

WAY CLEARED FOR HOTEL

Occupants of Buildings on Farnam Street Are Moving Out.

CONTRACT WILL BE LET MONDAY

Architect is Now at Work on Plans for the Five-Story Structure to Be Erected for the Henshaw.

The buildings from 1511 to 1513 1/2 Farnam street are being vacated by the tenants to make way for the improvements planned to the Henshaw hotel.

O. C. Redick has selected John McDonald as the architect to prepare the plans for the five-story addition to the Henshaw hotel.

The old Pioneer restaurant buildings at 213 and 230 South Twelfth street have been sold by Russell & McKittrick to the W. Farnam Smith company for about \$6,000.

The property consists of one two-story and one three-story frame and brick building and was owned by Allan Bourne, a nonresident client of Russell & McKittrick.

The buildings were erected in the early 70s and adjoin the large building at the northeast corner of Twelfth and Harnay streets, now owned by the W. Farnam Smith company.

The present tenant of the buildings has a two-year lease on the premises and no improvements are contemplated by the new owners.

Several Little Deals Are Made. The eight-room brick house near Forty-third and Lafayette avenue has been sold by Russell & McKittrick for \$1,600 to Henry Riordan, who will improve the residence for occupancy as a home.

The large lot and two-story frame house on Twenty-third street between Leavenworth and Mason streets has been sold by the National Insurance Company of America to William F. Stoecker for \$5,000.

Allen M. Robinson has bought one of the two-story frame houses facing west on Thirty-sixth street, just north of Farnam street, from the Cady Land company for \$5,000.

The lot has frontage on forty-three feet on Thirty-sixth street and the house was built some time ago for investment purposes by the D. V. Sholes company.

Mrs. Elizabeth Kuhlman has bought from the Illinois Trust and Savings bank a two-story frame house fronting west on Park avenue, between Pacific street and Poppleton avenue, for \$3,800 and will occupy the residence for a home.

Edward L. Cain, a clerk in the railway mail service, who resides at 1209 South Ninth street, has sold his large lot and two frame houses at the southeast corner of Ninth and Pierce streets to Ben Stoecker for \$8,500.

The tract of land includes a small strip of fifteen feet to the west and was bought by Mr. Stoecker as an investment.

Patrick McAndrews has sold his two-story frame residence at the southeast corner of Twenty-ninth and Chicago streets through the Byron Reed company for \$2,500 to Edith A. Crawford.

BROATCH AND MOISE SPLIT

Captain Quits Hotel Because He Could Not Stand for the Pressure. Captain W. J. Broatch, former police commissioner, is no longer manager of the Thurston hotel, registered at the Oma. Captain Broatch was installed in charge of the hotel a few weeks ago by Walter Moise, whose brewing company has control of the property and of the saloon in connection with it, but Captain Broatch and Moise do not speak now as they part.

LITTLE BABY CURED OF ECZEMA

Parents Applied to Hospitals and Doctors but Could Get No Relief—Grew Worse Under Doctor's Prescription—Friends Recommended Cuticura—Result A SPEEDY AND PERMANENT CURE

"We express to you herewith our best thanks for the cure of our baby from eczema. The eczema appeared when the child was three months old. We applied to several doctors and hospitals, each of which gave us something different every time, but nothing brought relief. A physician recommended a salve which we threw into the fire after two days' use as the eczema became worse so that the baby scratched his face. At last, one of our friends recommended us Cuticura Soap and Cuticura Ointment. A few days afterwards improvement could be noted. Since then we have used nothing but Cuticura Soap and Cuticura Ointment, and now the baby is six months old and is quite cured. All that we used was one cake of Cuticura Soap and two boxes Cuticura Ointment, costing in all \$1.25. Even the poorest man can pay that instead of throwing it into the doctor's lap. I myself only make twelve dollars a week as a teamster, but I recommend the Cuticura Remedies strongly to all mothers whose children suffer from such diseases. They are cheap, harmless, and good. C. F. Kara and Wife, 343 East 66th Street, New York, March 30, 1907."

FOR SORE HANDS

Soak the hands on retiring, in a hot, creamy bath of Cuticura Soap. Dry and anoint freely with Cuticura Ointment, and in severe cases spread the Ointment on thin pieces of old linen or cotton. Wear during the night old, loose, kid gloves, with the finger ends cut off and holes cut in the palms, or a light bandage of old cotton.

BURKE WRITES TO PARENTS

Murderer of Copples Wants Father and Mother to Visit Him. SUFFERS WITH CHILLS AND FEVER Physical Condition is Attributed by the Jail Men and Physicians to the State of His Mind.

Louis R. Higgins, alias Burke, the murderer of Mr. and Mrs. Cople, Friday morning wrote letters to his father and mother, asking them to come to Omaha to see him. His parents are separated and when he last heard from his father he was living at Nampa, Idaho. His mother is at 209 Pearl street, Denver. His letters were both in loving terms and he referred to the crime as the "terrible thing" he had done. He asked them both to come to him as soon as possible.

BLACK MAN ADMITS THEFT

Tells Police Where He Put Clothes and Watch Charm that Had Been Stolen. Detectives Drummy and Maloney arrested James Conners and Henry Johnson last night on the charge of burglary. Johnson, who is colored, went into F. M. Clarke's room at 1618 Chicago street yesterday morning and purloined a watch, a gold Masonic charm, a suit of clothes and a card case containing railroad transportation. Then he and Conners began peddling the plunder. They were arrested in a Tenth street pawn shop, while trying to dispose of the watch. After their arrest they told the officers where the clothes and the charm was. The latter they threw on the ground in a vacant lot, but it was found by the officers in the morning. Clarke knew nothing of the burglary until told by the police and asked to identify his property. Johnson waived examination in police court on a charge of breaking and entering, and was bound over to the district court on \$500 bonds. Conners was held for investigation as it could not be shown he had anything to do with the burglary itself.

ANOTHER LOCKMAN IN FIGHT

Frank Not Harry Now Said to Have Been One Whom Enix Struck. Frank Lockman, brother of Harry Lockman, whom Aleck Enix is charged in Judge Troup's court with killing, was on the witness stand Friday morning. Lockman was in the fight which resulted in his brother's death and it is the claim of the defense that it was Frank and not Harry whom Enix struck. Frank testified he had been struck on the head so hard it had affected his memory and he did not know who hit him. He identified a knife picked up after the fray as his. This knife will be used by the state to show that Frank was fighting with Al Harper, another defendant, as Harper had several knife slashes in his clothing. It is this shows the state will claim it was Enix who struck the dead man. Lockman admitted he had served a three-year sentence at Joliet, Ill., for assault with intent to murder.

FOUR ROBBERIES OF HOUSES

Cases Are All Reported to the Police of South Omaha in One Morning. Four cases of house robbery were reported to the South Omaha police Friday morning from as many quarters of the city. The cigar store of Gus Stephens, under the G street viaduct, was entered and the cash register, containing several dollars in small change, was taken. From this fact it is thought that the men must have been in a rig. At the new city hall a large pipe vice constructed for holding six-inch pipe was taken from the bench. It belonged to George Packer & Co., plumbers. The weight was about 100 pounds. The residence of C. A. Melcher was entered by a burglar and between \$5 and \$7 taken. Melcher is the city treasurer and F. J. Mochel. The burglar evidently expected to secure a good haul. The residence of John Shultz, Twenty-second and G streets, was also robbed. The burglars secured about \$3 in cash and a valuable gold ring.

BIGGEST OF TRADE TOURS

Omaha Commercial Club Will Set the Pace for all Others. MOST PRETENTIOUS EXCURSION OF KIND Reports Are Coming in from Towns to Be Visited of Times Prepared for the Nebraska Boosters. Commissioner Guild of the Commercial club has received the first responses to his letters of notification sent to commercial organizations of the cities to be visited by the Omaha "boosters" on the coming trade excursion to the Pacific coast and northwest states. The letters assure a cordial welcome to the Omaha representatives and elaborate plans are being made for the entertainment of the delegation. The participants in the trade excursion will be shown through the largest copper mine in the world at Anaconda, Mont., and great enthusiasm is shown over the proposed advent of the Omaha excursion. Letters have been received from officers of commercial organizations of Boise and Nampa, Idaho; Spokane and North Yakima, Wash.; Ogden, Utah, and Anaconda, Ill. All of the letters indicate dissatisfaction with the short time to be spent by the Omaha visitors in the various cities, and it is urgently requested that the excursion itinerary be changed so as to allow more time to each place. Many newspaper clippings have been received, which indicate that columns of space in the papers of the northwest are being devoted to the exploitation of the Omaha excursion.

SOME TROUBLE OVER SIGNS

Merchants Are Encountering Difficulty in Meeting Demands of New Ordinance. With an ordinance pending in the city council for the regulation of signs these merchants of the city who desire to maintain signs placed under the ban by the proposed ordinance are having considerable trouble. When the ordinance was introduced a number of policemen informed merchants that signs must be removed. Many followed instructions while others protested. One restaurant manager who complied with the order was surprised to see his nearest competitor had not done so and asked the policeman why the other sign was not removed. He was informed that his competitor had secured a permit to retain the sign in its present position until the ordinance should be passed and approved. Friday morning the man who had removed his sign applied at the office of the mayor and received a permit similar to that held by the other and will replace his announcement until the matter is finally adjusted by the council.

STEAM CALLOPPE IS STOLEN

Circus Tooter Disappears in Campaign that Takes Bath and Gas Tanks. That some male kleptomaniac, with a weakness for heavy and unwieldy articles, is operating in Omaha is beginning to be the opinion of the police, as the result of recent freak thefts. Wednesday night two bath tubs and a soda water gas tank disappeared from their owners and have not been located. Thursday night a goodly portion of a steam calloppa stored in the basement of the Oma hotel, Fifteenth and Jackson streets, took flight, and whether in the direction of some junk pile or to answer the call of the opening circus season, the police have not determined. The calloppa was the property of Ed Simpson, and when he went to look at his steam tooter Friday he found eight of the brass whistles were gone. With them had disappeared an overcoat belonging to Ed Dunham. Employees of the hotel are suspected.

KNOWING RULES WORKS BAR

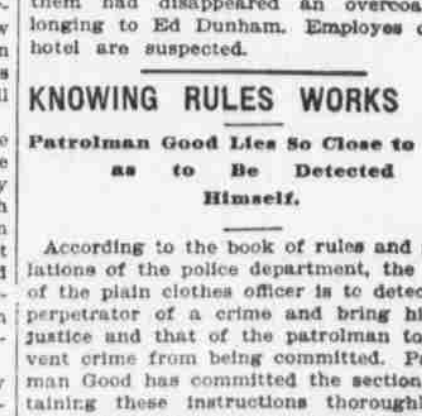

Patrolman Good Lies So Close to Prey as to Be Detected Himself. According to the book of rules and regulations of the police department, the work of the plain clothes officer is to detect the perpetrator of a crime and bring him to justice and that of the patrolman is to prevent crime from being committed. Patrolman Good has committed the section containing these instructions thoroughly to memory and had it in mind when he overheard Harry Jones conversing with two pals to "roll" a drunken man whom they were watching at Fourteenth and Douglas streets Thursday night. The officer, however, could not hide his identity because of his brass buttons and blue cloth and when the conspirators saw him they fled in all directions. Jones was the only one captured and he was thrown into jail as a vagrant and suspicious character to be held for investigation.

GOVERNMENT MUSIC STORE

Uncle Sam Takes Charge of Many Pianos and Marshals Learn to Play. A suit in replevin was begun in the United States circuit court Friday morning by the Smith & Nixon Piano company against the Perfield Piano company to recover possession of forty-four pianos and six organs. The pianos are in the Perfield establishment, 1611 Farnam street, and the company's warehouses in the Washington Hall building on Eighteenth street. An order was issued by Judge W. H. Munger directing the United States marshal to take possession of the pianos and organs until the Smith & Nixon company put up the requisite bond of double the value of the stock, when the instruments will be turned over to them. Deputy Marshals Moore, Proctor and Sammons took possession of the establishments and stock at noon by order of the court. In its petition the Smith & Nixon company claims that it is the owner of the fifty instruments and is wrongfully detained from the possession thereof by the Perfield company for ten days, has been damaged in the sum of \$500 thereby and asks not only for the possession of the instruments, but damages in the sum named and judgment for costs of suit. The deputy marshals will in the meanwhile cultivate their musical talents while running the government music store and will be the better enabled to arrest malefactors in future by luring them into the coils of the law by a piano or organ recital.

A CONSTANT ANNOYANCE.

Half the nervousness, half the irritability that is so common in everyday life, is really sickness, and in most cases a condition that accompanies kidney trouble. It is the work of the kidneys to keep the blood free from uric acid and other poisons, but when the kidneys are sick, and not doing their duty, the uric acid poison permeates the body, and attacks body, brain and nerves. The irritation causes nervousness, irritability, headache, dizzy spells; makes you languid, unfit for work, and inclined to worry over trifles. Besides, there is nothing more annoying than a bad back, and backache is the most common sign of kidney trouble. You feel lame and tired in the morning, suffer day and night with a dull aching in the back, and it hurts to stoop or bend or lift. Keep your temper cool, and get the kidneys well. No person can feel cheerful and healthy if the kidneys are the least bit affected. A few doses of Doan's Kidney Pills, taken in the beginning, will set the kidneys right. Continued treatment cures cases of long standing. Doan's Kidney Pills are for the kidneys only, and contain no poisonous

AN OMAHA CASE

Mrs. C. H. Hennings, 3027 Burdette St., Omaha, Neb., says: "It was nothing short of marvelous, the cure Doan's Kidney Pills effected in Mr. Hennings' case in 1899, and the fact that that cure has remained permanent, has only increased his faith and confidence in this most remarkable remedy. Several years prior to using Doan's Kidney Pills, Mr. Hennings was hurt while employed in the Union Pacific Locomotive shops and ever afterwards was subject to severe attacks of pain in the small of his back and spells of dizziness. Doan's Kidney Pills proved to be the best investment he ever made. They removed the pain and all distress caused from kidney trouble. We have reason to believe that Doan's Kidney Pills do all that is claimed for them."

Hunyadi Janos Best Natural Laxative Mineral Water. Take half a glassful in the morning for headache, biliousness, torpid liver and especially FOR CONSTIPATION.

DOAN'S KIDNEY PILLS. Sold by all dealers. Price 50 cents. FOSTER-MILBURN CO., Buffalo, N. Y., Proprietors.
