Burlington is Sending Out Transportation Which Was Called in Becently.

ACTION TAKEN ON ADVICE OF ATTORNEYS

coni Men Are Interested in Having the Law Regarding Track Scales Put in Force-Despain

Resigns Position.

(From a Staff Correspondent.) LINCOLN, May 17 .- (Special.) -- A report sources absolutely reliable has reached Lincoln that the Burlington raiload is sending out passes to physicians who act as surgeons of this road in the owns of the state. The surgeons are designated in the new passes as "assistant surgeons," A letter signed by G. W. Holdrege is sent with each pass and in it Mr. Holdrege states that the legal department of the road has held for the surgeons to ride on passes is not in conflict with the anti-pass law. Some time ago all of these passes were called in by the Burlington because of the enactment of the anti-pass law, but now all are being returned to the railroad doctors. Whether railroad attor-

n'eys are being served the same way has not yet been learned down here. Under the recent order of the State Railway commission every surgeon who accepts one of these passes will have his name reported to the commission, but as the matter has not yet been called to the attention of the commission it is not known whether this action of the Burlington will come under the head of discrimination as defined in the commission law.

Coal Men Want New Law Enforced. Secretary Betts of the Omaha Coal Dealers' association and Representative Frank Best of Omaha called on the State Railway commission this afternoon to discuss the weighing bill passed by the legislature, This bill as originally introduced provided for track scales for the weighing of coal only. It was amended to apply to live stock, grain and other commodities, but these amendments were finally stricken from the bill and it passed as originally drawn. In the engrossing and enrolling room, however, the amendments were put in the bill and it was signed in this shape. Some of the railroad men take it that the law is defective, but in the opinion of members of the commission and Mr. Best, the bill can be enforced as it was originally introduced, and the fact that a careless clerk changed it will cut little figure in the legality of the measure. In discussing the necessity of such a bill Mr. Betts said he had received a report of a shipment of coal to Lincoln from Wyoming in which the loss in weight was fifteen tons, the coal amounting to fifty-eight tons when it left the starting point. The railroad, he said, refused to make good the loss, but charged the purchaser with the freight on the entire fifty-eight tons. The law which he desires to see enforced provides track scales shall be maintained at both, the shipping and recelving points. The commission likely will see to it that the law is enforced.

Senator Sibley of Lincoln county called on the commission this afternoon to protest against rates on coal in his part of the state. Mr. Sibley said the order issued by the commission regarding the 2-cent rate and urging people to pay their way to the state line was bearing fruit. During the last month, he said, at Sidney 700 cash fare coupons had been cashed at the local office, being handed in by parties who had OUR first thought in the selection paid the 2-cent rate to the state line and of each season's fabrics-is then paid again after it was crossed. Heretofore, he said, the number of coupons We take advantage of every condition cashed was about forty or fifty a month.

All Passes Included. St. Paul, Minneapolis The Chicago, Omaha railroad does not want to be included in the list of roads which have evaded the anti-pass law or the order Trousers \$5 to \$12 Suits \$20 to \$50 free transportation issued. This road of the board will build the board of the board of the board of the board. wrote that in its report to the commission as compensation 3% per cent of the conit had included all the transportation istract price of the buildings. It will also The following officers had been ele sued between March 30 and May 1 and the be his duty to superintend the construction at noon; list also included all interstate transporta-

> Conl Question Discussed. General Manager Mohler of the Union Pacific has written the commission asking that body to indorse its appeal to the people to have their coal shipped during the summer months and avoid the rush in the fall and all the worry incident to scarcity of cars when cold weather sets in. Mr. Mohler said in his letter his company was now shipping coal for its own use from mines not on its line in order to save the supply for the people next winter, and he wound up by saying he doubted if the company would be permitted to sell coal to people next winter as it did last winter. It is not improbable that the commission will write back and suggest that the Union Pacific could relieve the pressure by laying in its own supply of coal now, as it has plenty of yard room and plenty of men to guard it. This would leave the road free to take care of the people instead of having to use its cars for its own benefit next winter.

Don C. Despain Resigns. As anticipated, Don C. Despain today filed his resignation as deputy commis- shaking up the passengers. The wreck is sioner of labor with Governor Sheldon, the same to take effect June 1. Mr Despain has been commissioner of labor since May 1 and resigns in order to accept the position of general manager of of Curtis Friday morning about 7:30 two the American Adjustable Window Shade company, which was tendered him by the directors of the above corporation some meager, but added that all injuries were days ago. Mr. Despain's new position entails responsibilities incident to the development of the company's business in twenty-four states, in which territory it

has exclusive patent rights. Change in Supply Methods. Hereafter superintendents of state instiutions and stewards will have to designate the amount or the number of articles of a given kind wanted when filing their specifications for the quarterly letting of contracts for supplies. Kountze Reserve Now on the Market

This is the most beautiful piece of ground offered for sale in Omaha. It lies just like the Reserve at 36th and Farnam, which was put on sale several years ago and owned by the Kountzes. The prices there were on the average \$3,500 a lot, while the prices we are offering the new Reserve is from

\$900 to \$1,050

Excepting corners a trifle higher.

This ground is located between 19th and 20th and Spencer and Emmett, both Spencer and Emmett are paved. Lots on Lothrop will not be offered for sale until the street has been graded, permanent walks put down and street paved. Remember there are only 12 lots on the market now and we believe every one will be taken inside of 10 days.

Don't neglect to go today or tomorrow and make your selection as this is a rare opportunity to get such choice lots at such low prices. These lots will surely be worth double before long.

WOMAN IS KILLED AT ALLIANCE

the work was exemplified by a team from

the Omaha circle.

Colored Janifor Shoots Sadie Bowlan with Whom He Had Been Living. ALLIANCE, Neb., May 17 .- (Special Tele gram.)-Clifford Holman, a colored janitor at the Phelan opera house, here, shot and killed Sadie Bowlan with whom he had been living as his wife at their home about 12 o'clock last night. There seems to be some mystery connected with the affair, as it is difficult to learn the facts. It is supposed that they had been drinking and quarrel ensued as a result.

Holman delivered himself up to the authorities immediately after the shooting and made the statement he had killed the woman in self-defense, as she was after him with a ragor, and as further evidence to this fact, he stated that she had the the hall. razor in her death grasp. An investigation by the police did not substantiate this, but when three colored men, who were on the death scene without much delay, were the ragor, which was found under the bed. sequence was reported. and no doubt placed there by them. It is plicated in the shooting of the city marshal at Crawford. The inquest will be W. W. Robeerts, Because of Domestic held this afternoon.
