BULLET STRIKES HIM IN NECK

"Doc" Beverly, Who shot Walter Gleaves During Quarrel Over Card Game, Captured After an Exciting Chase.

Fred Pepple shot better than he thought in his battle with holdup men Saturday night. One of his assailants, severely wounded, was located and arrested at 1:10 a. m. Sunday morning. His name was Charles Frice. He was a negro who, after being shot, ran to the home of Tom Ross at Twenty-eighth and T streets. Leese Edwards, colored, was arrested in Council Bluffs last night charged with being another of the men implicated in the hold-up. There is said to be still another who has not yet been arrested.

"Doc" Beverly Captured.

Elefeldor and Marshall Bennet of Fort Crook captured "Doc" Johnson, alias "Doc" Beverly, on the bottoms of the Pappio near the fort yesterday afternoon. Beverly is the man who shot Walter Gleaves through the hips Saturday night after a quarrel over a game of cards at Twenty-sixth and P streets. The story of the chase was rather exciting. Elsfelder, who had trailed the negro to the fort, caught sight of him as he was entering a store. The negro also saw the officer and attempted escape. He went into the back yard where there was a high board fence over which he climbed. He was seen running away and Elsfelder pursued. As the officer closed, in Johnson drew a large revolver and warned Hank that he would kill him if he came any nearer. He was then about fifty yards distant. The officer's gun was a small one and he hesitated to take chances, but ran to the store and got a rifle. He then chased rushed the officers and attempted to wrest the negro around a willow patch where a rifle expert who was in the chase tried to wing the negro, who was 300 yards distant, headed for a big weed patch on the banks of the Papplo. About eight shots were fired. The negro gained the weeds unhurt, and the searching party ran for the bridge of the Pappio, and a messenger was dispatched, for the marshall. The marshall approached from the upper side of the weeds and rode through on a horse. They saw the negro put up his head and at once took a shot at it. The fellow dropped to the ground and as the officer continued to fire he put up both his hands above the woeds as a sign of surrender. He was brought to South Omaha and landed in The negro he shot is suffering intense pain at the hospital and he may not recover from his injuries.

of Merchandise Reported-Scott County Has Money and Credits.

(From a Staff Correspondent). DES MOINES, Ia., July 30.-(Special.)-Reports to the state auditor from the county auditors as to the value of personal property of various kinds in the va-

rious counties of the state disclose some interesting situations. For instance, the moneys and credits reported by Scott county in 1905 were \$6,927,000 and in 1907 were \$7,043,220, while in Polk county in 1906 the moneys and credits reported were \$4,931,870 and in 1907 only \$8,932,532. Furthermore the corporation stock turned into ... 2 11 27 1 Totale 0 4 27 1 the assessor in Scott county in 1906 was \$8,834,300 and in 1907 \$9,430,400, while in Polk county the stock turned in in 1901 was \$2,922,686 and in 1907 \$3,220,691. Des Moines seems to have enjoyed as much prosperity as Davenport and it might ordinarily seem that its moneys and credits ought to increase rather than diminish.

The figures seem to show there are more rich people in Davenport than any other county of the state. The reports thus far

to the state auditor cover every county but seven. The county auditors of Appanoose, Black Hawk, Calhoun, Dubuque, Guthrie, Lucas and Pocahontas have not reported. On these reports the executive council acts as an equalizing board to equalize the assessment, but the council does practically nothing with the personal property in the line of moneys and credits and

corporation stock. For personal property other than live stock Davenport leads the race in Iowa on the total footings. Its personal property other than live stock is valued at \$19,770,352 and Polk comes next with \$14.-453,276. The wealthiest counties of the state given in their order are:

WIND, CLASSIC MUSIC SOL.

Weather Elements Do Not Mar Things Out at Hanscom Park.

The mercury got up to 91 yesterday afternoon and the wind seared to 191, in spots. The spot of its greatest activity was out at Vinton street bassball park, from all

accounts. It was rather pernicious down in the business sections of the city, too, but out in the west end it was just strong enough to afford a very agreeable breeze.

But, as the Oldest Inhabitant remarked to the Careful Observer, "It's an ill wind that blows nobody good." And so it was in this case; this wind had the gratifying effect of blowing the temperature down from the 90s to the 70s.

But the wind and sun did not prevent 1.00 plus persons from leaving their prosperous homes and going out to Hanscom park to hear Major George Green and his Hwiss band fill the air with joyful sounds. "It's the biggest crowd yet," observed
