## GRAIN AND PRODUCE MARKET

General Easing Off on All the Prices.

## TIRED AFTER UNUSUAL ACTIVITY

Builish Conditions Prevail All Over, with Prospects for Advances Despite Larger Visible Supply.

OMAHA, Sept. 22, 1967.

was a general easing off on all rain proces, and the market acted a little fred after the activity shown the latter art of the preceding week.

Builten conditions exist all over the world,

Bullish conditions exist all over the world, with prospects for higher prices in spite of the fact that the visible supply is larger now than at this time a year ago. Wheat was selling off somewhat this morning and acted tired. At the same time the general undertone was sound, but there was little trading and the market was listless. September wheat opened at 50 to, and closed at 80 to. Corn was casier and some lower, with wheat. There was no particular feature to the market and all traders are watching the weather conditions closely. September corn opened at 56 c and closed at 55 to. Oats opened steady, but easier, and little strength was shown. strength was shown.
Sentiment is extremely builtah, but trade
was light and prices worked off a trifle.
September oats opened at 51½c and closed

was light and prices worked off a trifle. September oats opened at 51½c and closed at 50½c.

Primary wheat receipts were 1.446,000 bushels and shipments were 1.051,000 bushels and shipments of 592,000 bushels. As against receipts last year of 1.259,000 bushels and shipments of 592,000 bushels and shipments were 1.274,000 bushels and shipments were 1.053,000 bushels, against receipts last year of 730,000 bushels and shipments of 514,000 bushels.

Clearances were none of corn, none of oats and wheat and flour equal to 415,000 bushels.

Liverpool closed unchanged at ½d lower

May	52%	52%	519/4	51%	52%

movement being 12.763,000 bu. This heavy movement caused a sharp break at Liverpool and was also responsible for much of the selling on the local market. Figures on the amount of breadstuff on ocean passage were also beariah, showing an increase of 144,000 bu. Reports from the Canadian northwest were more favorable than for several days, a number of advices claiming that injury to the crop has been exaggerated. Weather conditions in Minnesota and the Dakotks were more favorable for threshing, which augmented the bearish sentiment. Throughout the day the principal demand came from shorts, and the buying was in insufficient volume to cause any upturn. The market closed weak. Discember opened \$62.50 lower, at \$1.014.51.018, soid at \$1.015. Clearances of wheat and flour were equal to \$11.005. Up. The close was at \$1.005. Clearances of wheat and flour were equal to \$11.005. Up. The visible supply decreased 1.541.000 bu. Primary receipts were \$6,600 bu. against 125.000 bt. on the same day last year. Minneapolis, Duluth and Chicago reported receipts of \$14 cars, against 172 cars last week and \$33 cars a year ago.

The corn market was weak on general louidation by local and outside holders.

ances of wheat and flour were equal to 47.800 bu.

The visible supply decreased 1.541,000 bu.

Primary receipts were 46.6000 bu., against 1.28,000 bc. on the same day last year.

Minneapelis, Duluth and Chicago reported receipts of 514 cars, against 772 cars last week and 83 cars a year ago.

The corn market was weak on general louidation by local and outside holders. The selling was chiefly prompted by large local and primary receipts. Arrivals at Chicago today were 1.750 cars, which was 100 in excess of the estimate Of this amount \$55 cars were of contract grade. Receipts were 1.750 bu on the same day last year. A forecast of warmer weather for the corn belt was an additional hearish in fluence. The market closed weak. December opened & 56 lower, at 536,565c, sold at 584c and then declined to 154c, where it closed.

Trade in oats was very light and the project was weak, in sympathy with wheat and corn. The close was weak at the low rive of the div. December opened is lower at 522c, sold at 158c and then declined to 154c, where it closed. Local receipts were 485 cars.

Provisions were weak because of the break in corn. At the close January work was of Tikelic, at 115 Lard was down at 178 local cars, out 250 cars; hogs.

Estimated receipts for tomorrow: Wheat, 158 cars, out a 32 cars; hogs.

Rise in Securities Brought to Abrupt Pause by News from Abroad.

MANY DEMANDS FOR FUNDS

Oil Hearing, Troubles of New York Traction Company and Lower Prices for Bonds Contribute to the Backset.

NEW YORK, Sept. 23.—The rise in securities prices, which showed signs of gaining headway towards the end of inst week, was brought to a rather abrupt pause week, was brought to a rather abrupt pause. week, was brought to a rather abrupt pause week, was brought to a rather abrupt pause this effect were traceance principally to foreign sources. The London market gave clear intimation early today that it was not prepared to adopt fully the assumptions of a definite clearing of the money outlook which became prevalent in New York last week owing to the improved position of our own money market. The Bank of England was again obliged to share with Berlin and Paris the open market supply of gold and money and discounts hardened in London. Sterling exchange in New York also advanced. The effect was to revive again the consideratio of the requirements before the money markets, which will be normally large for the next month or six weeks. The October 1 settlements are looked forwar dto with more or less apprehension in Berlin.

Ohis opened steady, but easiler, and little mentioned is extremely builth, but trace from the statements and the statements are located from the statements and the statements are located from the statements and elegant of the located from the statements are located from the statements and elegant of the located from the statements are located from the statements and elegant of the located from the statements are located from the statements ar

RAILROAD MEN ARE CALLED Have Been Ordered to Produce

Papers Dealing with Freight

Accounts of the Oil

Company.

NEW YORK, Sept. 3.-It is understood that Frank B. Kellogg, the government's counsel in its suit to dissolve the Standard Oll Company of New Jersey, has important evidence in his possession bearing on alleged relationship between railroad relates and the profits of the corporation in the last eight years. It is also said that this phase of Mr. Kellogg's case is being reserved until the line of questioning he pursued last weak is finished.

To back his reported evidence as to rebates Mr. Kellogg has had subpoenss served on several railroad men, among them being Jefferson Justice, assistant comptroller of the Pennsylvania railroad; R. W. Downing, ex-comptroller of the Pennsylvania lines, and W. T. McCullach, auditor of freight accounts of New York Central. They have been ordered to produce certain papers dealing with the transportation of oil, John G. Milburn, counsel for the Standard Oil company, has made a statement about the hearing in which he

"Most of these transactions which Mr. Kellogg wants to know about happened sc long ago that it is not strange if the witnesses are unable to give him the answers he seems to expect." Mr. Milburn said that the company had nothing to conceal and that it was perfectly

any of its records, Tilford Again on Stand. 8.60.

BHEEP AND LAMBS-Receipts, 1,500 bead; market steady. Native muttons, \$2.50 oil company, gave further testimony today to the standard bucks, \$2.600, stockers, \$3.7096.60.

willing to place at Mr. Kellogg's disposal .

company Mr. Tilford testified, after looking ever the records on Saturday, that the Manhattan Oil company of Ohio had sold to the Standard company 754 tank cars between 1899 and 1901. The purchase was made for the Standard Oil company by a subisdiary company, the Union Tank line. Mr. Tilford would not say if the Standard Oil company made any contract to supply certain gas companies with oil when it tool over the Manhattan Oil company.

"As a matter of fact, don't you know that the Standard made a contract with the Indianapolis Gas company and the People's Gas Light and Coke company of Chicago?"

"Yes, such a contract was made in 1899, said Mr. Tilford. "And was not that contract made be ause E. C. Benedict and Anthony N. Brady would not sell the Manhattan Oil company unless the gas companies were guaranteed

a supply of oil for ten years "" "I don't ! now that the contract was made for that reason," answered Mr. Tilford. "I know the contract was made for two years."

Mr. Kellogg asked if it was not a fact hat the only stock of the twenty subsidiary companies distributed between 1892 and 1896 was 474,619 out of 972,000 shares which were distributed to certain stockholders, including John D. Rockefeller, William Rockefeller, Henry M. Flagter, H. H. Rogers and fourteen others.

Mr. Tilford said he did not know Acts of Trustees.
