President of Western Union Cancels Order to Accept Business Subject to Delay-Says All Matters Are in Fine Shape.

SAN FRANCISCO, July 2.-It is announced that President Small of the Commercial Telegraphers' Union of America last night extended the strike of the telegraphers by ordering out the operators of the Western Union and Postal companies in another city to help out the men on strike in this city and Oakland. Small would not say where the strike had been called and for the present will not disclose the location until the message reaches

Orders for the extension of the strike, it is declared, were mailed by Small last night. It is believed by many of the operators that either Portland, Los Angeles or Seattle will be the scene of the next walkout, while some declare that the men in Chicago, regarded as the key to the telegraph situation of the entire country, have

been ordered out. The pickets of the telegraphers have been notified by President Small to look for J. T.
