The following counties were raised: Adams, Antelope, Boone, Boyd, Brown, Buffalo, Burnett, Cass, Cheyenne, Colfax, Cuming, DeWitt, Dixon, Dodge, Dundy, Fillmore, Franklin, Frontier, Furness, Garfield, Grant, Greeley, Hamilton, Harlan, Holt, Kearney, Keith, Kimball, Lincoln, Logan, Madison, Marshall, McPherson, Nemaha, Nelso, Otoe, Pawnee, Phelps, Pierce, Platte, Polk, Red Willow, Richardson, Rock, Saline, Saunders, Scott's Bluff, Sherman, Stanton, Thayer, Thurston, Valley, Washington, Wayne, Webster, Wheeler, York.

State Auditor DeBrie's semi-annual report to the governor shows that the interest-bearing debt of the state was \$1,956,671.31 December 1, 1906, and that it was \$1,133,344.31 June 1, 1907. This decrease of \$823,327.00, which is the largest in the history of the state, is due to the fact that the legislature has appropriated more than enough to pay the interest on the debt during the year, and that the state has been able to pay off the principal of the debt during the year.

LABORERS IN DEMAND

HERMAN, Neb., June 7.—(Special.)—The scarcity of labor at this place is something surprising. If there is a tramp his town the farmer is right on his trail. There are dozens of farmers who want hands, and want them now. They are unable to get any one who is willing to work. The Crowell company had a car of coal to unload, and the car has been on the sidetrack for four days now and they have been unable to get anyone to touch it until today, when they got about half a dozen small boys to work at it. Two tramps started the job, but worked the manager for their supper and skipped.

WATERTOWN BOY KILLED.

WATERTOWN, S. D., June 7.—(Special.)—Bert Clement, Jr., son of B. L. Clement, proprietor of a restaurant in the city, was killed here yesterday. Mr. Clement was employed in the offices of the Mississippi & St. Louis in this city, but offered to take the place in the yards of the yard switchman who was sick. Ten minutes later his body was out in town. It happened while the crew was shunting some cars. As the head car reached a curve it jumped the track and bumped along on the ties, urged on by the heavy train back of it. Young Clement realized his danger on top of the car and jumped, but before he could regain his feet the runaway car caught him and crushed him beneath its wheels. His arm struck the elevator, returned and passed over the body a second time.

DISTRICT REBEKAH CONVENTION

Over Two Hundred Members Attend Meeting at Red Cloud.

RED CLOUD, Neb., June 7.—(Special.)—Yesterday afternoon and evening something over 200 Rebekahs were gathered in convention at the Masonic hall. The occasion was the twenty-ninth district meeting of the Rebekah degree, Independent Order Odd Fellows. The display was made of the business houses were decorated in pink and green, the colors of the order, and every effort was made by the membership here to entertain the visitors, who came from Nelson, Superior, Guide Rock, Franklin and Republican City.

During the evening session some fine staff work was done by the team from Guide Rock, which formed in its march the letters Rebekah, I. O. O. F.

The initiatory work was in charge of the Superior team, which gave the new Pomona, Cal., drill, and robed in rich, new regalia made a most splendid showing. Regular candidates were initiated.

Mrs. Talbot, president of the State Rebekah assembly of Lincoln, was present and occupied the chair. She also gave an address which furnished much entertainment and inspiration to the meeting. After a short musical program a banquet was served in the dining hall.

CHADRON ACADEMY COMMENCEMENT.

CHADRON, Neb., June 7.—(Special.)—This week is commencement at the Chadron academy. The baccalaureate service was delivered by Rev. G. W. Mitchell of the First Congregational church. The annual address to the students was by Rev. A. Chappell of the Methodist Episcopal church. The alumni banquet was held at the opera house, instead of a hotel, as heretofore, and was a pleasing innovation. The diplomas were read by Principal E. R. Burke. Trustees from abroad in attendance were Rev. Gray of Cheyenne, Wyo.; Minnie Sutton, Edith White and William Wellington. The address given then was by Hon. L. O. Pierson of Theoford.

The academy has just passed the best year of its existence—being about \$20 to the good. A fund is already gathered to build a new dormitory, which is very much needed, the present accommodations not being large enough to room even one-half of the students in attendance, while a still larger number are expected for the coming year.

STELLA, Neb. June 7.—(Special.)

A letter has been received from former Missouri Pacific Agent Vance, now located in Texas, telling of the accidental death of his son Frank on last Saturday by being thrown from a horse on which he was riding to town. The deceased was 12 years of age and had his neck broken from the fall.

CLARK PURCHASES NEW MINE

Million and Half Deal in Property in Copper Mountain District of Wyoming.

SHOSHONI, Wyo., June 7.—(Special.)—The biggest mining deal ever consummated in Wyoming has just been closed and \$1,500,000 will be paid over in a few days. Senator W. A. Clark, the Montana copper king, is the purchaser, through his agent, Angus McQueen, and the fortunate miners are the owners of the famous Williams-Luhman group of copper-gold mines in the Copper mountain district near here.

Several weeks ago representatives of the district visited the Copper mountain district a visit. They were particularly struck with the properties of the Williams-Luhman company, and after making an exhaustive and expert examination, the representatives of Mr. Clark offered \$1,500,000 for the ground. The offer was flatly refused, the owners stating they would not take less than \$2,000,000. They are experienced men and realized they had a bonanza. Finally they compromised on \$1,500,000 and certain concessions.

Angus McQueen is authority for the statement that the deal has been made and that it will be closed in a few days. It is announced that the property will be developed on a large scale by the new owners, and that soon a second United Verde will be turning out large quantities of copper and gold.
