June Brides Continue Recipients of Numerous Unique Showers.

SEASON'S BIGLUNCHEON AT COUNTRY CLUB

Mrs. Guy Barton and C. K. Barton Entertain Luncheon Party of One Hundred and Sixteen Covers.

The Country club was the center of fashionable interest Tuesday as the scene of the premier event of the day and the largest function scheduled for the week-the luncheon given by Mrs. Guy Barton and Mrs. K. C. Barton. Twelve tables, handsomely decorated with spring flowers, were arranged through the dining room and hall and covers were laid for 116 guests.

The June brides are the center of attraction this week. Entertaining for them is extensive and is of both a formal and informal nature. Miss Munson, whose marriage to Mr. Garrett P. Wlig will take place June 5, was guest of honor at a kitchen shower given Monday afternoon by Miss Irene Liddell. The kitchen articles were presented to the bride-to-be in a unique manner, being placed in a large basket and wrapped and rewrapped with paper. Miss Munson was then compelled to handle each article and guess what it was without loo -ing. Failure to guess entailed a penalty of answering any question anyone might ask her. A guessing contest also afforded FINNISH WOMEN IN POLITICS amusement for the afternoon, prizes being won by Miss Bertha Massison and Miss Bessie Munson. Later in the afternoon refreshments were served at one large table, which had for a centerpiece pink carnations combined with snowballs. The plate cards were pink, heart-shaped and pierced with n white arrow. Those present were: Miss Bessie Munson, Miss Irma Springer, Miss Essie Aarons, Miss Grace Shaffer, Miss Miss Edna Bruning, Miss Maude Lenhart, Miss Bertha Mession, Miss Beatrice Cole, New York. Miss Nellie Shoniau, Miss Alma Shoniau, Miss May Gilligan, Miss Mamie Munson, Mrs. J. E. Shaffer, Mrs. Massion and Mrs. James Liddell.

Several other affairs have been planned for Miss Munson this week. Tuesday evening Miss Maude Lenhart will give a linen shower, Wednesday evening Miss May Gilligan a china shower and Thursday Miss Bertha Massion will give a cup and saucer

Few more startling proofs of our barbaric origin have been handed down to modern society than the "etiquet book" that served as the household guide on good manners until not many generations ago. Men and women who attained prominence, especially men, seemed frequently to be called upon for advice upon behavior for different occasions and under different cirumstances, and these "rules" were deemed particularly fitting material for school readers and copy books. Washington, Franklin and Jefferson were among the most quoted authorities, and few of the present generation of men and women will ever "drum on tables with the fingers," "contradict one's elders," "speals without being addressed in a company of older persons" or do any of numerous other forbidden until the old supply is exhausted. things without recalling the advice of these famous men. It is Erasmus, however, in his essay on "Behavior at Meals" who really takes one's breath away. Among other things he remarks that "it is rude to blow one's nose on the tablecloth" or to 'wipe one's fingers on one's neighbor's coat," truly startling advice when considered seriously. He further advises guests "not to give dogs your bones to crack under the table or feed the cat or encourage animals to jump on the table. This may offend your host or lead to solling his carpet." 'Above all," he continues, "do not lick any teacher. your plate, it is an act that ill becomes a cat, let alone a gentleman."

Cheap Substitutes and "Just As Good As."

Unscrupulous dealers, mindful only of profit and caring nothing for the health of their patrons, are offering for sale low-grade, impure whisky, which they tell you is as "good as Duffy's." It is a cheap concoction and fraud, intended to deceive the people.

Of course, when a remedy has been before the public so long, has been prescribed and used by the best doctors and in all the prominent hospitals and has carried the blessing of health into so many thousands of homes as DUFFY'S PURE MALT WHISKY has, imitations are bound to arise. But they can imitate the bottle and label only-no one can imitate the contents.

DUFFY'S PURE MALT WHISKY is made from a formula worked out fifty years ago by one of the greatest chemists the world has ever known, and while it has cured millions of people during the last half century, the secret has never been discovered.

Any firm that will sell imitation or substitution goods will sell impure drugs. The firm that is dishonest in one thing would not hesitate to be dishonest in another, Whenever you see imitation and substitution goods offered for sale by a firm, beware of anything and everything put up by that firm. You endanger your own life and the lives of your family and friends by dealing with them.

weather to some extent no doubt, prevented normal "stooling," which means senging out extra stems from the root. In addition to the general detriment from the backward season the crop has sustained a more or less serious damage on the Concordia branch from dry weather and there has been some damage also in other dry territory already mentioned on the Wymore division. There is a prospect for from 10 to 25 per cent less wheat today than six weeks ago, but, as already stated, this does not mean that there may not yet be a fair or average crop of winter wheat.

Spring wheat is not much of a factor in the crop question in Nebraska. It has suffered from cold and dry weather, but except in the southern part of the Wymore division may yet make a reasonably fair crop. There is no doubt oats have suffered more than any other spring grain and prospects today on part of the Wymore division do not indicate more than haif a crop. On the Lincoln and McCook divisions, based on present conditions, three-fourths of a crop is perhaps the best that may be expected. The acreage of oats has been cut down somewhat by piewing up the first fields and planting them to corn.

MRS HENRY LEE

Owing to modern methods of living woman in a thousand ap proaches this perfectly natural change without experiencing a train of very annoying and sometimes painful

This is the most critical period of her whole existence and every woman who neglects the care of her health at this time invites disease and pain. When her system is in a deranged condition or she is predisposed to apoplexy or congestion of any organ, the tendency is at this period likely to become active and with a host of pervous irritations make life a burden. At this time also cancers and tumors are more liable to form and begin their destructive work. Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, melancholia, dread of impending evil, palpitation of the heart, irregularities, constipation and dizzi-ness are promptly heeded by intel-

I had made up my mind there was no help for me until I began to use Lydia E. Pinkham's Vegetable Compound, my bad symptoms ceased, and it brought me safely through the danger period, built up my system and I am in excellent health. I consider Lydia E. Pinkham's Vegetable Compound unsurpassed for women during this trying period of life."

Dear Mrs. Finkham:—
"After suffering untold misery for three years during Change of Life I heard of Lydia E. Pinkham's Vegetable Compound. I wrote you of my condition, and began to take Lydia E. Pinkham's Vegetable Compound and followed your advice, and to-day I am well and happy. I can now walk anywhere and work as well as anyone, and for years previous I had tried but could not get around without help. I consider your medicine a sovereign balm for suffering women."
