Union Pacific Traffic. Recent compilation of figures shows the Union Pacific has handled 4,803,684 people during the last year. It also shows that the same read has moved 13,000,000 tons of freight. During the last few years Harriman has spent \$110,000,000 on improvements on the roadways, new equipment, new lines, terminal properties and other betterments and the benefits are shown by the increase of business since 1889 or during the last seven years. The figures show an increase of 66 per cent and of passenger business of more than 88 per cent. Efficiency in operation as well as increase in size of equipment is shown in the ton miles per freight car, which in 1809 was 101,408 and in 1907 236,483. The Union Pacific is also the leading road in the United States for car movement, which shows efficient management The Union Pacific has an average of 8,861 and all the other roads of the United States have an average of 5,820.
