

WILL RESUME WORK

Strike of Garbage Collectors at New York Ends.

RELY ON MAYOR'S PROMISE

Executive Agrees to Take Up Their Grievances at Once.

STREETS FILLED WITH FILTH

Epidemic Would Result if Relief Had Not Come

TROUBLE WITH ICE HANDLERS

Small Riot Takes Place When Attempt is Made to Start Wagons with Nonunion Drivers.

NEW YORK, July 1.—The strike of the garbage collectors is over and the fears of a serious epidemic as the result of the conditions which have existed for the last week are at rest.

A committee representing the striking drivers conferred with Mayor McCellan today. He promised that if they would return to work he would take up their grievances. Later the committee announced that they had decided to send the men back to work, trying to the mayor's promise. It was also announced that the men will work overtime until the accumulation of garbage in the streets had been removed. It is expected that most of the strikers will return to work tomorrow morning.

Police Commissioner William Dugan was seriously injured by the explosion of what the police believe was a bomb while escorting two carts in One Hundred and Sixteenth street late today. The sergeant was blown several feet. He was taken to a hospital, suffering from shock and lacerations.

Several of the drivers were badly beaten by strike sympathizers before they could be rescued by the police.

On the East Side streets condition tonight are unbearable. The return of hot weather has added to the seriousness of the situation. In places the heaps of garbage fill the streets and traffic is interfered with. Attempts to dispose of the accumulation by burying have been largely unsuccessful.

But it is not alone the East Side that suffers. The entire city tonight is affected by odors. The health department is still struggling to make some impression on the mountainous heaps of refuse, but even if the full force returns to work tomorrow it will require several days of hard labor before normal conditions are restored.

Trouble with Ice Men.

Police reserves were called to quell several street disorders early today, when the American Ice company made an effort to break the strike of the delivery wagon drivers. The company hired several scores of strike breakers and issued an ultimatum that if the strikers did not return to work today the new men would be put in their places. When the men refused to return to work, the company's men on the East river early today a crowd of men set upon the drivers, using clubs and bricks. The police charged the crowd, when they fell back. Two policemen were then assigned to each wagon to prevent disorder at the company pier, where the ice is discharged from the boats. A score of men set upon a driver, but were beaten off by the police. One hundred and fifty police reserves have been detailed to prevent disorder at the company pier, where the ice is discharged from the boats.

Brooklyn agents of the company said that they had sent out about 200 ice wagons today in place of the 300 usually in service in that borough, some of them manned by old employees and others by special-breakers. One of the wagons on which the driver was accompanied by a crowd of 100 persons in Washington street, Brooklyn. The driver was hit by one of the stones and the policeman attempted to disperse the crowd but failed and was compelled to retreat. The crowd pursued it for a mile until checked by police reinforcements.

The longshoremen of the Cunard pier struck yesterday when the steamship Umbria arrived to force the company to pay them 50 cents instead of 40 cents an hour for Sunday work, returned to work today. Their demand was not granted. Chairman Conners of the Longshoremen's union said today that he was at a loss to explain the reason for the men's discontent. Longshoremen and the union did not countenance the strike.

ALBANY, N. Y., July 1.—A strike on the lines of the United Tractor company is threatened. The employees of the Troy and Albany division at meetings today voted to reject the offer made by the company of a flat rate of twenty-four cents an hour, their demand being 27 1/2 cents. A conference was held between a committee representing the company and a joint committee representing the employees of the two divisions.

At the conclusion of the meetings it was voted to strike at once and for half an hour no cars were operated in either Albany or Troy. Arrangements were made for a conference with the officials of the company which is now in progress and the men returned to work. The cars are running as usual.

At the conference it was agreed to submit the question of wages to arbitration.

CHICAGO, July 1.—Nearly 7,000 men employed on the street car lines and elevated roads of Chicago received an advance in wages today from 7 to 10 per cent. All Union traction employees on north and west sides of the city are included in the increase. The elevated men on four elevated systems also profit by the raise. The total number of carmen who have been the recipients of financial favors by the corporations since May 1 is 10,000.

EL PASO, Tex., July 1.—The American Smelting and Refining company today voluntarily raised all employees' wages from 5 to 10 per cent.

LEWISBURG, Pa., July 1.—A conference of the professors of the German Evangelical Lutheran synod of Missouri, which embraces the United States, British possessions in America and Brazil, convened in this city today with about sixty foreign ministers of The Netherlands. Introduced the delegates to her majesty, who exchanged a few words with each of them.

SUMMARY OF THE BEE

Tuesday, July 2, 1917.

Table with columns for 1907 and 1917, and rows for Sun, Mon, Tue, Wed, Thu, Fri, Sat.

THE WEATHER. FORECAST FOR NEBRASKA—Fair and warmer Tuesday, Wednesday fair, and warmer in west portion. Wednesday fair.

DOMESTIC.

Garbage collectors in New York agree to return to work pending consideration of their grievances by Mayor McCellan and fear of an epidemic due to filth in streets at an end.

Colonel and Mrs. French, heads of the Pacific coast Salvation army, will spend the remainder of their lives working among the lepers.

San Francisco officials of telegraph companies say the strike is over, while President Small of the Telegraphers' union says it has only begun.

Secretary Taft declares that his plans for Cuba has not changed.

Official report from Canal zone indicates that there is no friction among the details there.

Largest amount in bank notes in history of the country is in circulation at the present time.

Call money reaches another high point during Monday's trading.

Indian uprising is feared at Fort McDowell, Ariz.

Government officials make determined effort to serve subpoena upon John D. Rockefeller.

McKin & Co. prominent Baltimore brokerage firm, fails.

Reports of operatives of the Pinkerton detective agency are read in the Haywood murder trial showing that agents were among the ranks of the miners and seeking to influence their proceedings.

Judge Stafford in refusing certain instructions in Holmes' "cotton lack" case gave utterance to severe strictures upon Holmes' position in case.

War practice for the defense of the Narragansett coast has commenced.

Japanese threaten to boycott America, as they are convinced deep racial prejudice exists here.

Queen Wilhelmina receives heads of delegations to the peace conference at The Hague.

Bills passed by the last legislature which become effective on Friday. Quarrel between Iversman and whip peddler as Hamilton results in fatal shooting of the latter.

J. Ryder of Omaha nominated by governor as labor commissioner and J. C. Hutson as member of the State Board of Optometry.

LOCAL.

Customs receipts by the government for the first six months of the fiscal year show heavy gains locally and nationally.

Some timely advice on how to avoid and treat accidents from Fourth of July celebration given by experts.

Young Men's Christian association debt fund approaches the \$20,000-mark and renewed energy is displayed in the campaign.

Shimer & Chase apply to the county board for a franchise for an interurban railway from end of West Q street line to the Perry park, where industrial city will be established.

Omaha's gains for the first six months of a fiscal year in grain receipts and shipments that will make it greatest market.

Witness the out-of-door performance of "As You Like It" at Hanescom park.

Meeting and banquet of the McKinley club brings out a large number of candidates, who present their claims to the club membership.

Under opinion of its attorney, Board of Education decides it can take no part in the enforcement of the child labor law when the schools are not in session.

Fire and police commissioners adopt plan of Chief Salter for putting in effect the double shift for firemen.

SPORTS.

QUEEN RECEIVES DELEGATES

Joseph Choate and other principal men at The Hague Conference in audience.

STATUS OF WIRE STRIKE

'Frisco Telegraph Officials Say the Trouble is Over.

"ONLY BEGUN," SAYS SMALL

Operators' Leader Hints that Lightning Will Strike in Unexpected Places Soon—Companies Are Importing Men.

SAN FRANCISCO, July 1.—"The strike is over," said Superintendent Storer of the Postal Telegraph company today. "The strike is over," said Manager O'Brien of the Western Union office in the Ferry building. "The strike has just begun," said President Small of the Commercial Telegraphers' union. These three laconic statements show the divergent attitudes of the opposing parties and give a hint to their future action. Although the officials of both companies here in San Francisco are subordinates and could not of their own volition take any steps toward a settlement, it is not thought likely that any such steps will be taken while the local officials report that they are handling the business without unreasonable delay. The operators, on the other hand, state that they will carry on the fight even though the companies find a man for every key, and they declare they are prepared to stay out six months if necessary. Their leaders, however, say that they expect to win in much less time and President Small yesterday prophesied "the lightning would strike soon in unexpected places," but did not explain his remarks.

Manager O'Brien of the Western Union company said today that the situation showed decided improvement. He had opened five branch offices in this city. Several operators had returned to work and the company was taking on competent men who applied for positions.

Nonunion Operators Arrive.

The Santa Fe and Southern Pacific overland trains brought a number of nonunion operators from Chicago, Cincinnati, Omaha, Des Moines, Kansas City and other places and are expected to arrive within two or three days. Five operators of the Postal company arrived yesterday and reported at the office in the Ferry building. The men stated that they had been sent here for temporary work and would return to their regular positions as soon as operators could be engaged for the local offices.

The nonunion operators are being paid large bonuses for their work. The newcomers displayed an anxiety to avoid meeting the officers of the telegraphers' union, declaring that they did not wish to be recognized. Among the imported men were several chief operators from eastern cities. At the temporary main office of the Postal in the Ferry building, several men were at work yesterday as against the regular force of forty men. General Superintendent L. W. Storer of the Postal and Superintendent Miller of the Western Union, expressed themselves as satisfied with the situation. Superintendent Miller stated so far as the Western Union was concerned, the strike was ended. At the headquarters of the telegraphers' conference was expressed that the men would win eventually.

Disatisfaction at Reno.

RENO, Nev., July 1.—As the result of the action of Superintendent A. H. May in dismissing two operators in the Reno Western Union office last Friday, four show timely advice on how to avoid and treat accidents from Fourth of July celebration given by experts.

Young Men's Christian association debt fund approaches the \$20,000-mark and renewed energy is displayed in the campaign.

Shimer & Chase apply to the county board for a franchise for an interurban railway from end of West Q street line to the Perry park, where industrial city will be established.

WILL WORK AMONG LEPROS

Pacific Coast Head of Salvation Army, with Wife, Expects to Go to Molokai.

OAKLAND, Cal., July 1.—A sensation has been sprung here by the announcement that Mrs. Colonel French, wife of the Salvation Army commandant of the Pacific coast, has offered to go to the leper island of Molokai for mission work and has expressed willingness to consecrate her life to the cause. Colonel and Mrs. French have five children, ranging in ages from 16 to 9 years. Colonel French is absent in Honolulu at present on mission work connected with the Japanese and is also looking into arrangements for the opening of a leper mission. He shares his wife's desire to spend the remainder of his life with the lepers.

THEY MEET UPON THE LEVEL

Neither Contractor Nor Property Owner Can Recover Earthquake Loss from the Other.

SAN FRANCISCO, July 1.—An important legal point developed by the earthquake of a year ago was settled today when Judge Sewall decided that contractor and property owner were put on a level by the act of God and neither could recover from the other in cases of misfortune resulting from the earthquake.

NEW CONSTITUTION OF MINERS

Western Federation to Vote on Preamble Pledging Union to Socialism.

DENVER, July 1.—By a vote of 53 to 36 the convention of the Western Federation of Miners adopted a new preamble for the constitution and bylaws of the federation which in effect pledges all the members to socialism. It is the announced intention of the leaders of the federation to call a convention at Chicago for the purpose of the organization of an industrial and political party which will place a ticket in nomination at the next national election.

The Western Federation of Miners and the Brewery Workers' union, it is expected, will form the nucleus of the new national organization.

Before its final adoption the new preamble goes to the local union for a referendum vote. The preamble reads: "We hold that there is a class struggle in society and that the only method of attaining economic conditions of the producer to be that he is exploited of the wealth he produces, being allowed to retain the surplus for his necessities."

"We hold that the class struggle will continue until the producer is recognized as the sole owner of the wealth he produces. We assert that the working class and it alone can and must achieve its own emancipation."

"We hold, finally, that an industrial union and the concerted political action of all workers is the only method of attaining this end."

Therefore, we, the wage slaves employed in and around the mines, mills and smelters of the world, have associated ourselves in the Cripple Creek district into the mine workers' card system now in vogue there is abolished. The convention adopted the report.

A long discussion ensued as to whether the preamble proposed by the Cripple Creek local to probationary members should be recognized in other locals. The claim was made by delegates from Butte, Mont. and Goldfield, Nev., that many present federation members in Cripple Creek and Telluride, Colo., were former strike breakers.

The delegates voted the proposed amendment to the constitution admitting cooks, bartenders, dishwashers and such classes of laborers as are only indirectly connected with mining into the mining department of the Industrial Workers of the West Federation of Miners. This action was taken after a long debate by a close vote.

An amendment to the constitution was adopted whereby a two-thirds vote instead of three-quarters of the members of a local union shall be necessary before a strike is declared upon.

The feature of tomorrow's session will be the election of officers.

SEARCH FOR ROCKEFELLER

United States Marshal Chandler Pays Early Visit to Magistrate's Home.

CLEVELAND, July 1.—United States Marshal Chandler was an early visitor today at Forest Hill, the suburban home of John D. Rockefeller. Chandler, however, did not get farther than the gate at the entrance of the estate. Patrick Lynch, the gatekeeper, declared positively that Mr. Rockefeller was not at Forest Hill. A car was entered the gate about this time and the marshal stopped it long enough to inspect the occupants. Rockefeller was not in the vehicle, however, and it proceeded up to the Rockefeller residence as to whether he had a subpoena for Mr. Rockefeller, declined to discuss the subject.

From an authoritative source it was learned today that Mr. Rockefeller expected to spend the Fourth of July with his family at Forest Hill. He possibly will arrive tomorrow. A member of the household said today that when Mr. Rockefeller arrived it did not seem necessary for a process server, federal or state, to remain on duty. Mr. Rockefeller undoubtedly would not have his presence known to officials desiring to serve him with subpoenas.

NEW YORK, July 1.—Three Standard Oil officials, Charles M. Pratt, J. Q. Barstow and W. H. Hutchinson, were served with subpoenas today by United States Judge Landis at Chicago, July 1.

COURT SEVERE ON HOLMES

Judge Stafford Comments on Absence of Important Witnesses from Stand.

WASHINGTON, July 1.—In refusing some of the prayers in behalf of Former Associate Statistician Holmes of the Department of Agriculture, for certain instructions to the jury in his trial on the charge of betraying the secrets of the department, Judge Stafford today took occasion to say that he would instruct the jury to the effect that Holmes should have produced Frederick A. Peckham and Moses Haas to testify in his behalf. He said the fact that the two men are themselves under indictment would not preclude the possibility of their appearance. They were the two persons in all the world who could testify whether or not the charge of conspiracy was true. If the charge was true and the Holmes' statement was founded on fact they would not imperil their own freedom in appearing in court and corroborating Holmes' testimony. If, on the other hand, the charges against him were true they could protect themselves by refusing to testify on the ground of self-incrimination. He concluded that if Holmes had desired the testimony of Peckham and Haas he could have compelled them to take the stand. He asserted it would have been perfectly competent for the department, Theodore H. Friles, the New York cotton broker, whose name has so frequently mentioned in the testimony.

FEAR AN INDIAN UPRISING

Troops at Fort Apache, Ariz., May Be Sent to Fort McDowell.

EL PASO, Tex., July 1.—Troops at Fort Apache, Ariz., it is announced, have been ordered to be in readiness to proceed to Fort McDowell, Ariz., where it is said an outbreak of Indians is feared as a result of the killing of Austin Wavajo, an Apache last Saturday by W. J. Gill, substitute agent at McDowell, who claims to have shot the Indian in self-defense.

It is not safe for any Indian friends of the reservation. He called upon Sheriff Hayden at Phoenix for protection and Hayden, with five deputies, has gone to the reservation.

NO FRICTION ON CANAL ZONE

War Department Receives Cablegram Setting at Rest Rumors of Trouble There.

WASHINGTON, July 1.—What would appear to be a conclusive contradiction of the reports recently published in this country to the effect that the army officers engaged in the work of constructing the Panama canal are endeavoring to be relieved of that task is contained in the following cablegram received by the War department today from Panama: "Everything going well and harmoniously. Report of dissatisfaction and desire to withdraw absolutely false. SIGNED: GOETHALS."

RECORD FOR BANK NOTES

Government Has Largest Sum Outstanding in History of Currency Department.

WASHINGTON, July 1.—The monthly statement of the comptroller of the currency shows that at the close of business June 29, 1917, the total circulation of national bank notes was \$202,789,670, which is the largest amount of circulation outstanding in the history of the government. The gain for the month was \$1,848,140 and for the year \$42,678,330.

CALL MONEY AT HIGH POINT

Thirteen Per Cent Asked in Afternoon—Highest Point in Months.

NEW YORK, July 1.—Call money, which opened at 9 per cent today, was loaned at 13 per cent in the afternoon. This rate was the highest reached for some months and is believed to be caused by the July dividend and interest disbursements.

OMAHA TO FRONT IN GRAIN

City Makes Phenomenal Increase in Receipts and Shipments

RATE WILL MAKE IT GREATEST

Total Receipts for Six Months Over Twenty-One Million Bushels, Which is a Big Gain Over Last Year.

A phenomenal increase in receipts and shipments of grain is shown by the semi-annual report of the Omaha Grain exchange issued Monday. The increase is of a size which, if continued a few years longer, will make Omaha the leading market for grain shipments.

For the first six months of this year, the total receipts at Omaha were 21,300,000 bushels as compared with 19,019,100 bushels for the same period last year. The total shipments for the first six months of this year were 24,240,000 bushels as compared with only 19,383,900 bushels last year. These figures include wheat, corn, oats, rye and barley.

The business for the month of June alone shows a great increase over the business during that month last year. In June of this year the receipts were 3,200,000 bushels compared with 2,108,200 bushels during June last year. The shipments were 4,138,500 bushels during June of this year and only 2,448,000 during June last year.

The traffic in wheat shows the most remarkable increase. Shipments of wheat increased from 210,000 bushels in June, 1916 to 664,000 bushels in June, 1917. Shipments of wheat for the first six months of 1917 were 3,200,000 compared with 1,400,000 for the same period last year.

For the first six months the receipts of oats increased from 4,881,000 in 1916 to 6,187,000 in 1917. Shipments of oats increased from 5,532,800 bushels in 1916 to 7,717,500 bushels in 1917.

Receipts of corn fell off slightly but shipments increased from 11,929,400 bushels for the first six months of 1916 to 13,522,000 bushels for the corresponding period in 1917.

RECEIVER FOR BANKING FIRM

McKin & Co. of Baltimore Forced to Close, Holding Too Much Real Estate.

BALTIMORE, July 1.—The banking and brokerage house of McKin & Co., 122 E. Baltimore street, was closed today in the hands of Morris Howard as receiver today. Mr. Howard said he could not as yet give any figures as to the liabilities, etc. Mr. Howard gave bonds for \$300,000 which would seem to indicate that the liabilities were half that amount. Withdrawals of deposits and poor business, coupled with the desire of Hollins McKim, the chief partner, who is getting along in years, to retire from active business, were given as the reason for the action. Receiver Howard issued a statement in which he said: "The business of the firm was not a success. The move was not an antagonistic one, but was made by the firm's associates and with the full consent of Mr. Hollins McKim. It is his capital that is really involved. In addition to the depressed conditions now prevailing in the financial world, this bank had the handicap of having a large part of its capital locked up in real estate. This kind of capital is, of course, not readily available. Some of it is very valuable and it is hoped that it can be marketed and the affairs of the concern can be speedily liquidated."

The house was established in 1852. It is composed of present of Hollins McKim, E. A. Betworth and S. Sterrett McKim. The assignment of the firm created considerable sentiment because of its old established character, but in banking circles it was not regarded as showing weakness in any other quarter. The concern has not embarked in any large new enterprise for several years, it was said. It was set forth in the petition for a receiver that the firm's capital is largely invested in real estate in Baltimore city and county, some of which is unimproved and could not be readily realized upon.

CHARGE AGAINST POLICE

Former Kansas City Officials Accused of Planning Conspiracy.

KANSAS CITY, July 1.—Edward Meegan, formerly of Camden, Mo., testified before the Board of Fire and Police Commissioners today, charged ex-Police Detective Brannon with having arranged a plot that resulted in Meegan being robbed of \$5,000 in cash.

Sheriff John T. Hornes of Tarrant county, Texas, testified that at least one and possibly another Kansas City detective warned the men before they had robbed Meegan of the coming of the Texas sheriff for their own charge and they were hidden out until the sheriff was induced by the detectives to leave town. Hornes said he was told by a Kansas City detective that the men had fled to Colorado and he and his chief deputy were induced to go there to look for them. Hornes testified today that one of the robbers told him Brannon was to get \$1,000.

PLANS FOR CUBA WAGED

Secretary Taft Sends Cablegram to Governor Magoon Outlining His Views.

WASHINGTON, July 1.—Secretary Taft today threw additional light upon his views respecting the American evacuation of Cuba by sending the following cablegram to Governor Magoon at Havana: "I am in receipt of a telegram from General Loynaz Castillo as to something I regarded as showing weakness in the restoration of Cuba to the public. The plan for the devolution of the government of the island to the people to be effected by a fair election as outlined in my letter to you has not been abandoned. The election will be held at the earliest date which can be worked out, due to the doubt as to the time in which the return of the island is a mere matter of opinion. Please advise General Castillo accordingly. TAFT."

MEN CAUGHT UNDER TRAIN

They Take Refuge Under Cars to Escape Storm and Are Crushed.

YOUNGSTOWN, O., July 1.—Milton Stambaugh was killed and a dozen others injured, some seriously, by being run over by a train of cars at the Ohio works of the Carnegie Steel company about noon today. During a heavy rainstorm the men took shelter under a train of cars. A switching engine working in the yard backed into the cars and the gang was terribly crushed. Stambaugh was an ex-member of the Board of Education.

TWO OMAHA MEN APPOINTED

John J. Ryder Named as Labor Commissioner and J. C. Hutson as Optometry Board.

(From a Staff Correspondent.) LINCOLN, Neb., July 1.—(Special Telegram.)—James C. Hutson of Omaha was today appointed by Governor Sheldon as a member of the newly created board of optometry, to serve one year.

Colonel John J. Ryder was this afternoon appointed deputy commissioner of Labor to succeed Don C. Despain, who sometime ago resigned to go into business for himself as manager of a company in which he is interested. Mr. Ryder is present clerk to the Board of County Commissioners of Douglas county. He is expected to report at Lincoln at once and go to work with the accent on the work.

Mr. Ryder is clerk of the Board of County Commissioners of Douglas county, which office he has held for considerably over a year. In this position he has made a strong record. He is one of the hustling young republicans of Omaha and Douglas county. Prior to coming to Nebraska Mr. Ryder, years ago served in different capacities in legislatures of Minnesota, his last service being a member of the senate. He has had a great deal of practical experience calculated to fit him for the position to which he has been appointed. He is also a member of Omaha Typographical union, No. 119.

"I have received no official announcement of my appointment," said Mr. Ryder last night when advised of his appointment, "but I presume there is no reason why I should not accept the place."

DOUBLE SHIFT FOR FIREMEN

Board Adopts Plans Submitted by Chief Salter Requiring Twenty-One Men.

The Board of Fire and Police Commissioners adopted the plans submitted by Chief Salter at an adjourned meeting Monday afternoon for putting in force the firemen's double shift system. The plan requires the service of twenty-one additional firemen, and as soon as the board can select them the new system will be adopted. At the regular meeting of the board Monday night eleven men were put on the list of men to be selected. An adjourned meeting to be held Wednesday night at 7:30 o'clock applicants will again be examined and ten more men chosen. Those selected by the board Monday night are Robert A. Ware, Fred A. Fitzpatrick, Arthur Smith, General South, William A. Wagner, H. R. Werley, Joseph O'Neill, C. F. Getzschmann, Harry Gavin, G. A. Hood and M. A. Pilgrim.

Charges were preferred against Charles Eason, one of the newly appointed policemen, for taking things to easily and sleeping on duty. His case will be heard next Monday night.

The resignation of Patrolman George Horn was accepted.
