, it is difficult to keep the face and neck free from eruptions. The simple formula below is given out by Dr. Jean Valler, the renowned dermatologist of Paris, and is said to be the most effective obtainable for a complexion restorer and skin food as well as for removing blackheads, pimples and blemishes. The ingredients: Two ounces Rosa Water, one ounce Spirits of Cologne, four ounces Sarsaparilla (crystallized). Put the Sarsaparilla into a pint of hot water (not boiling), and after it is cooled, strain through a fine cloth and add the Rosa Water and Cologne. This is to be applied daily, and massaged thoroughly into the skin. It is an inexpensive preparation and the above formula will make sufficient for a month's treatment, which if persistently adhered to, is said by those who have tried it to produce lasting results, even for the worst complexions.

MILWAUKEE HAS NEW LOCAL Puts on Train from Perry, Iowa, to Omaha. ROUND TRIP ON SAME DAY Affords Iowans Chance to Trade and Get Back Home—Also Improves Night Train to Chicago. The Milwaukee railroad has just put on a new local train in and out of Omaha which is calculated to be of material benefit to the local merchants, the city in general and the traveling public along the route of the new train. The train will run from Perry, Ia., 100 miles east of Omaha. It will leave Perry at 5:30 a. m., arrive in Omaha at 10:30 a. m., leave Omaha at 5:15 p. m. and arrive at Perry at 10:35 p. m. It will stop at every town or hamlet along the road. This will afford the people who live on this route through an excellent farming country and some of the best little towns in that section of Iowa—a splendid opportunity to come to Omaha, do their trading and get back home in the same day. This is the thing, it is admitted by the Milwaukee people, which Omaha has wanted on the Milwaukee as well as other roads and which will contribute vitally to the upbuilding of the city. Meets Lively Demand. Heretofore it was impossible for people along this route to come to Omaha and get away the same day. There was a great demand for the train not only in Omaha, but in the tributary territory and for a long time the local officials of the Milwaukee have been aware of the need for such a train. They have been exerting their efforts for a considerable period to secure it and are now very much pleased to know that the management of the road has acted upon their recommendation. "Omaha, the Market Town," must have such trains as this," said F. A. Nash, general western agent of the Milwaukee, and the Milwaukee is glad to be able to give it. Coming just at this time, upon the very eve of the Ak-Sar-Ben, when thousands of visitors will come to the city from every point, the value of the train, it is conceded, can scarcely be estimated. It will enable many more thousands to take advantage of Ak-Sar-Ben than was the case heretofore. Another Improvement in Service. But that is not the only improvement its passenger service in and out of Omaha the Milwaukee has just made. It has increased and improved the facilities of its train No. 6, which leaves Omaha for Chicago at 8:20 p. m. and arrives in Chicago at 8 a. m. In the first place the train has been lightened a little. The big thing, however, is the addition of a local fourteen-section drawing room car to this train. Heretofore local traffic, that is, passengers from Omaha to Chicago, had to put up with the same accommodations from the coast. This fourteen-section car, drawing room, apartments, will afford an exclusive place for local travelers. This car will be fully lighted with electricity and its train will carry a composite observation car, same as the Overland Limited. The Milwaukee officials believe this will meet a hearty reception by travelers. OMAHA MUST NOT FALL, TOO Fire and Police Officials Say Jericho Explosives Must Be Guarded. "The Fall of Jericho" came near proving as great a disaster for Omaha Tuesday night as it was for the original city. The showers of fireworks, which were scattered in all directions, played havoc with the buildings surrounding the Vinton street park when they were blown by the wind. Half a dozen fire alarms were turned in and several small blazes were put out just in time. "The big explosives will have to be dispersed," said Assistant Fire Chief Simpson, and he is supported by Chief of Police Donahue. "Unless the fireworks are confined to the enclosure," says Chief Donahue, "the show will have to be shut down. Such things would not be so bad at Courtland beach, but here in the city they cannot be allowed. One man came to me this morning, who said he lived six blocks from the Vinton street park and yet he had to get out from his front six times. The damage probably will amount to about \$10 to him for reshingling. He was very reasonable in his complaints. The fact is it was not safe Tuesday night to sit out in the yard anywhere within half a mile of the fire display. Insurance companies would refuse to stand for any damages under such conditions. While the show is going on the whole south end of town is full of fire. "We have no desire to interfere with the success of the performance, but the blood and thunder must be confined to the park they have hired for the purpose." Complaint has been made by residents of South Thirtieth street that skyrocketeers descend upon property in that vicinity, leaving a fiery trail. The local managers of the enterprise called at the office of the mayor and promised to turn the heavy artillery in another direction. JUDGE REBUKES ATTORNEY Leslie Calls Down Lawyer for Using Severe Terms Before the Court. The use of harsh epithets by attorneys in the trial of cases was denounced from the bench by County Judge Leslie Wednesday in the trial of a forcible entry and detainer case before a jury. The judge rebuked Attorney H. H. Bowes for making use of the words "lie" and "liar" frequently during the hearing of the case and the argument. When he interrupted during the argument of Judge Baker and declared a statement was a "lie" Judge Leslie told him he must not use such language. "If you think a statement is untrue you can say so in different terms and without the use of such harsh language," said the court. Mr. Bowes apologized for the use of the term. The case was one in which Dore & Bloom are seeking possession of a house on South Sixteenth street from the tenant, Ruby Collins. VAN ETEN RENEWS FIGHT Resumes His Efforts to Prevent Transfer of Property Under Deed of Sheriff. After a lapse of several months David Van Etten has started anew his fight in district court to prevent the transfer of his property near Twenty-first and Harney streets under a sheriff's deed. Wednesday he brought suit against Florence P. Leavitt and Sheriff McDonald to restrain them from attempting to take possession of his property under a sheriff's deed given under a decree of the court, but Mr. Van Etten declares this decree is null and void and as property named in it is not the same as that of which possession is sought. The case has been in litigation for years and has been through the supreme court several times. The property was originally sold for taxes.

BOOSTERS TO INVADE EAST Crusade of Commerce Toward Atlantic is Contemplated. OMAHA MUST BE EXPLOITED This is the Slogan of the Real Estate Exchange, Where Eastern Invasion is Agitated. A big train from Omaha through the eastern states with 100 boosters on board, with trumpets blowing and Ak-Sar-Ben colors flying and lusty throats shouting the praises of Omaha at every stop. It's a dream not impossible of fulfillment and the Omaha Real Estate exchange gave the first boost for its realization Wednesday. No action was taken, but several members talked on the subject and pronounced the idea feasible. There was not a man to throw cold water on it. Seattle and Portland and Spokane didn't know Omaha was on the map until the Omaha commercial bodies made their northwest trade excursion. The reality man said, but now they know the Gate City is a "live one." So why can't a trip be taken through the eastern states to make the eastern people take notice? The exchange will talk it over again. It all came from a talk made by C. F. Harrison on his recent observations in New York, Pittsburgh and Boston. Mr. Harrison says Omaha is a great city and does not get the advertisement it deserves. In Pittsburgh and New York he could find no Omaha papers on sale in the hotels or on file in the public libraries. He asked a man in Pittsburgh what was the first thought that came into his mind when he heard the word "Omaha" and the man answered "Pat Crowe." In the New York papers he could not find mention of Omaha except in the weather report. "Don't Talk Omaha Enough." "I will tell you one reason for such a condition of things," said John L. Mc-

The Child without a Home What Jane Addams has Done for Chicago The Menace of the Easy Divorce These are some of the subjects of vital interest in THE OCTOBER DELINEATOR, written by such well-known persons as Francis L. Patton, ex-President of Princeton University, Mabel Potter Daggett and Anne Forsythe. A live department of Stories under the title "Short Lengths" besides three big stories by writers of national fame. "I am surprised to find so much interesting reading in THE DELINEATOR; I thought it was only a Fashion Magazine," writes a new subscriber. There is a constant surprise in store for our readers in each month's issue. Omaha Will Have More Elaborate Illumination than Ever. NEW SYSTEM OF ARRANGEMENT King Ak-Sar-Ben XIII is Preparing Greatest of All Light Displays for His Subjects of Quivers. Of surpassing excellence will be the illuminations on the streets of Omaha this fall when the visitor comes within the gates of the chief city of Cibola to visit with King Ak-Sar-Ben. Although no appropriation has been made for lights in former years the Omaha Electric Light & Power company will try to outdo all former efforts, and that it will succeed is shown in advance by the extra preparations which have been made. Most noticeable of the innovations are the huge arches, different from any yet used, which will span the principal streets. Just how many of these there will be will depend on the ability of the workmen to put them in place between now and the opening of the carnival. The arches will be strung as high as the high buildings will permit, suspending wires being extended from the tops of the buildings on Farnam, Douglas and Sixteenth streets. The arches will have a beautiful drooping canopy effect and will be in the green, red and yellow of Ak-Sar-Ben. All these are in addition to the myriads of lights which the city has in former years. Over 7,000 incandescent lights will be used this fall for extra street illuminations. In addition to the regular signs and street lights. This is over 1,500 more than were ever before put up on a similar occasion in Omaha. The Building, which was dark last year because of the death of Edward Rosewater, will be a blaze of lights this fall, and the city hall and court house will also be profusely illuminated. The city is doing its share in helping make the fall festival a "blaze of glory," but regret is heard on all sides that merchants and private citizens do not do more to decorate and illuminate on their own hook to help make a "city beautiful." Unique Sign by Samson. Besides the numerous signs which are a show in themselves on the city's streets, the electric light company will build a huge sign across the street at Nineteenth and Douglas, with the words, "Locate in Omaha, cheap electricity—Samson." This sign alone will have 500 lights. The carnival grounds will be illuminated with arc lights and 2,000 incandescents, which will turn night into day on the festival grounds. The beautiful arch on Douglas street is already attracting all kinds of attention and before it is completed, it will be a thing of beauty and will be covered with lights, illuminating the entire district thereabouts. The Omaha Electric Light and Power company is making a special effort to give Omaha the best illumination ever shown anywhere in the west," said F. A. Nash, president of the company. "We are amply prepared to take care of an occasion like this and we want the people to know it. This company has recently increased the capacity of its plant in Omaha to a expenditure of \$25,000 and we are able to deliver plenty of light and cheap power and we are going to advertise that fact by showing people who visit what we can do. The new turbine engine at the power house is working in fine shape and will be able to carry the extra load which the festival will demand." GOLD DIETS ON THE HUSTLE Booming Women's Branch of the Ak-Sar-Ben Parades. Gould Dietz, chairman of the women's branch of the Ak-Sar-Ben parades, has arranged for a huge tent to be set up on the vacant lot at Farnam and Twenty-fifth streets for the accommodation of the women's societies in building their floats. "This location is so much more handy than the tent that I thought it advisable to arrange for it," said Mr. Dietz. "The women are responding nobly to the call made upon them to appear in the parade and there will be nothing to it—that will be the feature parade. When the women undertake to do anything it is going to be done right and this parade will be no exception. I am called upon all hours of the day for information, but I guess that is what I was put on the committee for, and the pleasure is all mine. "I have always been in favor of having the women take part in these parades, and now that it is to be done the women must do their share to make the parade a huge success. The board of governors will furnish the wagon and horses and driver and do whatever else is possible to make the affair a big success." SISTERHOOD GETS THE DEED Franciscans Secure Four and One-Fourth Acres at Tenth and Boreas Streets. Deeds have passed from Anna M. Wightman to the Franciscan Sisterhood of Nebraska, transferring four and one-quarter acres of ground at the southeast corner of Tenth and Boreas streets for a consideration of \$3,500. This will be added to the grounds of St. Joseph's hospital and probably will be the site for the addition to the hospital provided for by the will of John A. Creighton. The property was bought once by the street railway company for a car barn site, but the company gave it up at the request of the hospital authorities. Prudence H. Smith has bought from D. D. Lyman a house and two lots at Forty-second and Douglas streets, paying \$4,500.

At this time of the year, owing to the varying diets, it is difficult to keep the face and neck free from eruptions. The simple formula below is given out by Dr. Jean Valler, the renowned dermatologist of Paris, and is said to be the most effective obtainable for a complexion restorer and skin food as well as for removing blackheads, pimples and blemishes. The ingredients: Two ounces Rosa Water, one ounce Spirits of Cologne, four ounces Sarsaparilla (crystallized). Put the Sarsaparilla into a pint of hot water (not boiling), and after it is cooled, strain through a fine cloth and add the Rosa Water and Cologne. This is to be applied daily, and massaged thoroughly into the skin. It is an inexpensive preparation and the above formula will make sufficient for a month's treatment, which if persistently adhered to, is said by those who have tried it to produce lasting results, even for the worst complexions.

MILWAUKEE HAS NEW LOCAL Puts on Train from Perry, Iowa, to Omaha. ROUND TRIP ON SAME DAY Affords Iowans Chance to Trade and Get Back Home—Also Improves Night Train to Chicago. The Milwaukee railroad has just put on a new local train in and out of Omaha which is calculated to be of material benefit to the local merchants, the city in general and the traveling public along the route of the new train. The train will run from Perry, Ia., 100 miles east of Omaha. It will leave Perry at 5:30 a. m., arrive in Omaha at 10:30 a. m., leave Omaha at 5:15 p. m. and arrive at Perry at 10:35 p. m. It will stop at every town or hamlet along the road. This will afford the people who live on this route through an excellent farming country and some of the best little towns in that section of Iowa—a splendid opportunity to come to Omaha, do their trading and get back home in the same day. This is the thing, it is admitted by the Milwaukee people, which Omaha has wanted on the Milwaukee as well as other roads and which will contribute vitally to the upbuilding of the city. Meets Lively Demand. Heretofore it was impossible for people along this route to come to Omaha and get away the same day.
